

Clearspan Aluminum Party Marquee Tent Double Truss Frame for Spanish Festivals Fiestas Public Events

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: TUV SUD EN 13782, ISO 9001:2015, CE Marking
- Model Number: TD-PMT-CS01
- Minimum Order Quantity: 1 Set
- Price: USD 950-3000 / Set
- Packaging Details: Heavy-duty export pallet with frame components individually wrapped, PVC cover in protective bag, assembly tools included
- Delivery Time: 15-25 working days production, 25-30 days sea freight to Barcelona/Valencia
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 500 Sets per Month

Product Specification

- Frame Material: Reinforced 6061-T6 Aluminum Double-Truss
- Roof Cover: 850g/m² Rip-Stop PVC Reinforced
- Structure Type: Clearspan No Interior Poles
- Certification: TUV SUD EN 13782 Public Events
- Wind Resistance: Up To 100 Km/h
- Module Connection: Interconnectable End-to-End Side-by-Side
- Warranty: 5 Years Frame / 3 Years PVC
- Target Market: Spain Festivals & Public Events
- Highlight: **Clearspan aluminum party marquee tent, Double truss frame festival tent, Spanish fiestas public event tent**

Product Description

Engineered for the Spanish Market — TUV Certified, 5-Year Warranty, Premium Quality

Technical Specifications

Parameter	Specification
Frame Material	Reinforced 6061-T6 Aluminum Alloy, Double-Truss Arch Design
Roof Cover	850g/m ² Rip-Stop PVC with Reinforced Stress Points
Sidewall	650g/m ² PVC with Wide-Open Ground Bar Attachment
Structure Type	Clearspan Design — No Interior Poles, Maximum Usable Space
Crowd Capacity	High-Density Occupancy Rated for Public Events
Wind Resistance	Up to 100 km/h (EN 13782 Certified for Temporary Structures)
Certification	TUV SUD EN 13782, ISO 9001:2015, CE Marking
Warranty	5 Years Frame / 3 Years PVC Cover

Product Advantages & Selling Points

Spanish Fiesta Ready

Engineered for Spain's world-famous festivals — La Tomatina, San Fermin, Feria de Abril, and local fiestas. Clearspan design provides maximum unobstructed space for dancing, dining, and celebrations.

Clearspan Open Interior

No interior support poles — every square meter is usable space. Perfect for Spanish event layouts requiring flexible configuration for bars, stages, seating, and dance floors.

EN 13782 TUV Certified

Full TUV SUD EN 13782 certification for temporary public structures — meets all Spanish municipal requirements for event permits and public safety compliance.

Rapid Deployment Design

Modular frame system enables professional crews to set up a complete event tent in under 2 hours — ideal for Spanish event companies managing multiple festival dates.

Interconnectable Modules

Multiple units can be connected to create larger venues — perfect for Spanish street parties, food festivals, and multi-day cultural events requiring expandable spaces.

Spanish Event Compliance

Pre-approved structural calculations and certification package simplifies Spanish local authority permit applications for public gatherings and temporary event structures.

Production Process

Step 1

Raw Material Inspection

Step 2

CNC Precision Cutting

Step 3

Aluminum Welding & Assembly

Step 4

PVC Fabric Cutting & Welding

Step 5

Quality Inspection & Packing

⚙️ Advanced CNC Manufacturing Facility

Our state-of-the-art production facility is equipped with precision CNC machinery to ensure every component meets the highest standards:

CNC Cutting Machines	High-precision CNC aluminum profile cutting with ± 0.1 mm tolerance
CNC Bending Machines	Automatic CNC tube and profile bending for consistent frame geometry
CNC Drilling & Tapping	Multi-axis CNC drilling centers for precise hole positioning
High-Frequency PVC Welding	Industrial-grade PVC fabric welding machines for waterproof seams
Automated Powder Coating Line	Full automated coating line for durable, corrosion-resistant finish

5-Year Quality Warranty

All our party marquee tents come with a comprehensive 5-year warranty on the aluminum frame structure and a 3-year warranty on PVC fabric covers. We stand behind every product we manufacture.

10+ Years Industry Experience

Established in 2015, Tendars Tent Limited has over a decade of expertise in designing, manufacturing, and exporting high-quality tent solutions to over 50 countries worldwide.

TUV Certification & Test Reports

Certification / Test	Standard	Description
TUV SUD Certification	EN 13782 / DIN 4112	Full structural safety certification for temporary structures — recognized across EU including Spain
Wind Load Test Report	EN 1991-1-4 (Eurocode 1)	Verified wind resistance up to 100 km/h — suitable for Spanish coastal and inland conditions

PVC Fabric Fire Rating	DIN 4102 B1 / M2 (Spanish Norm)	Flame retardant PVC fabric meeting EU and Spanish fire safety standards for public events
UV Resistance Test	ISO 4892 / ASTM G154	Extended UV aging test — verified for intense Spanish summer sun exposure without degradation
ISO 9001:2015	Quality Management	Certified quality management system covering design, production, and after-sales service
CE Marking	EU Regulation	Full CE compliance for free circulation in the EU and Spanish market

Pre-Sale & After-Sale Service

Pre-Sale Services

Free 3D design & layout consultation

Custom size, color & branding options

Engineering calculation & wind load reports

Sample available for quality evaluation

Professional quotation within 24 hours (English / Spanish)

After-Sale Services

5-year structural frame warranty

Installation video guide & manual (EN/ES)

Spare parts dispatched within 7 days

Online/on-site technical support

24/7 customer service response

Factory & Company Strength

5,000+ m²

Production Facility

50+ Skilled Workers

Experienced Team

50+ Countries

Global Export Reach

500+ Sets/Month

Production Capacity

Frequently Asked Questions (FAQ)

Q1: Is this tent suitable for large Spanish festivals and public events?

A: Yes, this model is specifically designed for public events. It features a reinforced double-truss arch frame, clearspan interior (no poles), and full TUV SUD EN 13782 certification. It meets all safety requirements for temporary public structures at Spanish festivals like Feria de Abril, local fiestas, and music events.

Q2: How quickly can this tent be set up for a weekend festival?

A: With a professional crew of 4-5 people, a standard unit can be fully erected in approximately 2 hours. The modular bolt-together frame system is designed for efficient deployment, ideal for Spanish event companies with back-to-back weekend bookings.

Q3: Can multiple tents be connected for larger venues?

A: Absolutely. Our modular design allows seamless connection of multiple units end-to-end or side-by-side. Spanish event organizers frequently connect 3-5 units to create large festival halls, covered market spaces, or concert venues.

Q4: What documentation do you provide for Spanish event permits?

A: We provide a complete technical dossier including TUV SUD EN 13782 structural certificate, wind load calculations (Eurocode 1), fire safety certification (DIN 4102 B1), material data sheets, and assembly instructions — everything Spanish municipalities typically require for event permits.

Q5: Do you provide anchoring solutions for different Spanish ground types?

A: Yes, we offer multiple anchoring options: ground stakes for grass/soil (common in Spanish countryside festivals), weighted base plates for urban plazas and paved surfaces, and bolt-down plates for permanent or semi-permanent installations.

Contact us today for a customized quotation. Free 3D layout design included with every inquiry. ¡Hablamos español!
