Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: TUV SUD, ISO 9001:2015, SGS, CE, NFPA 701
- Model Number: PMT-KW25
- Minimum Order Quantity: 25 Square Meters
- Price: USD 35-85 / Square Meter
- Packaging Details: Aluminum frame packed in protective bubble film; PVC fabric roof and sidewalls packed in heavy-duty carry bags; hardware in labeled export cartons with Arabic-English labeling
- Delivery Time: 18-25 Days for Production, Shipping to Kuwait Port Available
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Frame Material: Hard Pressed Aluminum Alloy T6061/T6
- Roof Cover: 850g/sqm PVC Coated Polyester Fabric
- Side Wall: 650g/sqm PVC Coated Polyester Fabric
- Wind Load: Up To 100km/h (Customizable)
- UV Protection: 95% UV Block Rate
- Warranty: 5 Years Frame, 3 Years Fabric
- Target Market: Kuwait / GCC
- Highlight: Luxury aluminum frame party marquee tent,
UV resistant PVC roof marquee tent,
Outdoor wedding reception marquee tent

Product Description

Our P

Engineered for Kuwait's Premium Event Market — Built to Withstand Desert Extremes with Elegance and Reliability

5-Year Warranty

Factory Direct

TUV Certified

Kuwait Market Specialized

Product Overview

Designed specifically for Kuwait's prestigious outdoor wedding market, this luxury Party Marquee Tent combines a robust hard-pressed aluminum T6061/T6 frame with premium UV-resistant PVC coated polyester fabric. The elegant clear-span interior provides unobstructed views perfect for traditional Kuwaiti wedding ceremonies, segregated receptions, and large banquet setups accommodating 100 to 500+ guests. With integrated HVAC compatibility for climate-controlled comfort and customizable interior finishes that respect Kuwaiti cultural preferences, this tent delivers the perfect of luxury, practicality, and cultural sensitivity that Kuwait's discerning wedding planners demand.

Manufactured by **Tendars**, a trusted manufacturer with **over 10 years of industry experience** in designing and producing premium marquee tents in the GCC region. Our Party Marquee Tents are purpose-engineered for Kuwait's demanding environment — featuring enhanced UV protection for intense summer heat, corrosion-resistant galvanized steel connectors for coastal humidity, and wind-stable aluminum alloy frames tested for desert conditions. Every tent is backed by TUV SUD certification and a 5-year structural warranty.

Technical Specifications

Parameter	Specification
Product Name	Luxury Aluminum Frame Party Marquee Tent for Kuwait Weddings
Frame Material	Hard Pressed Aluminum Alloy T6061/T6
Roof Cover	850g/sqm UV-Resistant PVC Coated Polyester Fabric
Side Wall	650g/sqm PVC Coated Polyester Fabric
Fabric Color Options	White, Ivory, Gold, or Customized
Connectors	Hot-Dip Galvanized Twin Plate with Expansion Bolts
Wind Load Rating	Up to 100km/h (Certified with Engineering Report)
UV Protection	95% UV Block Rate with Heat-Reflective Coating
Temperature Range	-30°C to +55°C Operating Range
Flame Retardancy	NFPA 701 / DIN 4102 B1 Certified
Accessories	PVC Windows, Glass Door, Rain Gutter, Lining, Curtains, Flooring, Weight Plates, Partition System
Application	Kuwait Outdoor Weddings, Receptions, Banquets, Engagement Ceremonies
Warranty	5-Year Structural Frame Warranty, 3-Year Fabric Warranty

Key Product Advantages

Clear Span Grand Interior

Column-free design maximizes usable event space for elaborate Kuwaiti wedding setups — from traditional floor seating to modern banquet arrangements with dance floors.

Advanced UV Reflective Roof

850g/sqm double-layer PVC coated polyester with integrated UV stabilizers and reflective coating blocks 95% of solar radiation, keeping interiors comfortable even during Kuwait's summer wedding season.

Cultural Design Flexibility

Modular partition system creates separate zones for family seating areas (majlis-style) and mixed guest sections, respecting Kuwaiti wedding traditions.

Premium Interior Aesthetics

Available with pleated ceiling drapes, chandelier mounting points, and luxury flooring compatible with carpet tiles for the sophisticated ambiance expected at Kuwaiti wedding venues.

Climate Control Integration

Frame structure compatible with high-capacity HVAC systems for fully air-conditioned interiors — essential for Kuwait's summer wedding months (May-October).

Rapid Assembly for Time-Sensitive Events

Modular aluminum frame with quick-lock connectors enables full 200sqm setup within 6 hours by a trained crew, perfect for tight wedding preparation schedules.

