

## Danish Hygge Cozy Event Party Marquee Tent Insulated Warm Atmosphere Design for Denmark Outdoor Social Gatherings

Our Product Introduction

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ETENT
- Certification: TUV, CE, ISO 9001
- Model Number: ET-PM-HG600
- Minimum Order Quantity: 1 Set
- Price: USD 32-72 per sqm
- Packaging Details: PE Film + Bubble Wrap + Wooden Pallet
- Delivery Time: 15-25 Working Days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 5000 Sets per Month

### Product Specification

- Frame Material: 6061-T6 Aluminum Alloy With Wood-Grain Powder Coating
- Cover Material: 850g/m<sup>2</sup> Double PVC-Coated Polyester, Warm Cream Tone
- Insulation Layer: Triple-Layer Thermal Insulated Soft Fabric Lining
- Lighting Design: Translucent Roof Panels For Natural Light Diffusion
- Wind Resistance: Up To 90 Km/h (EN 13782 Certified)
- Operating Temperature: -20°C To +40°C
- Sidewall Options: Solid PVC, Transparent PVC Window, Glass Wall, Open Sides
- Door Options: Double Hinged Door, Sliding Door, Roll-Up Door
- Color Options: Cream, Warm Beige, Soft Grey, Earth Tones
- Warranty: 5 Years On Frame, 3 Years On Fabric
- Highlight: **Danish Hygge party marquee tent,**

## Danish Hygge Cozy Event Party Marquee Tent — Bringing Warmth to Denmark's Social Life

Denmark gave the world *hygge* — the art of creating warm, intimate atmospheres that foster connection and well-being. Our **Danish Hygge Cozy Event Party Marquee Tent** translates this cherished cultural concept into physical space. With triple-layer insulated fabric lining in warm cream tones, translucent roof panels that softly diffuse natural light, and an aluminum frame finished in elegant wood-grain powder coating, this tent creates the cozy sanctuary that Danish event guests crave.

Whether hosting an autumn harvest dinner in Aarhus, a Christmas market in Copenhagen's Nyhavn, or a candlelit wedding reception in Odense, this tent wraps your guests in warmth and charm — even when temperatures drop outside.

### Technical Specifications

Parameter	Specification
Frame Material	6061-T6 Aluminum Alloy (EN AW-6061 T6)
Frame Finish	Wood-Grain Effect Powder Coating — Warm Aesthetic
Cover Fabric	850g/m <sup>2</sup> Double PVC-Coated Polyester, Warm Cream Tone
Insulation Layer	Triple-Layer Thermal Insulated Soft Fabric Inner Lining
Lighting Feature	Translucent Roof Panels — Soft Natural Light Diffusion
Fabric Properties	Waterproof, UV Resistant, Flame Retardant (DIN 4102 B1 / M2)
Wind Resistance Rating	Up to 90 km/h (EN 13782 Certified)
Operating Temperature	-20°C to +40°C
Span Width Options	3m / 4m / 5m / 6m / 8m / 10m / 12m
Eave Height	2.6m / 3.0m / 3.5m / 4.0m
Bay Distance	3m / 5m
Sidewall Options	Solid PVC, Transparent PVC Window, Glass Wall, Open Sides
Door Options	Double Hinged, Sliding, Roll-Up
Warranty	5 Years on Frame, 3 Years on Fabric

### Key Advantages for the Danish Market

### **Authentic Hygge Atmosphere**

Warm cream fabric tones, wood-grain frame finish, and translucent roof panels create the soft, inviting glow that defines Danish hygge. Your guests feel embraced the moment they enter.

### **Triple-Layer Insulation**

Superior thermal retention keeps interiors cozy during Denmark's chilly autumn and winter months. Reduces heating costs while maintaining a consistent, comfortable temperature.

### **Natural Light Diffusion**

Translucent roof panels maximize Denmark's precious daylight hours while eliminating harsh glare. Creates a naturally lit, gallery-like ambiance for daytime events.

### **Danish Design Sensibility**

Clean lines, warm neutral color palette, and understated elegance align with Danish design traditions. Complements rather than competes with event décor.

### **All-Weather Danish Reliability**

Engineered for Denmark's unpredictable weather — wind-resistant to 90 km/h, fully waterproof, and structurally stable in coastal conditions.

### **Sustainable & Recyclable**

PVC fabric is fully recyclable. Frame designed for 15+ year lifespan. REACH and RoHS compliant, meeting Denmark's strict environmental standards.

inspired by Denmark's hygge philosophy of comfort and connection.

**TUV Certified Safety:** Full TUV Rheinland structural certification ensures compliance with Danish building and event safety regulations.

**5-Year Warranty Confidence:** Comprehensive 5-year frame and 3-year fabric warranty backed by our global support network.

**10+ Years Manufacturing Heritage:** Over a decade of expertise in aluminum tent engineering, exported to 50+ countries including Denmark.

**Direct Factory Value:** Competitive wholesale pricing with full customization options — warm colors, branding, and size configurations.

## Manufacturing Excellence — Our Production Process

Every Danish Hygge Cozy Event Tent is crafted in our 20,000 sqm ISO-certified facility:

1

### Certified Raw Material Inspection

6061-T6 aluminum and premium PVC fabric inspected upon arrival. All materials verified against EU and Danish standards before production.

2

### CNC Precision Machining

8 CNC machining centers cut and drill aluminum profiles to  $\pm 0.1$  mm tolerance. Every connector slot precision-engineered for perfect assembly fit.

