

Large Capacity Festival Concert Event Party Marquee Tent Modular Expandable Design for Poland Music Festival Venues

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ETENT
- Certification: TUV, CE, ISO 9001
- Model Number: ET-PM-LF1400
- Minimum Order Quantity: 1 Set
- Price: USD 30-68 per sqm
- Packaging Details: PE Film + Bubble Wrap + Wooden Pallet
- Delivery Time: 15-25 Working Days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 5000 Sets per Month

Product Specification

- Frame Material: 6061-T6 Aluminum Alloy, Heavy-Duty Profile
- Cover Material: 750g/m² PVC-Coated Polyester, UV Resistant
- Max Span Width: Up To 20m Clear Span
- Wind Resistance: Up To 90 Km/h (EN 13782 Certified)
- Modular Capability: Unlimited Side-by-Side And End-to-End Connection
- Capacity: 500-2,000+ Persons Per Tent Section
- Sidewall Options: Solid PVC, Transparent Window, Open Sides, Mesh Screen
- Door Options: Double Wide Entrance, Roll-Up, Sliding
- Color Options: White, Grey, Custom Festival Colors
- Warranty: 5 Years On Frame, 3 Years On Fabric
- Highlight: **large capacity party marquee tent, modular expandable festival tent, concert event marquee tent Poland**

Large Capacity Festival Concert Event Party Marquee Tent — Powering Poland's Music Festival Scene

Poland's festival culture is legendary — from the massive Pol'and'Rock Festival to Open'er, Orange Warsaw, and countless regional events. The **Large Capacity Festival Concert Event Party Marquee Tent** is engineered for this demanding application. With clear spans up to 20 meters, unlimited modular expansion, and rapid deployment design, this tent system scales from intimate VIP lounges to massive main stages covering thousands of square meters.

Whether organizing a music festival in Warsaw, an arts event in Kraków, or a cultural gathering in Wrocław, this tent delivers the space, strength, and flexibility Polish festivals demand.

Technical Specifications

Parameter	Specification
Frame Material	6061-T6 Heavy-Duty Aluminum Alloy (EN AW-6061 T6)
Frame Connection	Industrial-Grade Hot-Dip Galvanized Steel Joints
Cover Fabric	750g/m ² UV-Resistant PVC-Coated Polyester
Fabric Properties	Waterproof, UV Resistant, Flame Retardant (DIN 4102 B1/M2)
Wind Resistance	Up to 90 km/h (EN 13782 Certified)
Max Clear Span	Up to 20m — No Internal Columns
Capacity per Unit	500-2,000+ Persons per Tent Section
Modular Connection	Unlimited Side-by-Side and End-to-End Expansion
Span Width Options	6m / 8m / 10m / 12m / 15m / 20m
Eave Height	3.0m / 3.5m / 4.0m / 4.5m
Bay Distance	3m / 5m
Sidewall Options	Solid PVC, Transparent Window, Mesh Screen, Open Sides
Door Options	Double Wide Entrance, Roll-Up, Sliding
Warranty	5 Years on Frame, 3 Years on Fabric

Key Advantages for the Polish Market

20m Clear Span Capability

Industry-leading clear span with no internal columns. Create vast open festival spaces — main stages, food courts, and exhibition halls without obstructions.

Unlimited Modular Expansion

Connect tent sections infinitely in any direction. Scale from a single tent to a sprawling festival city — the system grows with your event.

2,000+ Person Capacity

Single 20m*30m section accommodates 2,000+ standing guests. Multiple connected sections handle tens of thousands — perfect for Poland's largest festivals.

Rapid Festival Deployment

Designed for tight festival build schedules. Experienced crews assemble large sections in hours, not days.

Polish Summer Storm Ready

90 km/h wind resistance and full waterproofing. Protects festival-goers, equipment, and performers from Poland's sudden summer thunderstorms.

Festival Branding Canvas

Large fabric surfaces serve as branding real estate. Custom printing for festival logos, sponsor messaging, and artistic designs.

Built for Festival Scale: Designed specifically for the massive crowd capacities and rapid deployment demands of Poland's world-class music festival circuit.

TUV Certified Festival Safety: Full TUV Rheinland structural certification with crowd-load documentation for Polish

festival safety permits and insurance.

5-Year Festival Season Warranty: Comprehensive warranty covering frame and fabric through multiple Polish festival seasons (May-September).

10+ Years Large-Scale Engineering: Over a decade designing tents for major international events — from European music festivals to Olympic venues.

Factory-Direct Festival Value: Competitive wholesale pricing on high-capacity tent systems. Complete festival tent packages available.

Manufacturing Excellence — Our Production Process

Every tent is manufactured in our 20,000 sqm ISO-certified facility:

1

Heavy-Duty Material Sourcing

6061-T6 aluminum with large-span rated profiles. 750g/m² UV-resistant fabric for extended sun exposure during Polish summer festivals.

