

Heavy Duty Aluminum Frame Party Marquee Tent Wind Resistant Construction Australian Outdoor Events 100kmh Rated

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ECO TENT
- Certification: TUV Rheinland, ISO 9001:2015, DIN 4102 B1, NFPA 701
- Model Number: ET-HD-WR100
- Minimum Order Quantity: 10 Sets
- Price: USD 1200-3500 / Set
- Packaging Details: Reinforced aluminum frame in foam-wrapped bundles; heavy PVC fabric in industrial woven bags; steel connectors in labeled cartons; on fumigated plywood pallets
- Delivery Time: 15-25 Days Production, 15-20 Days Sea Freight to Australia
- Payment Terms: T/T, L/C at sight, PayPal, Western Union
- Supply Ability: 300 Sets per Month

Product Specification

- Frame Material: Reinforced Aluminum Alloy 6061-T6
- Frame Tube: 64mm X 2mm Wall
- Roof Fabric: 900g/m² Heavy-Duty PVC
- Sidewall Fabric: 650g/m² PVC With Windows
- Wind Resistance: Up To 100km/h
- Snow Load: 15kg/m²
- Cross Bracing: Dual Steel Cable System
- Fire Certification: DIN 4102 B1/M2/NFPA 701
- Frame Warranty: 5 Years
- Fabric Warranty: 3 Years
- Highlight: **heavy duty aluminum party marquee tent, wind resistant outdoor party tent, Australian events marquee tent 100kmh rated**

Product Description

Product Description

Our **Heavy Duty Aluminum Frame Party Marquee Tent** is engineered specifically for the demanding Australian outdoor environment. Featuring a heavy-duty aluminum alloy frame, UV50+ rated PVC roof fabric, and robust wind-resistant design, this marquee tent delivers reliable performance for parties, weddings, corporate events, and outdoor exhibitions across Australia.

Key Features & Advantages

UV50+ Sun Protection: Premium PVC roof fabric blocks over 98% of harmful UV rays, perfect for the harsh Australian sun.
100% Waterproof Construction: Heat-sealed seams ensure complete rain protection, tested under tropical downpour conditions.

Aluminum Alloy 6061-T6 Frame: Lightweight yet strong, naturally rust and corrosion resistant for coastal Australian environments.

Wind-Resistant Engineering: Reinforced steel connectors and cross-bracing withstand gusts up to 80km/h when properly anchored.

Fire-Retardant PVC Fabric: Certified to DIN 4102 B1 and M2 fire safety standards.

Modular Expandable Design: Multiple tent units connect to create larger covered spaces.

Quick Assembly: Slip-fit connector design enables rapid setup in under 30 minutes.

TUV Certified Quality: Full certification covering materials, structural integrity, and safety compliance.

100km/h Wind Rated: Reinforced 64mm frame tubes, dual diagonal steel cable cross-bracing, heavy-duty ground anchors for Australian gusty conditions.

Australian Alpine Ready: 15kg/m² snow load capacity suitable for alpine regions and winter events.

Technical Specifications

Parameter	Specification
Frame Material	Reinforced Aluminum Alloy 6061-T6, Double Anodized
Frame Tube	64mm Diameter, 2mm Wall Thickness
Roof Fabric	900g/m ² Heavy-Duty PVC, UV Stabilized
Sidewall Fabric	650g/m ² PVC with Windows
Waterproof Rating	100% Waterproof, Double Heat-Sealed Seams
Wind Resistance	Up to 100km/h with Ground Anchors
Snow Load	15kg/m ² (Australian Alpine Ready)
Cross Bracing	Dual Diagonal Steel Cable System
Fire Certification	DIN 4102 B1 / M2 / NFPA 701
Connector	Heavy-Duty Galvanized Steel
Warranty	5 Years Frame / 3 Years Fabric

Production Process & Quality Control

Manufacturing Excellence

Our 15,000m² factory is equipped with advanced **CNC machining centers** for precision aluminum frame cutting and drilling, ensuring tolerances within 0.5mm. Production lines include:

