

Quick Assembly Lightweight Party Marquee Tent Portable Aluminum Frame for Swedish Summer Festivals Markets

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ETENT
- Certification: TUV, CE, ISO 9001
- Model Number: ET-PM-QA400
- Minimum Order Quantity: 1 Set
- Price: USD 25-55 per sqm
- Packaging Details: PE Film + Bubble Wrap + Wooden Pallet
- Delivery Time: 10-20 Working Days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 5000 Sets per Month

Product Specification

- Frame Material: 6061-T6 Lightweight Aluminum Alloy
- Frame Feature: Clip-Lock Quick Connection, No Tools Required
- Setup Time: Under 60 Minutes For 6m×12m (2 Persons)
- Cover Material: 650g/m² PVC-Coated Polyester, UV Resistant
- Wind Resistance: Up To 70 Km/h
- Portability: Compact Folded Size, Fits Standard Van/Trailer
- Sidewall Options: Solid PVC, Transparent PVC Window, Mesh Screen, Open Sides
- Door Options: Double Hinged Door, Roll-Up Door
- Color Options: White, Beige, Blue, Custom Colors
- Warranty: 5 Years On Frame, 3 Years On Fabric
- Highlight: **lightweight party marquee tent, portable aluminum frame marquee, swedish summer festival tent**

Quick Assembly Lightweight Party Marquee Tent — Built for Swedish Summer Event Speed

When the Swedish summer finally arrives, event professionals need tents that go up fast and come down even faster. Our **Quick Assembly Lightweight Party Marquee Tent** is engineered for exactly that — a revolutionary clip-lock frame system that eliminates tools, reduces labor, and gets your event space ready in record time. From Midsummer celebrations in Dalarna to food markets in Stockholm's Östermalm, this tent delivers professional shelter without the heavy lifting.

Weighing 30% less than standard marquee frames while maintaining excellent structural integrity, this tent is designed for the Swedish summer event circuit — easy to transport between venues, simple to store during the off-season, and built to last season after season.

Technical Specifications

Parameter	Specification
Frame Material	6061-T6 Lightweight Aluminum Alloy (EN AW-6061 T6)
Frame Connection	Clip-Lock System — No Tools Required
Frame Surface Treatment	Anodized — Corrosion Resistant
Setup Time	Under 60 Minutes for 6m*12m (2 Persons)
Cover Fabric	650g/m² PVC-Coated Polyester Fabric
Fabric Properties	Waterproof, UV Resistant, Flame Retardant (DIN 4102 B1 / M2)
Wind Resistance Rating	Up to 70 km/h
Operating Temperature	-10°C to +45°C
Portability	Compact Folded Size, Fits Standard Van/Trailer
Span Width Options	3m / 4m / 5m / 6m / 8m / 10m
Eave Height	2.6m / 3.0m / 3.5m
Bay Distance	3m / 5m
Color Options	White, Beige, Blue, Custom Colors
Sidewall Options	Solid PVC, Transparent PVC Window, Mesh Screen, Open Sides
Warranty	5 Years on Frame, 3 Years on Fabric

Key Advantages for the Swedish Market

60-Minute Setup

Clip-lock frame system enables 2-person assembly in under 60 minutes for a 6m*12m tent. Maximize Swedish summer days — more events, less setup time.

30% Lighter Frame

Optimized aluminum profile reduces weight by 30% vs standard frames. Easier transport between Swedish venues, lower fuel costs, simplified handling.

Compact Transport

Folded frame components fit standard vans and trailers. No special transport permits needed for Swedish road travel between event locations.

Tool-Free Assembly

Intuitive clip-lock connections eliminate the need for tools. No lost bolts, no stripped threads — just click and go. Ideal for volunteer-staffed Swedish community events.

Swedish Summer Optimized

UV-resistant fabric protects guests during long Swedish summer days. Mesh screen sidewalls provide ventilation while keeping insects out.

Cost-Effective Solution

Lower material and shipping costs translate to competitive pricing. Reduced labor for setup and takedown means lower operational costs for Swedish event businesses.

Purpose-Built for Summer: Designed specifically for Sweden's peak event season (May-September) with UV protection, ventilation, and rapid deployment.

TUV Certified Safety: Full TUV Rheinland structural certification ensures compliance with Swedish event safety regulations.

5-Year Frame Warranty: Comprehensive 5-year warranty on the clip-lock frame system, backed by our global support network.

10+ Years Manufacturing Heritage: Over a decade of aluminum tent engineering, continuously refined for weight reduction and ease of use.

Direct Factory Pricing: Competitive wholesale rates with no intermediary markup. Bulk order discounts available for Swedish event rental companies.

Manufacturing Excellence — Our Production Process

Every Quick Assembly Lightweight Party Marquee Tent is manufactured in our 20,000 sqm ISO-certified facility:

1

Material Inspection

6061-T6 aluminum alloy and PVC fabric inspected upon arrival. Material certificates verified to EU standards before production clearance.

2

CNC Precision Machining

Advanced CNC machining centers cut and drill aluminum profiles to ± 0.1 mm tolerances. Clip-lock connector slots are precision-machined for perfect snap-fit engagement every time.

