Certification	TUV SUD EN 13782, ISO 9001:2015, CE Marking
Warranty	5 Years on Frame, 3 Years on PVC Cover

Product Advantages & Selling Points

Luxury Dutch Event Standard

Premium 950g/m² lacquer-finish PVC and elegant interior drapes — the definitive choice for upscale Dutch weddings, gala dinners, and VIP corporate receptions.

Interior Elegance Included

Complete with pleated ceiling liner and side drapes that transform the interior into a sophisticated venue — no additional decoration rental needed.

Dutch Winter Certified

Engineered for year-round use including winter conditions — tested snow load capacity and cold-weather material performance for Netherlands climate.

Premium Flooring System

Optional interlocking hardwood-style floor panels create a complete luxury venue solution — perfect for Dutch wedding planners and high-end event organizers.

Full TUV EN 13782 Certified

The only party tent in its class with complete TUV SUD EN 13782 structural certification — mandatory for many Dutch municipality event permits.

Turnkey Venue Solution

Everything you need in one package — tent, liners, drapes, flooring, and lighting tracks — a complete luxury event venue shipped to Netherlands.

Production Process

Step 1

Raw Material Inspection

Step 2

CNC Precision Cutting

Step 3

Aluminum Welding & Assembly

Step 4

PVC Fabric Cutting & Welding

Step 5

Quality Inspection & Packing

⚙️ Advanced CNC Manufacturing Facility

Our state-of-the-art production facility is equipped with precision CNC machinery to ensure every component meets the highest standards:

CNC Cutting Machines	High-precision CNC aluminum profile cutting with ± 0.1 mm tolerance
CNC Bending Machines	Automatic CNC tube and profile bending for consistent frame geometry
CNC Drilling & Tapping	Multi-axis CNC drilling centers for precise hole positioning
High-Frequency PVC Welding	Industrial-grade PVC fabric welding machines for waterproof seams
Automated Powder Coating Line	Full automated coating line for durable, corrosion-resistant finish

5-Year Quality Warranty

All our party marquee tents come with a comprehensive 5-year warranty on the aluminum frame structure and a 3-year warranty on PVC fabric covers. We stand behind every product we manufacture.

10+ Years Industry Experience

Established in 2015, Tendars Tent Limited has over a decade of expertise in designing, manufacturing, and exporting high-quality tent solutions to over 50 countries worldwide.

TUV Certification & Test Reports

Certification / Test	Standard	Description
TUV SUD Certification	EN 13782 / DIN 4112	Full structural safety certification for temporary structures — recognized across EU including Netherlands
Wind Load Test Report	EN 1991-1-4 (Eurocode 1)	Verified wind resistance up to 100 km/h — suitable for Dutch coastal wind conditions
PVC Fabric Fire Rating	DIN 4102 B1 / NFPA 701	Flame retardant PVC fabric meeting EU fire safety standards for public events

Waterproof Test	ISO 811 / EN 20811	Hydrostatic pressure resistance > 2000mm — fully waterproof for Dutch rainy climate
ISO 9001:2015	Quality Management	Certified quality management system covering design, production, and after-sales service
CE Marking	EU Regulation	Full CE compliance for free circulation in the EU and Dutch market

Factory & Company Strength

5,000+ m²

Production Facility

50+ Skilled Workers

Experienced Team

50+ Countries

Global Export Reach

500+ Sets/Month

Production Capacity

Frequently Asked Questions (FAQ)

Q1: Is this tent suitable for luxury weddings in the Netherlands?

A: Absolutely. This is our flagship luxury model designed specifically for upscale events. The interior pleated ceiling liner, side drapes, and premium lacquer-finish PVC create an elegant atmosphere that Dutch couples and wedding planners love.

Q2: Does the TUV EN 13782 certification cover everything needed for Dutch permits?

A: Yes, the TUV SUD EN 13782 certification covers structural safety, wind load, and snow load calculations — meeting all requirements for temporary structure permits at Dutch municipalities including Amsterdam, Rotterdam, and Utrecht.

Q3: What is included in the luxury package?

A: Standard luxury package includes: aluminum frame, 950g/m² PVC roof, 750g/m² PVC sidewalls with French windows, pleated ceiling liner, side drapes, ground anchors, and assembly tools. Flooring, lighting, and glass walls are optional upgrades.

Q4: How does this tent handle Dutch winter events?

A: The tent is engineered for year-round use with tested snow load capacity and cold-rated materials (down to -25°C). The lacquer-finish PVC maintains flexibility in cold temperatures, and the aluminum frame is corrosion-resistant against winter moisture.

Q5: Can you provide references from Dutch clients?

A: Yes, we have supplied luxury party tents to event companies across the Netherlands. References and project photos are available upon request. Many of our Dutch clients have been repeat customers for over 5 years.

Contact us today for a customized quotation. Free 3D layout design included with every inquiry.