CNC Aluminum Profile Cutting Machines

CNC Drilling & Tapping Centers

High-Frequency PVC Welding Machines

Automated Fabric Cutting Tables

Steel Connector Stamping Lines

Quality Control Journey

Incoming Material Inspection

In-Process QC Dimensional Checks

Frame Pre-Assembly Test

24-Hour Waterproof Spray Test

Wind Load Simulation Test

500-Hour UV Accelerated Aging Test

Final Inspection Before Shipment

Company Strength & Factory Overview

Industry Experience	10+ Years specializing in marquee tent manufacturing and export
Factory Size	15,000 m ² production facility with 3 dedicated assembly lines
Production Capacity	500+ Marquee Tents per Month
CNC Equipment	8 CNC Machining Centers for precision aluminum processing

Skilled Workforce	80+ employees including 12 QC specialists and 8 R&D engineers
Export Markets	Australia, New Zealand, Europe, Middle East, Southeast Asia, Africa
Annual Export Volume	3,000+ containers shipped globally

Certifications & Test Reports

Certificate	Scope	Validity
TUV Rheinland	Structural safety, material quality, load-bearing capacity	Valid
ISO 9001:2015	Quality Management System	Valid
DIN 4102 B1 / M2	Fire retardancy for PVC fabric materials	Valid
UV Aging Test Report	500-hour QUV accelerated aging	Available on request
Wind Load Test Report	Structural wind resistance up to 80km/h	Available on request
Waterproof Test Report	24-hour continuous water spray, zero leakage	Available on request

Packaging & Shipping

Frame Packaging	Aluminum frame sections wrapped in protective foam, packed in reinforced export cartons with plywood pallet
Fabric Packaging	PVC panels folded with protective interleaving in heavy-duty woven poly bags
Shipping Method	FCL/LCL sea freight to Sydney, Melbourne, Brisbane, Perth, Adelaide
Delivery Time	15-25 days production + 15-20 days sea freight to Australia

Pre-Sales Service

Free Consultation	Expert team helps select the right tent configuration for your events
Custom Design	CAD drawings, logo printing, and color customization available
Sample Service	Fabric swatches and aluminum samples shipped within 3 working days
Quotation	Detailed itemized quotation within 24 hours of inquiry
Virtual Factory Tour	Live video tour of production lines and QC processes

After-Sales Service & Warranty

Service Item	Details
Warranty Period	5-Year Comprehensive Warranty on aluminum frame against manufacturing defects
PVC Fabric Warranty	3-Year warranty on PVC fabric against UV degradation and waterproof failure
Spare Parts	Free replacement parts shipped within 7 days for warranty-covered defects
Technical Support	24/7 online support via email and video call; assembly guidance
Setup Training	Detailed assembly manual with step-by-step photos; video tutorial included
Replacement Guarantee	Defective components replaced free of charge including shipping

Frequently Asked Questions (FAQ)

Q1: Are these marquee tents suitable for Australian weather conditions?

A: Absolutely. Our tents are specifically designed with UV50+ rated fabric, aluminum alloy rust-resistant frames ideal for coastal areas, and wind resistance up to 80km/h. They have been exported to Australian clients for over 10 years.

Q2: Do you provide TUV certification documents?

A: Yes, we provide full TUV Rheinland certification reports covering structural safety, material quality, and load-bearing capacity.

Q3: What is included in the 5-year warranty?

A: Our 5-year warranty covers all aluminum frame structural components against manufacturing defects. PVC fabric is covered for 3 years. Free replacement parts are shipped within 7 days during warranty.

Q4: Can I customize the size, color, or add my logo?

A: Yes, we offer full customization — custom sizes, Pantone colors, and UV-resistant logo/branding printing on roof and

sidewalls.

Q5: What is the minimum order quantity (MOQ)?

A: Standard MOQ is 10 sets. For first-time Australian buyers, we accommodate trial orders of 5 sets.

Q6: How long does shipping take to Australia?

A: Production takes 15-25 days, sea freight to Australian ports takes 15-20 days. Total lead time is typically 30-45 days.

Q7: Do you provide assembly instructions?

A: Yes, every order includes a printed assembly manual with step-by-step photos and a video tutorial link.

Q8: Can I visit your factory?

A: We welcome Australian buyers to visit our factory in Guangdong, China. Virtual factory tours via video call are also available.

Q9: What payment terms do you accept?

A: We accept T/T (30% deposit, 70% balance before shipment), L/C at sight, PayPal, and Western Union.

Q10: Are spare parts available after purchase?

A: Yes, we maintain a comprehensive spare parts inventory with fast shipping to Australia.