Kuwait Market Performance Highlights

Extreme UV Protection: Double-layer PVC fabric with advanced UV stabilizers blocks 95% of harmful solar radiation — essential for Kuwait's summer temperatures exceeding 50°C

Coastal Corrosion Resistance: Hot-dip galvanized connectors and aluminum alloy frame resist salt-laden humidity from the Arabian Gulf

Sandstorm Defense: Tight-seal sidewall connections and ground-level sand skirts prevent fine desert sand infiltration during Kuwait's seasonal shamal winds

Fire Safety Compliance: All PVC fabrics certified to NFPA 701 and DIN 4102 B1 standards — meeting Kuwait Fire Department requirements for public venues

Cultural Design Adaptability: Modular partition systems support Kuwaiti cultural preferences for separate family and guest seating areas

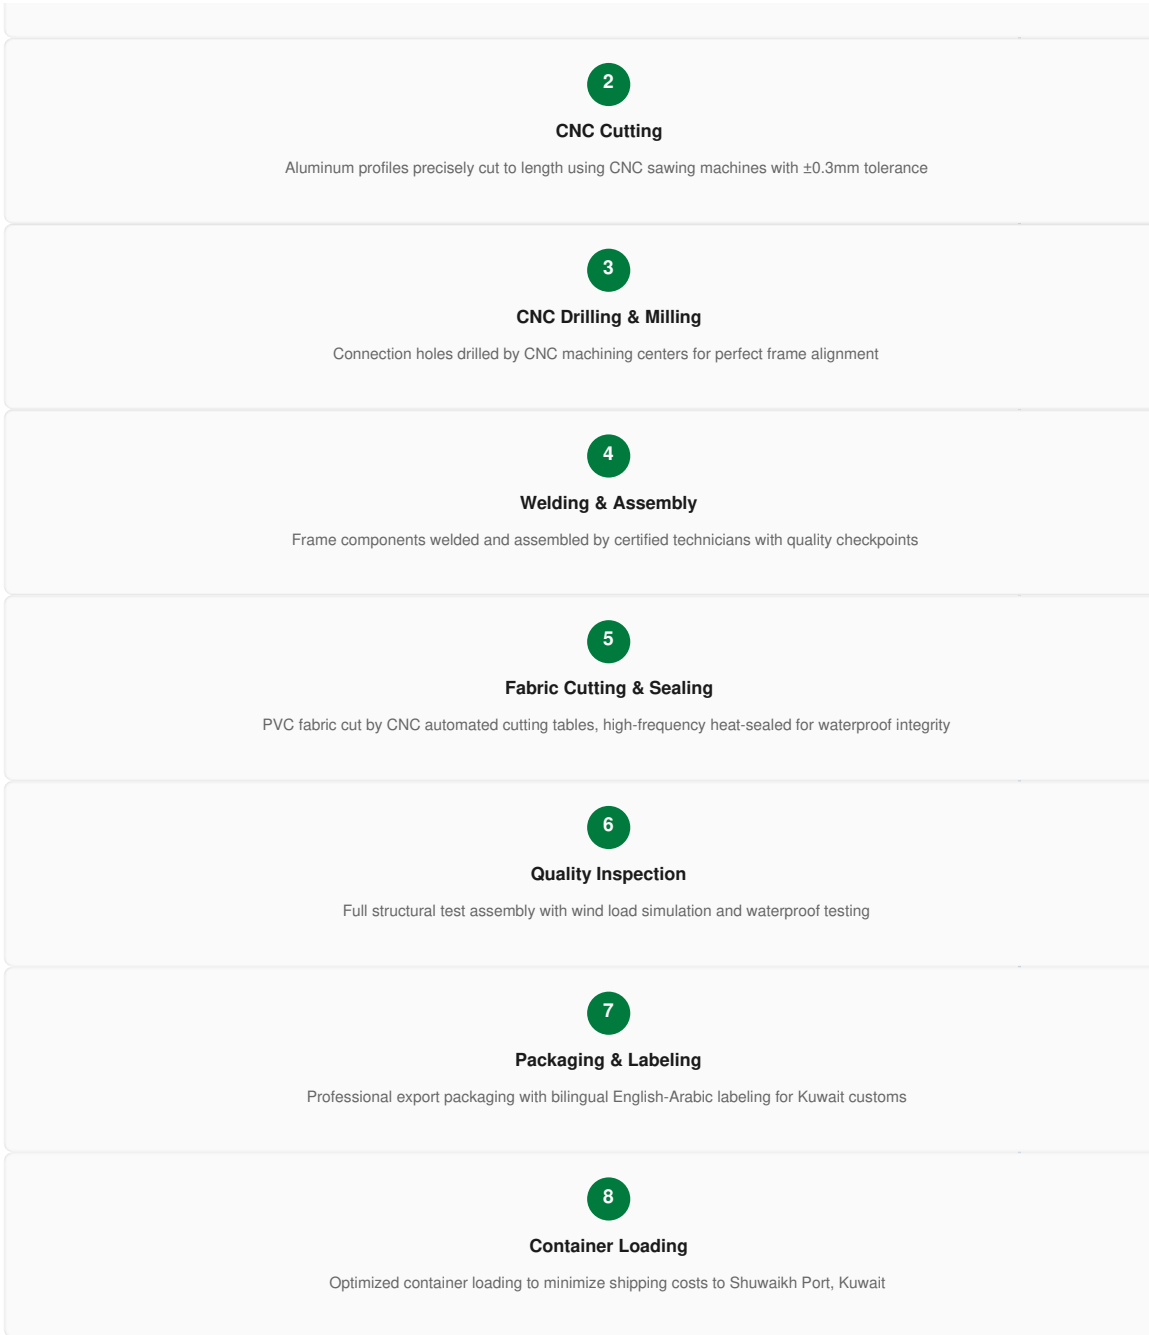

Production Process & CNC Manufacturing

At Tendars, every Party Marquee Tent is manufactured through a precision-driven production process utilizing advanced **CNC (Computer Numerical Control) machinery** to ensure consistent quality and tight tolerances for the demanding Kuwait market.

Certifications & Test Reports

Our Party Marquee Tents undergo rigorous third-party testing and hold internationally recognized certifications, ensuring full compliance with Kuwait import regulations and municipal safety standards.

TÜV SÜD

Comprehensive product safety and quality certification. Structural load testing, material flame retardancy verification, and wind resistance validation for Kuwait conditions.

ISO 9001:2015

Quality management system certification covering design, manufacturing, and after-sales service processes for international markets.

SGS

Independent third-party testing for material composition, UV aging resistance, salt spray corrosion testing, and structural integrity verification.

CE Marking

European conformity assessment confirming compliance with EU health, safety, and environmental standards recognized in Kuwait.

Flame Retardant Test

PVC fabric certified to NFPA 701 and DIN 4102 B1 flame retardant standards — meeting Kuwait Fire Department public event safety requirements.

Wind Load Test Report

Structural wind resistance tested and certified up to 100km/h with full engineering calculation reports for Kuwait's seasonal wind conditions.

Pre-Sales & After-Sales Service

Pre-Sales Consultation

Dedicated project manager to assess your event requirements, venue conditions in Kuwait, and local municipal regulations. Free 3D layout design and engineering calculations provided.

Custom Design Support