3

Anodizing Surface Treatment

Frame components are anodized for corrosion resistance — essential for outdoor summer use and protection during Sweden's humid coastal conditions.

4

PVC Fabric Cutting & Welding

Computer-guided cutting and high-frequency welding ensure precise fabric dimensions and watertight seams. Lightweight 650g/m² fabric is optimized for easy handling.

5

Pre-Assembly & Speed Test

Each tent undergoes full pre-assembly and a timed setup test. QC inspectors verify all clip-lock connections engage smoothly and structural integrity meets standards.

6

Compact Packaging & Shipping

Components packed for maximum space efficiency on wooden pallets. Multilingual quick-start guide included. Sea freight to Gothenburg and Stockholm ports.

Our Factory — 10+ Years of Expertise

Factory Feature	Details
Established	2013 — Over 10 Years of Industry Experience
Factory Area	20,000+ sqm Production Facility
Production Capacity	5,000+ Tent Sets per Month
Workforce	150+ Skilled Workers & Engineers
R&D Team	12 Dedicated Design & Structural Engineers
CNC Machines	8 CNC Machining Centers, 3 High-Frequency Welding Lines
Quality System	ISO 9001:2015 Certified Quality Management
Export Markets	50+ Countries including Sweden, Norway, Denmark, Germany, UK, USA, Australia
Annual Export Volume	USD 15 Million+ in Tent Products

Certifications & Test Reports

TUV Rheinland Certified

CE Marking (EU)

ISO 9001:2015

EN 13782 Wind Test

DIN 4102 B1 Fire Retardant

REACH Compliant

RoHS Compliant

Certificate / Test	Standard	Scope
TUV Rheinland	Structural Safety & Material Testing	Frame Strength, Wind Load, Clip-Lock Connection Integrity
CE Certification	EU Construction Products Regulation	Full Tent System Compliance for European Market
ISO 9001:2015	Quality Management System	Design, Manufacturing, Sales & After-Sales Service
EN 13782	Temporary Structures — Tents	Wind Resistance Up to 70 km/h Verified
DIN 4102 B1	Fire Behavior of Building Materials	PVC Fabric Flame Retardancy — Class B1

5-Year Warranty Commitment

Component	Warranty Period	Coverage
-----------	-----------------	----------

Aluminum Frame & Clip-Locks	5 Years	Manufacturing defects, clip-lock mechanism failure under normal use
PVC Fabric Cover	3 Years	Material delamination, seam failure, excessive UV degradation
Steel Connectors & Hardware	5 Years	Corrosion beyond normal wear, mechanical failure
Spare Parts Availability	10+ Years	Guaranteed spare parts supply for all models

Pre-Sales & After-Sales Service

Pre-Sales Consultation	Free expert consultation to determine optimal tent sizes and configurations for your Swedish summer event calendar.
Custom Design Service	CAD drawings and 3D renderings. Custom colors and branding options for your Swedish event business.
Sample Service	Frame sample and fabric swatches available. Virtual factory tour upon request.
Installation Training	Video guide demonstrating 60-minute setup process. Remote technical support via video call for first assembly in Sweden.
On-Site Engineering	Engineer dispatch available for large Swedish projects. Team training on efficient setup and takedown workflows.
After-Sales Response	Dedicated account manager. 24-hour email response. 48-hour spare parts dispatch.
Seasonal Storage Guide	Customized off-season storage recommendations for Swedish winter conditions to maximize tent lifespan.

Frequently Asked Questions

Q1: How fast can this tent really be set up?

A 6m*12m tent assembles in under 60 minutes with 2 people — no tools required. The clip-lock system is intuitive and can be mastered after one practice assembly. We provide a detailed video guide demonstrating the full process.

Q2: Is the lightweight frame sturdy enough for Swedish summer weather?

Yes. Despite being 30% lighter, the 6061-T6 aluminum frame is engineered to withstand winds up to 70 km/h. It is perfect for Swedish summer conditions (May-September). For winter or extreme weather, we recommend our Nordic Winter Insulated model.

Q3: Can I transport this tent in a regular van?

Yes. The compact folded dimensions are specifically designed to fit standard vans and trailers commonly used by Swedish event companies. No special transport arrangements needed.

Q4: Is this tent suitable for Swedish music festivals?

Absolutely. This is one of our most popular models for festival use. Quick setup/teardown between festival days, lightweight transport between venues, and UV protection for long summer days make it ideal for the Swedish festival circuit.

Q5: What is the minimum order quantity?

MOQ is 1 set. We serve individual event organizers and large rental companies across Sweden. Contact us for volume pricing.

Q6: Do you have TUV certification valid in Sweden?

Yes. Full TUV Rheinland certification is provided and recognized throughout Sweden and the EU. Documentation is included for event permit applications.

Q7: How long does shipping to Sweden take?

Production takes 10-20 working days (faster than our standard models due to streamlined manufacturing). Sea freight to Gothenburg or Stockholm ports takes 30-35 days.

Q8: Can I get replacement clip-lock connectors?

Yes. All components including clip-lock connectors are individually replaceable. Spare parts ship within 48 hours and are guaranteed available for 10+ years.
