

Premium Hospitality Aluminum Party Marquee Tent Marine Grade Coating for Spanish Hotels Resorts Beach Clubs

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: TUV SUD, ISO 9001:2015, CE Marking, Marine Corrosion Tested 2000h
- Model Number: TD-PMT-HP01
- Minimum Order Quantity: 1 Set
- Price: USD 1300-4500 / Set
- Packaging Details: Premium export packaging with marine-grade protective wrapping, frame in custom foam-lined crates, PVC and glass panels individually crated
- Delivery Time: 20-30 working days production, 25-30 days sea freight to Barcelona/Valencia
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 500 Sets per Month

PREMIUM HOSPITALITY
ALUMINUM MARQUEE
SPANISH RIVIRA

Product Specification

- Frame Material: 6061-T6 Aluminum Marine-Grade Coating
- Roof Cover: 900g/m² Premium PVC Anti-Fade UV Treated
- Sidewall Option: Glass Panels / Clear PVC / Open-Air
- Wind Resistance: Up To 120 Km/h Enhanced Coastal Rating
- Salt Spray Resistance: 2000+ Hours Tested
- Design: Contemporary Curved Eaves Architectural
- Installation: Semi-Permanent / Permanent
- Warranty: 5 Years Frame / 3 Years PVC
- Target Market: Spain Hospitality & Tourism
- Highlight: **Premium aluminum party marquee tent, Hospitality marquee tent marine grade, Beach club party tent aluminum**

Product Description

Engineered for the Spanish Market — TUV Certified, 5-Year Warranty, Premium Quality

Technical Specifications

Parameter	Specification
Frame Material	6061-T6 Aluminum Alloy, Marine-Grade Anti-Corrosion Coating
Roof Cover	900g/m ² Premium PVC with Anti-Fade UV Treatment
Sidewall Options	Glass Wall Panels, Clear PVC Windows, or Open-Air Configuration
Design Style	Contemporary Architectural Profile, Curved Eaves Design
Flooring System	Premium Deck-Style Interlocking Floor Panels
Wind Resistance	Up to 120 km/h with Full Anchoring (Enhanced Coastal Rating)
Salt Spray Resistance	Marine-Grade Coating — 2000+ Hours Salt Spray Test Passed
Certification	TUV SUD, ISO 9001:2015, CE, Marine Corrosion Tested
Warranty	5 Years Frame / 3 Years PVC Cover

Product Advantages & Selling Points

Spanish Hospitality Grade

Purpose-built for Spain's world-leading tourism and hospitality sector — hotels, resorts, beach clubs, and restaurant groups seeking premium permanent outdoor structures that reflect Spanish design excellence.

Marine-Grade Coastal Protection

Specialized marine-grade anti-corrosion coating with 2000+ hours salt spray certification — the only choice for permanent installations at Spanish beachfront properties in Costa del Sol, Ibiza, and Canary Islands.

Semi-Permanent Installation

Engineered for 365-day outdoor use with enhanced wind resistance up to 120 km/h — suitable as a permanent hotel terrace extension, poolside pavilion, or resort event space.

Premium Glass Wall Option

Available with tempered glass wall panels for a luxury architectural appearance — creates an all-season usable space with panoramic views, perfect for Spanish resort dining and lounge areas.

Architectural Design Language

Contemporary curved eaves profile and premium finishes complement modern Spanish hotel and restaurant architecture — enhances property value rather than looking like a temporary structure.

Full Spanish Permit Support

Complete technical documentation package tailored for Spanish building regulations and hospitality permit requirements — from coastal authority approval to municipal licensing.

