

## Heavy Duty All Season Commercial Rental Business Party Marquee Tent Reinforced Frame for Canada Event Companies

Our Product Introduction

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ETENT
- Certification: TUV, CE, ISO 9001, CSA Compatible
- Model Number: ET-PM-AR1900
- Minimum Order Quantity: 1 Set
- Price: USD 38-85 per sqm
- Packaging Details: Heavy-Duty PE Film + Reinforced Bubble Wrap + Wooden Pallet
- Delivery Time: 15-25 Working Days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 5000 Sets per Month

### Product Specification

- Frame Material: 6061-T6 Reinforced Aluminum Alloy, Extra Wall Thickness
- Frame Connection: Industrial Hot-Dip Galvanized Steel Joints
- Cover Material: 850g/m<sup>2</sup> Heavy-Duty PVC-Coated Polyester
- Wind Resistance: Up To 100 Km/h (EN 13782 Certified)
- Snow Load: Up To 75 Kg/m<sup>2</sup>
- Assembly Cycles: 500+ Rated
- Operating Temperature: -30°C To +40°C
- Span Width Options: 3m To 20m, Standardized Components
- Sidewall Options: Solid PVC, Transparent Window, Glass Wall, Sandwich Panel
- Warranty: 5 Years Comprehensive On Frame And Fabric
- Highlight: **heavy duty commercial marquee tent , all season party tent reinforced frame , rental business marquee tent Canada**

## Heavy Duty All Season Commercial Rental Business Marquee Tent — Canada's Professional Fleet Standard

Canada's tent rental industry spans 5,500 km from the Pacific to the Atlantic — through rainforests, prairies, Canadian Shield, and maritime coasts. The **Heavy Duty All Season Commercial Rental Business Party Marquee Tent** is engineered to be the backbone of Canadian rental fleets. With a reinforced 500+ cycle frame, -30°C to +40°C all-season range, standardized interchangeable components across all sizes, and CSA-compatible documentation, this tent delivers reliable revenue generation from Whistler weddings to Toronto corporate events to Halifax festivals.

### Technical Specifications

Parameter	Specification
Frame Material	6061-T6 Reinforced Aluminum Alloy, Extra Wall Thickness
Frame Connection	Industrial Hot-Dip Galvanized Steel Joints
Frame Surface	Anodized + Powder Coated Dual Protection
Cover Fabric	850g/m <sup>2</sup> Heavy-Duty PVC-Coated Polyester
Fabric Properties	Waterproof, UV Resistant, Tear Resistant, Flame Retardant (DIN 4102 B1)
Wind Resistance	Up to 100 km/h (EN 13782 Certified)
Snow Load	Up to 75 kg/m <sup>2</sup>
Operating Temperature	-30°C to +40°C
Assembly Cycles	500+ — Tested for Intensive Rental Fleet Use
Span Width Options	3m / 4m / 5m / 6m / 8m / 10m / 12m / 15m / 20m
Eave Height	2.6m / 3.0m / 3.5m / 4.0m
Bay Distance	3m / 5m
Sidewall Options	Solid PVC, Transparent Window, Glass Wall, Sandwich Panel
Door Options	Double Hinged, Sliding, Roll-Up
Warranty	5 Years Comprehensive on Frame and Fabric

### Key Advantages for the Canadian Market

### **500+ Cycle Commercial Rating**

Engineered and tested for over 500 assembly/disassembly cycles — delivering reliable revenue year after year in demanding Canadian rental operations nationwide.

### **True Canadian All-Season**

-30°C to +40°C operating range covers Canada's complete climate spectrum. Maximize fleet utilization 12 months a year — no seasonal inventory sitting idle.

### **20m Span — Widest Range**

3m to 20m spans with standardized components across all sizes. One tent system covers every Canadian event from intimate gatherings to 1,000-guest galas.

### **Standardized Interchangeable Parts**

Common connectors and frame profiles across all sizes simplify Canadian fleet inventory management. Fewer SKUs, faster repairs, lower overhead.

### **CSA Compatible Documentation**

Documentation package supports Canadian provincial safety inspections and rental company insurance requirements. Designed with Canadian regulatory environment in mind.

### **Maximum Canadian Rental ROI**

Higher initial investment delivers lowest cost-per-use over product lifetime. Preferred choice for Canadian rental companies focused on long-term fleet profitability.

**Built for Canadian Commercial Reality:** Every component selected for the demands of Canadian professional rental — frequent transport across vast distances, rapid assembly, and variable climate conditions.

**TUV Certified + CSA Compatible:** Full TUV Rheinland certification with documentation compatible with Canadian safety inspections and rental industry insurance requirements.

**5-Year Comprehensive Warranty:** Most complete coverage — 5 years on frame AND fabric — reflecting absolute confidence in this product for Canadian commercial use.

**10+ Years Serving Rental Companies:** Over a decade supplying professional rental businesses worldwide with fleet-grade tent solutions.

**Canadian Rental Partner Program:** Volume pricing tiers, priority production slots, and dedicated account management for Canadian rental fleet partners.

## Manufacturing Excellence — Our Production Process

---

Every tent is manufactured in our 20,000 sqm ISO-certified facility:

1

### Premium Certified Raw Materials

Only certified 6061-T6 aluminum with verified extra wall thickness. 850g/m<sup>2</sup> PVC fabric tested for weight, tensile, and tear resistance.

2

### CNC Heavy-Duty Precision Machining

8 CNC machining centers produce reinforced profiles to  $\pm 0.1$ mm. Connector slots precision-machined for industrial steel joint fit.

