## Product Description

### Pre-Sales Consultation Party Marquee Tent Engineering Service for European Projects

A successful European marquee installation starts long before the first profile arrives. Our comprehensive pre-sales consultation provides professional engineering support from inquiry through installation. 100% first-time permit approval rate across 30+ European projects.

#### European Project Consultation Process

Phase	Service	Timeline
1. Inquiry	Share event type, site location, capacity, budget	Day 1
2. Site Survey	Analyze photos, dimensions, ground conditions, access	Day 1-2
3. Engineering	Wind/snow load calculations per local building code	Day 2-4
4. Visualization	Detailed 3D renderings in proposed location	Day 4-5
5. Permit Package	PE stamped calculations, material certs, fire certs	Day 5-6
6. Proposal	Complete quotation with full specification	Day 6-7

#### Why European Clients Choose Our Consultation

100% first-time permit approval rate: complete documentation package for any EU municipality

Average 15% cost savings through optimized structural design and right-sized specification

30% faster project completion versus self-specified purchases

Multilingual team: English, French, German, Spanish, Italian

Projects managed from 25sqm garden tents to 3000sqm exhibition complexes

#### Frequently Asked Questions

**Q: Is the consultation service really free with no obligation?**

A: Yes. We provide the full consultation package at no cost and with no purchase obligation. We believe our engineering expertise and service quality will earn your business.

**Q: Can you handle permit applications for my specific European country?**

A: Yes. We have experience with permit requirements in Germany (Baugenehmigung), France (Declaration Prealable), UK (Building Regulations), Netherlands (Omgevingsvergunning), and other EU countries. Our PE stamped calculations are accepted across the EU.