Production Process

Step 1

Raw Material Inspection

Step 2

CNC Precision Cutting

Step 3

Aluminum Welding & Assembly

Step 4

PVC Fabric Cutting & Welding

Step 5

Quality Inspection & Packing

⚙️ Advanced CNC Manufacturing Facility

Our state-of-the-art production facility is equipped with precision CNC machinery to ensure every component meets the highest standards:

CNC Cutting Machines	High-precision CNC aluminum profile cutting with ± 0.1 mm tolerance
CNC Bending Machines	Automatic CNC tube and profile bending for consistent frame geometry
CNC Drilling & Tapping	Multi-axis CNC drilling centers for precise hole positioning
High-Frequency PVC Welding	Industrial-grade PVC fabric welding machines for waterproof seams
Automated Powder Coating Line	Full automated coating line for durable, corrosion-resistant finish

5-Year Quality Warranty

All our party marquee tents come with a comprehensive 5-year warranty on the aluminum frame structure and a 3-year warranty on PVC fabric covers. We stand behind every product we manufacture.

10+ Years Industry Experience

Established in 2015, Tendars Tent Limited has over a decade of expertise in designing, manufacturing, and exporting high-quality tent solutions to over 50 countries worldwide.

TUV Certification & Test Reports

Certification / Test	Standard	Description
TUV SUD Certification	EN 13782 / DIN 4112	Full structural safety certification for temporary structures — recognized across EU including Spain
Wind Load Test Report	EN 1991-1-4 (Eurocode 1)	Verified wind resistance up to 100 km/h — suitable for Spanish coastal and inland conditions

PVC Fabric Fire Rating	DIN 4102 B1 / M2 (Spanish Norm)	Flame retardant PVC fabric meeting EU and Spanish fire safety standards for public events
UV Resistance Test	ISO 4892 / ASTM G154	Extended UV aging test — verified for intense Spanish summer sun exposure without degradation
ISO 9001:2015	Quality Management	Certified quality management system covering design, production, and after-sales service
CE Marking	EU Regulation	Full CE compliance for free circulation in the EU and Spanish market

Pre-Sale & After-Sale Service

Pre-Sale Services

Free 3D design & layout consultation

Custom size, color & branding options

Engineering calculation & wind load reports

Sample available for quality evaluation

Professional quotation within 24 hours (English / Spanish)

After-Sale Services

5-year structural frame warranty

Installation video guide & manual (EN/ES)

Spare parts dispatched within 7 days

Online/on-site technical support

24/7 customer service response

Factory & Company Strength

5,000+ m²

Production Facility

50+ Skilled Workers

Experienced Team

50+ Countries

Global Export Reach

500+ Sets/Month

Production Capacity

Frequently Asked Questions (FAQ)

Q1: Is this tent suitable for permanent installation at a Spanish hotel or resort?

A: Yes, this model is specifically engineered for semi-permanent and permanent installations. The marine-grade anti-corrosion coating, enhanced 120 km/h wind rating, and premium architectural design make it ideal for year-round use at Spanish hotels, resorts, and beach clubs.

Q2: How does the marine-grade coating protect against Spanish coastal conditions?

A: Our marine-grade coating has been tested to withstand 2000+ hours of accelerated salt spray testing — far exceeding standard coatings. This means the aluminum frame maintains its structural integrity and appearance even with constant exposure to Mediterranean and Atlantic sea air.

Q3: Can we get glass walls instead of PVC sidewalls?

A: Yes, we offer tempered glass wall panel options that create a luxury architectural appearance. These are perfect for Spanish resorts wanting panoramic sea views from their covered terrace restaurant or poolside lounge. Glass panels are safety-tempered and meet EU building standards.

Q4: What maintenance is required for permanent outdoor use in Spain?

A: Minimal maintenance is required. We recommend an annual inspection of frame connections and a bi-annual PVC cover cleaning with mild soap and water. The marine-grade coating provides long-term protection, and all components are designed for low-maintenance operation.

Q5: Do you offer installation services in Spain?

A: We can coordinate with local Spanish installation partners or provide a detailed installation manual and video guide in both English and Spanish. For large hospitality projects, we can arrange for our technical supervisor to oversee the installation on-site.

Contact us today for a customized quotation. Free 3D layout design included with every inquiry. ¡Hablamos español!
