Product Advantages & Selling Points

Belgian Wedding Excellence

Designed for Belgium's sophisticated wedding culture — from fairy-tale castle weddings in Wallonia to elegant garden receptions in Flanders. The all-white aesthetic creates a romantic, timeless atmosphere.

Complete Interior Elegance

Pre-installed pleated ceiling liner and flowing side drapes transform the interior into a luxurious ballroom — no additional decoration rental needed, saving Belgian wedding planners significant costs.

Chandelier-Ready Lighting

Integrated cable management channels allow easy installation of chandeliers, fairy lights, and uplighting — essential for Belgian evening wedding celebrations that continue late into the night.

Cathedral Window Design

Elegant cathedral-style window panels create stunning natural light effects and magnificent photo opportunities — a favorite feature among Belgian wedding photographers and couples.

Year-Round Comfort

Modular sidewall system with optional heating compatibility makes this tent suitable for Belgian weddings in any season — from spring garden parties to cozy winter receptions.

Bespoke Venue Fitting

We manufacture to your exact venue dimensions — whether it is a historic Belgian château courtyard, a countryside farm in the Ardennes, or an urban rooftop in Antwerp.

Production Process

Step 1

Raw Material Inspection

Step 2

CNC Precision Cutting

Step 3

Aluminum Welding & Assembly

Step 4

PVC Fabric Cutting & Welding

Step 5

Quality Inspection & Packing

⚙️ Advanced CNC Manufacturing Facility

Our state-of-the-art production facility is equipped with precision CNC machinery to ensure every component meets the highest standards:

CNC Cutting Machines	High-precision CNC aluminum profile cutting with ± 0.1 mm tolerance
CNC Bending Machines	Automatic CNC tube and profile bending for consistent frame geometry
CNC Drilling & Tapping	Multi-axis CNC drilling centers for precise hole positioning
High-Frequency PVC Welding	Industrial-grade PVC fabric welding machines for waterproof seams
Automated Powder Coating Line	Full automated coating line for durable, corrosion-resistant finish

5-Year Quality Warranty

All our party marquee tents come with a comprehensive 5-year warranty on the aluminum frame structure and a 3-year warranty on PVC fabric covers. We stand behind every product we manufacture.

10+ Years Industry Experience

Established in 2015, Tendars Tent Limited has over a decade of expertise in designing, manufacturing, and exporting high-quality tent solutions to over 50 countries worldwide.

TUV Certification & Test Reports

Certification / Test	Standard	Description
TUV SUD Certification	EN 13782 / DIN 4112	Full structural safety certification for temporary structures — recognized across EU including Belgium
Wind Load Test Report	EN 1991-1-4 (Eurocode 1)	Verified wind resistance up to 100 km/h — suitable for Belgian coastal and inland conditions

PVC Fabric Fire Rating	DIN 4102 B1 / M1 (Belgian Norm NBN S21-203)	Flame retardant PVC fabric meeting EU and Belgian fire safety standards for public events
Waterproof Test	ISO 811 / EN 20811	Hydrostatic pressure resistance > 2000mm — fully waterproof for Belgian rainy climate
ISO 9001:2015	Quality Management	Certified quality management system covering design, production, and after-sales service
CE Marking	EU Regulation	Full CE compliance for free circulation in the EU and Belgian market

5,000+ m²

Production Facility

50+ Skilled Workers

Experienced Team

50+ Countries

Global Export Reach

500+ Sets/Month

Production Capacity

Frequently Asked Questions (FAQ)

Q1: Is this tent suitable for luxury Belgian weddings?

A: Absolutely. This is our premium wedding model designed for the discerning Belgian market. The all-white electrophoretic frame, pleated ceiling liner, cathedral windows, and flowing drapes create an elegant venue that competes with the finest Belgian wedding locations — from Château de Belœil to the Flanders countryside.

Q2: Can the tent be heated for Belgian winter weddings?

A: Yes, the tent is fully compatible with indirect heating systems. The solid PVC sidewalls provide excellent insulation, and we can recommend heating solutions that work effectively with our tent configurations for cozy December weddings in Belgium.

Q3: What is included in the luxury wedding package?

A: Standard wedding package includes: white aluminum frame, 950g/m² luxury PVC roof, 750g/m² PVC sidewalls with cathedral windows, pleated ceiling liner, flowing side drapes, lighting cable channels, ground anchors, and assembly tools. Flooring panels and glass wall upgrades are optional.

Q4: How far in advance should we order for a Belgian wedding?

A: We recommend ordering 10-12 weeks before the wedding date. This allows 20-30 working days for production, 25-30 days for sea freight to Antwerp, plus setup and decoration time at the Belgian venue.

Q5: Do you provide references from Belgian wedding clients?

A: Yes, we have supplied luxury wedding tents to event companies and wedding planners across Belgium. References and wedding setup photos from Belgian venues are available upon request. Our multilingual team communicates in English, French, and Dutch.

Contact us today for a customized quotation. Free 3D layout design included with every inquiry. Nous parlons français — Wij spreken Nederlands.
