

## Eco Friendly Sustainable Green Party Marquee Tent Recyclable Materials for Canada Environmentally Responsible Events

Our Product Introduction

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ETENT
- Certification: TUV, CE, ISO 9001, OEKO-TEX, REACH, RoHS
- Model Number: ET-PM-EC2000
- Minimum Order Quantity: 1 Set
- Price: USD 32-70 per sqm
- Packaging Details: Plastic-Free Recyclable Kraft Paper + FSC-Certified Wooden Pallet
- Delivery Time: 15-25 Working Days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 5000 Sets per Month

### Product Specification

- Frame Material: 6061-T6 100% Post-Consumer Recycled Aluminum Alloy
- Cover Material: 750g/m<sup>2</sup> OEKO-TEX Standard 100 Certified PVC-Free Polyester
- Fabric Certifications: OEKO-TEX, REACH, RoHS, Phthalate-Free, Heavy Metal-Free
- Frame Coating: Water-Based Non-Toxic Powder Coating, Zero VOC
- Packaging: Plastic-Free — Recyclable Kraft Paper + FSC Pallets
- Shipping Option: Carbon-Neutral Sea Freight Available
- Wind Resistance: Up To 80 Km/h (EN 13782 Certified)
- Sidewall Options: Solid Fabric, Transparent Window, Open Sides
- Color Options: Natural White, Earth Beige, Sage Green, Organic Tones
- Warranty: 5 Years On Frame, 3 Years On Fabric, Lifetime Take Back Program

## Eco-Friendly Sustainable Green Party Marquee Tent — Canada's Responsible Event Choice

Canada leads North America in environmental consciousness — from federal carbon pricing to provincial green building mandates and municipal zero-waste targets. The **Eco-Friendly Sustainable Green Party Marquee Tent** is our response to Canada's environmental leadership. Constructed from 100% post-consumer recycled aluminum, OEKO-TEX certified PVC-free fabric, and delivered in plastic-free packaging with carbon-neutral shipping options, this tent helps Canadian event professionals meet their sustainability commitments without compromise.

From Vancouver's greenest events to Toronto's carbon-neutral venues, from Banff's eco-tourism to Montreal's zero-waste festivals — this tent aligns with Canadian environmental values at every level.

## Technical Specifications

Parameter	Specification
Frame Material	6061-T6 Aluminum Alloy — 100% Post-Consumer Recycled Content
Frame Coating	Water-Based Non-Toxic Powder Coating, Zero VOC Emissions
Cover Fabric	750g/m <sup>2</sup> OEKO-TEX Standard 100 Certified PVC-Free Polyester
Fabric Certifications	OEKO-TEX, REACH, RoHS, Phthalate-Free, Heavy Metal-Free
Fabric Properties	Waterproof, UV Resistant, Flame Retardant (DIN 4102 B1/M2)

Wind Resistance	Up to 80 km/h (EN 13782 Certified)
Operating Temperature	-15°C to +40°C
Packaging	Plastic-Free — Recyclable Kraft Paper + FSC-Certified Wooden Pallets
Shipping Option	Carbon-Neutral Sea Freight to Canada Available
Span Width Options	3m / 4m / 5m / 6m / 8m / 10m / 12m
Eave Height	2.6m / 3.0m / 3.5m / 4.0m
Color Options	Natural White, Earth Beige, Sage Green, Organic Earth Tones
Sidewall Options	Solid Fabric, Transparent Window, Open Sides
Warranty	5 Years Frame, 3 Years Fabric, Lifetime Take-Back Program

## Key Advantages for the Canadian Market

### 100% Recycled Aluminum Frame

Frame manufactured from post-consumer recycled aluminum — 95% lower carbon footprint than virgin production. Certificates provided for Canadian green building credits.

### OEKO-TEX Certified PVC-Free

PVC-free polyester fabric tested for 350+ harmful substances. Safe for guests, staff, and environment. Aligned with Canadian green procurement standards.

### Zero Plastic Packaging

No plastic wrap. Recyclable kraft paper and FSC-certified wooden pallets. Aligned with Canada's federal single-use plastics ban and municipal zero-waste goals.

### LEED Compatible Documentation

Documentation package supports Canadian LEED green building certification. Recycled content, low-VOC, and regional materials credits applicable.

### **Carbon-Neutral Canadian Shipping**

Ocean freight emissions calculated and offset through verified Gold Standard Canadian forestry projects. Documentation for scope 3 emissions reporting.

### **Lifetime Take-Back Program**

End-of-life collection with guaranteed recycling. Certificate of responsible disposal provided for Canadian corporate sustainability reporting.

---

**Aligned with Canadian Environmental Policy:** Every aspect supports Canada's climate commitments — federal carbon pricing, zero plastic waste strategy, and provincial green building mandates.

**TUV + OEKO-TEX Certified:** Full structural certification plus the world's most recognized textile safety standard for complete Canadian market confidence.

**5-Year Sustainable Warranty:** Comprehensive warranty backed by durability commitment — the most sustainable tent is one that lasts for years, not seasons.

**10+ Years Green Manufacturing:** Over a decade continuously improving environmental performance — from materials to manufacturing to logistics.

**Transparent Canadian Supply Chain:** Full material traceability. We know where every component comes from and can prove its sustainability credentials for Canadian procurement.

## **Manufacturing Excellence — Our Production Process**

---

Every tent is manufactured in our 20,000 sqm ISO-certified facility:

**1**

### **Certified Sustainable Material Sourcing**

100% post-consumer recycled aluminum from audited suppliers. OEKO-TEX fabric with full chain-of-custody for Canadian client verification.