Custom colors, Arabic calligraphy branding, size configurations, and accessory selection. CAD drawings provided for client approval before production begins.

Kuwait Logistics Coordination

Full shipping support to Shuwaikh Port and Shuaiba Port. All Kuwait customs documentation prepared including Certificate of Origin and SASO compliance certificates.

Installation Guidance

Detailed installation manuals with Arabic translation and video tutorials. Optional on-site installation team dispatch to Kuwait City and surrounding areas available upon request.

5-Year Structural Warranty

Aluminum frame covered by 5-year structural warranty against manufacturing defects. PVC fabric covered by 3-year warranty. Warranty service available for Kuwait-based clients.

24/7 After-Sales Support

Dedicated support team available via WhatsApp, email, and phone. Spare parts shipped to Kuwait within 48 hours. Arabic-speaking support representatives available.

Frequently Asked Questions

Q: Is this tent suitable for Kuwait's summer wedding season?

A: Yes. Our tents feature advanced UV-reflective roof coating and HVAC integration capability. For summer events, we recommend pairing with portable units — the frame includes dedicated HVAC ducting ports. Interior temperatures can be maintained at 22-24°C even when outdoor temperatures exceed 50°C.

Q: Can the tent accommodate segregated seating for Kuwaiti weddings?

A: Absolutely. Our modular partition system allows creating separate zones within a single tent structure. This is ideal for traditional Kuwaiti weddings requiring family-only sections (majlis) separate from general guest areas. We can design the layout according to your specific cultural requirements.

Q: What is the minimum order quantity for Kuwait delivery?

A: Minimum order starts at 25 square meters. We offer flexible configurations — from intimate 5m*5m setups to grand multi-module complexes spanning 500+ square meters.

Q: Do you provide installation in Kuwait?

A: We provide comprehensive installation manuals with Arabic translation and video guides. On-site professional installation team dispatch to Kuwait City and all governorates is available as an optional service.

Q: How long does shipping to Kuwait take?

A: Standard sea freight to Shuwaikh Port takes approximately 18-25 days. Express air freight options are available for urgent orders (3-5 days to Kuwait International Airport).

Ready to Elevate Your Kuwait Event Experience?

Contact our GCC market specialist today for a customized quotation and free 3D layout design tailored to your Kuwait venue.