3

### Dual-Protection Surface Treatment

Anodizing + powder coating creates defense against corrosion from Canadian road salt, coastal moisture, and variable climate exposure.

4

### Heavy-Duty Fabric Production

850g/m<sup>2</sup> PVC fabric with reinforced high-frequency welded seams. Every seam pull-tested to exceed 85% of base fabric tensile strength.

5

### Assembly & Cyclic Endurance Testing

Full pre-assembly + 78-point QC. Sample units from each batch undergo cyclic assembly testing to verify 500+ cycle rating.

6

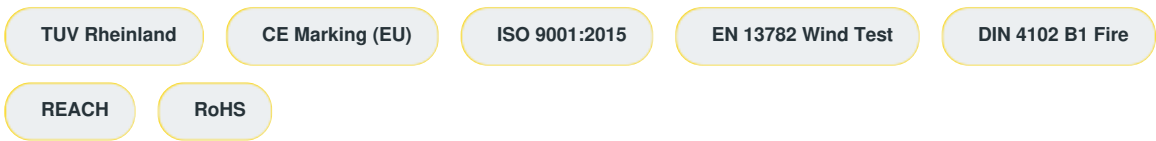

### Fleet-Ready Packaging & Logistics

Components organized for efficient Canadian fleet deployment. Sea freight to Vancouver, Montreal, and Halifax with rental season timing coordination.

## Our Factory — 10+ Years of Expertise

Factory Feature	Details
Established	2013 — Over 10 Years of Industry Experience
Factory Area	20,000+ sqm Production Facility
Production Capacity	5,000+ Tent Sets per Month
Workforce	150+ Skilled Workers & Engineers
R&D Team	12 Dedicated Design & Structural Engineers
CNC Machines	8 CNC Machining Centers, 3 High-Frequency Welding Lines
Quality System	ISO 9001:2015 Certified Quality Management
Export Markets	50+ Countries including Canada, USA, UK, Germany, Australia, Scandinavia
Annual Export Volume	USD 15 Million+ in Tent Products

## Certifications & Test Reports

Certificate	Standard	Scope
TUV Rheinland	Structural Safety & Material Testing	Frame Strength, Wind/Snow Load, Durability
CE Certification	EU Construction Products Regulation	Full Tent System Compliance
ISO 9001:2015	Quality Management System	Design, Manufacturing, Sales & After-Sales
EN 13782	Temporary Structures	Wind Resistance Verified
DIN 4102 B1	Fire Behavior	PVC Fabric Flame Retardancy Class B1

## 5-Year Warranty Commitment

Component	Warranty Period	Coverage
Aluminum Frame	5 Years	Manufacturing defects, structural failure under normal use
PVC Fabric Cover	3 Years	Material delamination, seam failure, excessive UV degradation
Steel Connectors & Hardware	5 Years	Corrosion beyond normal wear, mechanical failure
Spare Parts Availability	10+ Years	Guaranteed spare parts supply for all models

## Pre-Sales & After-Sales Service

<b>Pre-Sales Consultation</b>	Free expert consultation for your Canadian business needs and climate zone requirements.
<b>Custom Design Service</b>	CAD drawings and 3D renderings. Custom colors, sizes, and branding for your Canadian identity.
<b>Sample Service</b>	Fabric swatches and frame samples available. Factory visit or live video tour upon request.
<b>Installation Support</b>	Installation manual in English and French. Video guide and remote support for first assembly in Canada.
<b>On-Site Engineering</b>	Engineer dispatch available for large Canadian projects. Professional crew training included.
<b>After-Sales Response</b>	Dedicated account manager. 24-hour email response. 48-hour spare parts dispatch to Canada.
<b>Seasonal Maintenance Guide</b>	Customized care instructions for Canadian climate zones — from Vancouver to St. John's.

## Frequently Asked Questions

### Q1: How many rental cycles can this tent handle in Canadian operations?

Rated and tested for 500+ assembly/disassembly cycles. Many Canadian rental partners report exceeding 700 cycles with proper maintenance — translating to 5-7 years of intensive seasonal use.

### Q2: Is this tent suitable for year-round Canadian rental?

Yes — this is our all-season model. -30°C to +40°C range, 75 kg/m<sup>2</sup> snow load, and 100 km/h wind resistance cover every Canadian season from Victoria's mild winters to Winnipeg's deep freeze.

### Q3: Do you provide CSA or Canadian-compatible certification?

While CSA certification applies primarily to permanent structures, we provide comprehensive TUV Rheinland documentation that supports Canadian provincial safety inspections and rental insurance requirements.

### Q4: Do you offer rental fleet volume discounts for Canadian companies?

Yes. Tiered volume pricing for Canadian rental companies building or expanding fleets. Contact our rental partner team with your fleet plan for customized partnership pricing.

### Q5: Can parts be interchanged between different tent sizes?

Yes. All components across our commercial grade system (3m-20m spans) use standardized connectors and profiles. This significantly simplifies inventory management for Canadian rental companies.

### Q6: How fast can I get replacement parts across Canada?

Spare parts dispatch within 48 hours. We ship to all major Canadian ports. We recommend rental partners maintain a recommended spare parts kit for immediate on-site replacements.

### Q7: What is delivery time for Canadian fleet orders?

Production: 15-25 working days depending on volume. Sea freight to Vancouver, Montreal, or Halifax: 30-40 days. Priority production scheduling available for fleet partners.

### Q8: Is French documentation available for Quebec rental operations?

Yes. All documentation — manuals, safety guides, certifications — is provided in English and French. Essential for Quebec-based Canadian rental companies and bilingual operations.
