## Product Advantages & Selling Points

### Spanish Wedding Perfection

Designed for Spain's world-renowned wedding industry — from rustic Catalan countryside celebrations to elegant Andalusian hacienda receptions. The all-white aesthetic creates a romantic blank canvas for any theme.

### Complete Interior Elegance

Includes pleated ceiling liner and flowing side drapes pre-installed — transforms the tent interior into a sophisticated ballroom without additional decoration rental costs.

### Integrated Lighting Ready

Built-in cable management channels along the frame allow easy installation of fairy lights, chandeliers, and uplighting — essential for Spanish evening weddings that continue until dawn.

### Cathedral Window Design

Elegant cathedral-style window panels on sidewalls create stunning photo opportunities and allow natural light during daytime ceremonies — a favorite among Spanish wedding photographers.

### Climate Comfort System

Optional sidewall configurations with mesh ventilation and solid panels allow temperature regulation — comfortable for afternoon Spanish weddings in any season.

### Bespoke Size Configuration

We manufacture to your exact venue dimensions — whether it is a Spanish castle courtyard, olive grove, vineyard, or beachfront setting, we ensure a perfect fit.

## Frequently Asked Questions (FAQ)

### Q1: Is this tent suitable for luxury weddings in Spain?

A: Absolutely. This is our premium wedding model, designed specifically for the high-end Spanish wedding market. The all-white electrophoretic frame, pleated ceiling liner, cathedral windows, and flowing drapes create an elegant venue that Spanish wedding planners and couples love — frequently used for destination weddings in Barcelona, Marbella, Mallorca, and Ibiza.

### Q2: Can the tent be customized for specific Spanish venues?

A: Yes, we specialize in bespoke sizing to match specific venue dimensions. Whether it is a historic Spanish finca courtyard, a vineyard in La Rioja, or a beachfront in Costa Brava, we manufacture to your exact specifications.

### Q3: What is included in the wedding package?

A: Standard wedding package includes: white aluminum frame, 950g/m<sup>2</sup> luxury PVC roof, 750g/m<sup>2</sup> PVC sidewalls with cathedral windows, pleated ceiling liner, side drapes, lighting cable channels, ground anchors, and assembly tools. Flooring panels are optional.

### Q4: How far in advance should we order for a Spanish wedding?

A: We recommend ordering 8-10 weeks before the wedding date. This allows 20-30 working days for production, 25-30 days for sea freight to Spain, plus time for setup and decoration preparation at the venue.

### Q5: Do you provide references from Spanish wedding clients?

A: Yes, we have supplied wedding tents to event companies and wedding planners across Spain. References and wedding setup photos from Spanish venues are available upon request.