2

CNC Precision Large-Scale Machining

8 CNC machining centers handle long-span frame components with ±0.1mm precision. Critical for 20m clear-span structural integrity.

3

Industrial Surface Treatment

Anodizing + powder coating create dual-layer protection. Essential for outdoor festival deployment in variable Polish summer weather.

4

High-Strength Fabric Welding

750g/m² PVC fabric with reinforced high-frequency welded seams. Tested for repetitive festival assembly and disassembly stress.

5

Pre-Assembly & Structural Load Testing

Full pre-assembly with 78-point QC. Large-span sections undergo simulated crowd-load structural testing before shipment approval.

6

Festival-Ready Packaging

Components organized by section for efficient festival build sequencing. Sea freight to Polish ports with festival season timing coordination.

Our Factory — 10+ Years of Expertise

Factory Feature

Details

Established	2013 — Over 10 Years of Industry Experience
Factory Area	20,000+ sqm Production Facility
Production Capacity	5,000+ Tent Sets per Month
Workforce	150+ Skilled Workers & Engineers
R&D Team	12 Dedicated Design & Structural Engineers
CNC Machines	8 CNC Machining Centers, 3 High-Frequency Welding Lines
Quality System	ISO 9001:2015 Certified Quality Management
Export Markets	50+ Countries including Poland, Germany, Czech Republic, Slovakia, Ukraine, Baltic States
Annual Export Volume	USD 15 Million+ in Tent Products

Certifications & Test Reports

TUV Rheinland Certified

CE Marking (EU)

ISO 9001:2015

EN 13782 Wind Test

DIN 4102 B1 Fire Retardant

REACH Compliant

RoHS Compliant

Certificate / Test	Standard	Scope
TUV Rheinland	Structural Safety & Material Testing	Frame Strength, Wind Load, Material Durability
CE Certification	EU Construction Products Regulation	Full Tent System Compliance for European Market
ISO 9001:2015	Quality Management System	Design, Manufacturing, Sales & After-Sales
EN 13782	Temporary Structures — Tents	Wind Resistance Verified to Specification
DIN 4102 B1	Fire Behavior of Building Materials	PVC Fabric Flame Retardancy — Class B1

5-Year Warranty Commitment

Component	Warranty Period	Coverage
Aluminum Frame	5 Years	Manufacturing defects, structural failure under normal use
PVC Fabric Cover	3 Years	Material delamination, seam failure, excessive UV degradation
Steel Connectors & Hardware	5 Years	Corrosion beyond normal wear, mechanical failure
Spare Parts Availability	10+ Years	Guaranteed spare parts supply for all models

Pre-Sales & After-Sales Service

Pre-Sales Consultation	Free expert consultation to determine optimal tent configuration for your Polish business needs.
Custom Design Service	CAD drawings and 3D renderings provided. Custom colors, sizes, and branding for your Polish market identity.
Sample Service	Fabric swatches, frame samples available. Factory visit or live video tour upon request.
Installation Support	Comprehensive installation manual in English and Polish. Video guide and remote technical support.
On-Site Engineering	Engineer dispatch available for large Polish projects. Professional crew training included.
After-Sales Response	Dedicated account manager. 24-hour email response. 48-hour spare parts dispatch to Poland.
Seasonal Maintenance Guide	Customized care instructions for Polish climate — spring/summer setup, autumn maintenance, winter storage.

Frequently Asked Questions

Q1: Can this tent handle the crowds at major Polish festivals?

Yes. The 20m clear span sections are engineered for high-density crowds. Single sections hold 2,000+ standing, and unlimited modular connection handles any festival scale.

Q2: How fast can festival crews set up these tents?

Experienced crew of 6 can assemble a 10m*20m section in 4-6 hours. Multiple crews working in parallel enable full festival tent cities to be erected within 2-3 days.

Q3: Are the tents suitable for Polish summer weather?

Yes. 90 km/h wind resistance handles summer storms. Full waterproofing protects equipment and guests. UV-resistant fabric prevents degradation during long sunny festival days.

Q4: Can we print festival branding on the tent?

Yes. Large fabric panels are ideal for digital printing. Custom colors, festival logos, sponsor branding, and artistic designs transform tents into branded festival landmarks.

Q5: Do you provide TUV certification for Polish festival permits?

Full TUV Rheinland documentation including crowd-load structural analysis is provided for Polish festival safety permits and insurance applications.

Q6: What is the minimum order quantity?

MOQ is 1 set. We serve individual Polish festival stages and complete multi-stage festival infrastructure projects.

Q7: How long does delivery for festival season take?

Production: 15-25 working days. Sea freight to Gdańsk, Gdynia, or Szczecin: 30-35 days. We recommend ordering by March for May-September festival deployment.

Q8: Can leftover sections be used for smaller events?

Yes. The modular system allows any configuration. Use the full setup for festivals, then create smaller configurations for weddings, corporate events, and private functions year-round.