3

### Wood-Grain Powder Coating

Specialized electrostatic powder coating process creates the warm wood-grain finish. Dual-layer protection ensures corrosion resistance for Denmark's coastal climate.

4

### Insulation Layer Lamination

Triple-layer thermal insulation fabric is laminated under precise temperature and pressure control. Soft inner lining provides both thermal performance and tactile comfort.

5

### Pre-Assembly & 78-Point QC

Each tent undergoes complete pre-assembly. QC inspectors verify fit, finish quality, and insulation integrity against our rigorous 78-point checklist.

6

### Careful Packaging & Shipping

Components individually wrapped and packed on fumigated wooden pallets. Assembly manual included in English. Sea freight to Copenhagen, Aarhus, and all Danish ports.

## Our Factory — 10+ Years of Expertise

Factory Feature	Details
Established	2013 — Over 10 Years of Industry Experience
Factory Area	20,000+ sqm Production Facility
Production Capacity	5,000+ Tent Sets per Month
Workforce	150+ Skilled Workers & Engineers
R&D Team	12 Dedicated Design & Structural Engineers
CNC Machines	8 CNC Machining Centers, 3 High-Frequency Welding Lines
Quality System	ISO 9001:2015 Certified Quality Management
Export Markets	50+ Countries including Denmark, Sweden, Norway, Germany, UK, USA
Annual Export Volume	USD 15 Million+ in Tent Products

## Certifications & Test Reports

TUV Rheinland Certified

CE Marking (EU)

ISO 9001:2015

EN 13782 Wind Test

DIN 4102 B1 Fire Retardant

REACH Compliant

RoHS Compliant

Certificate / Test	Standard	Scope
TUV Rheinland	Structural Safety & Material Testing	Frame Strength, Wind Load, Insulation Performance
CE Certification	EU Construction Products Regulation	Full Tent System Compliance for European Market
ISO 9001:2015	Quality Management System	Design, Manufacturing, Sales & After-Sales
EN 13782	Temporary Structures — Tents	Wind Resistance Up to 90 km/h Verified
DIN 4102 B1	Fire Behavior of Building Materials	PVC Fabric Flame Retardancy — Class B1

## 5-Year Warranty Commitment

Component	Warranty Period	Coverage
Aluminum Frame	5 Years	Manufacturing defects, structural failure under normal use
PVC Fabric Cover	3 Years	Material delamination, seam failure, excessive UV degradation

Insulation Lining	3 Years	Delamination, thermal performance degradation
Spare Parts Availability	10+ Years	Guaranteed spare parts supply for all models

## Pre-Sales & After-Sales Service

<b>Pre-Sales Consultation</b>	Free expert consultation to design the optimal hygge tent configuration for your Danish venue and event type.
<b>Custom Design Service</b>	CAD drawings and 3D renderings with lighting simulation. Custom warm-tone color matching for your Danish brand identity.
<b>Sample Service</b>	Fabric swatches including insulation lining samples and wood-grain frame finish samples. Factory visit or virtual tour available.
<b>Installation Support</b>	Detailed installation manual in English. Video guide and remote technical support during first assembly in Denmark.
<b>On-Site Engineering</b>	Engineer dispatch available for large Danish projects. Professional crew training on tent setup and hygge ambiance optimization.
<b>After-Sales Response</b>	Dedicated account manager. 24-hour email response. 48-hour spare parts dispatch to Denmark.
<b>Seasonal Care Guide</b>	Customized maintenance recommendations for Danish climate — spring setup, autumn care, and winter storage best practices.

## Frequently Asked Questions

### Q1: What makes this tent specifically Danish hygge-inspired?

Every design element reflects hygge principles — warm cream fabric tones instead of stark white, wood-grain frame finish for natural warmth, translucent roof panels creating soft diffused light, and triple-layer insulation for cozy comfort. It is designed to feel like a warm embrace rather than a temporary structure.

### Q2: Can this tent keep guests warm during Danish autumn and winter events?

Yes. The triple-layer thermal insulation system retains interior heat effectively, reducing heating requirements by up to 40% compared to standard tents. Combined with the wind-resistant frame (90 km/h), your guests stay comfortable even when Danish weather turns chilly.

### Q3: Do you have TUV certification accepted in Denmark?

Yes. TUV Rheinland certification is fully recognized throughout Denmark and the EU. We provide complete documentation for Danish event permit applications and insurance requirements.

### Q4: Is the wood-grain finish durable for outdoor use in Denmark?

Yes. The wood-grain effect is achieved through a specialized powder coating process that provides the same corrosion resistance as our standard finishes. It withstands Denmark's coastal humidity and frequent rain without peeling or fading.

### Q5: What is the minimum order quantity?

MOQ is 1 set. We serve individual event hosts and professional rental companies across Denmark. Contact us for a customized quotation.

### Q6: How long does delivery to Denmark take?

Production takes 15-25 working days. Sea freight to Copenhagen or Aarhus ports typically takes 30-35 days. Express air freight available for urgent orders.

### Q7: Can you customize the tent colors to match our Danish brand?

Yes. We offer custom Pantone color matching for PVC fabric and can produce branded panels with your logo. Warm earth tones, soft greys,

and cream variations are available from our standard palette.

**Q8: Is the insulation lining easy to clean and maintain?**

Yes. The soft inner lining is treated with an anti-stain coating and can be wiped clean with mild detergent. We provide a detailed care guide for Danish seasonal maintenance — particularly important for autumn and winter use.