**2**

### **CNC Energy-Efficient Machining**

8 CNC machining centers with energy recovery. Aluminum offcuts 100% collected and returned to recycling — zero production metal waste.

3

### Water-Based Zero-VOC Coating

Water-based powder coating process with closed-loop water system. No toxic chemicals released. Compliant with Canadian environmental regulations.

4

### PVC-Free Fabric Welding

OEKO-TEX polyester welded with energy-efficient high-frequency technology. All fabric offcuts collected for textile recycling programs.

5

### Green QC & Pre-Assembly

78-point inspection with digital checklists (paperless). Full pre-assembly ensures first-time-right delivery — reducing returns and carbon waste.

6

### Plastic-Free Packaging & Carbon-Neutral Shipping

Kraft paper wrapping on FSC pallets. Carbon-neutral ocean freight to Vancouver, Montreal, and Halifax available for Canadian orders.

## Our Factory — 10+ Years of Expertise

Factory Feature	Details
Established	2013 — Over 10 Years of Industry Experience
Factory Area	20,000+ sqm Production Facility
Production Capacity	5,000+ Tent Sets per Month
Workforce	150+ Skilled Workers & Engineers
R&D Team	12 Dedicated Design & Structural Engineers
CNC Machines	8 CNC Machining Centers, 3 High-Frequency Welding Lines
Quality System	ISO 9001:2015 Certified Quality Management
Export Markets	50+ Countries including Canada, USA, UK, Germany, Australia, Scandinavia
Annual Export Volume	USD 15 Million+ in Tent Products

## Certifications & Test Reports

TUV Rheinland

CE Marking (EU)

ISO 9001:2015

EN 13782 Wind Test

DIN 4102 B1 Fire

REACH

RoHS

Certificate	Standard	Scope
TUV Rheinland	Structural Safety & Material Testing	Frame Strength, Wind/Snow Load, Durability
CE Certification	EU Construction Products Regulation	Full Tent System Compliance
ISO 9001:2015	Quality Management System	Design, Manufacturing, Sales & After-Sales
EN 13782	Temporary Structures	Wind Resistance Verified
DIN 4102 B1	Fire Behavior	PVC Fabric Flame Retardancy Class B1

## 5-Year Warranty Commitment

Component	Warranty Period	Coverage
Aluminum Frame	5 Years	Manufacturing defects, structural failure under normal use
PVC Fabric Cover	3 Years	Material delamination, seam failure, excessive UV degradation
Steel Connectors & Hardware	5 Years	Corrosion beyond normal wear, mechanical failure
Spare Parts Availability	10+ Years	Guaranteed spare parts supply for all models

## Pre-Sales & After-Sales Service

<b>Pre-Sales Consultation</b>	Free expert consultation for your Canadian business needs and climate zone requirements.
<b>Custom Design Service</b>	CAD drawings and 3D renderings. Custom colors, sizes, and branding for your Canadian identity.
<b>Sample Service</b>	Fabric swatches and frame samples available. Factory visit or live video tour upon request.
<b>Installation Support</b>	Installation manual in English and French. Video guide and remote support for first assembly in Canada.
<b>On-Site Engineering</b>	Engineer dispatch available for large Canadian projects. Professional crew training included.
<b>After-Sales Response</b>	Dedicated account manager. 24-hour email response. 48-hour spare parts dispatch to Canada.
<b>Seasonal Maintenance Guide</b>	Customized care instructions for Canadian climate zones — from Vancouver to St. John's.

## Frequently Asked Questions

### Q1: What makes this tent sustainable for Canadian procurement standards?

Five key features: (1) 100% recycled aluminum frame, (2) OEKO-TEX PVC-free fabric, (3) Zero-VOC water-based coating, (4) Plastic-free packaging, (5) Carbon-neutral shipping option. Plus lifetime take-back program. Documentation supports LEED credits.

### Q2: Does this tent support Canadian LEED certification points?

Yes. Documentation package supports LEED credits for recycled content, low-emitting materials, and regional materials. We provide certified recycled content percentages and VOC emission data.

**Q3: Is the PVC-free fabric as durable in Canadian weather?**

Yes. OEKO-TEX certified polyester meets same performance standards — 750g/m<sup>2</sup>, fully waterproof, UV resistant, flame retardant to DIN 4102 B1. No PVC, no phthalates, no heavy metals.

**Q4: How does carbon-neutral shipping to Canada work?**

Emissions from ocean freight are calculated and offset through verified Gold Standard carbon credit projects — including Canadian forestry conservation initiatives. Offset certificates provided.

**Q5: What happens at end of life — can it really be recycled?**

Yes. Our lifetime take-back program collects used components for 100% recycling. Aluminum returns to the metal stream. Fabric enters textile recycling. You receive a certificate for your sustainability reporting.

**Q6: What is the minimum order quantity?**

MOQ is 1 set. We serve individual Canadian eco-conscious event companies and large institutional buyers with green procurement requirements.

**Q7: How long does delivery to Canada take?**

Production: 15-25 working days. Carbon-neutral sea freight to Vancouver, Montreal, or Halifax: 30-40 days. Express air freight with carbon offset available.

**Q8: Is French documentation available for Quebec procurement?**

Yes. All sustainability documentation — recycled content certificates, OEKO-TEX certification, carbon offset reports — provided in English and French for Canadian bilingual requirements.
