

Premium Party Marquee Tent Waterproof PVC Coated Canopy Aluminum Alloy Frame for Kuwait Corporate Exhibitions

Our Product Introduction

for more products please visit us on marquees-tent.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: TUV SUD, ISO 9001:2015, SGS, CE, NFPA 701
- Model Number: PMT-KW25
- Minimum Order Quantity: 25 Square Meters
- Price: USD 35-85 / Square Meter
- Packaging Details: Aluminum frame packed in protective bubble film; PVC fabric roof and sidewalls packed in heavy-duty carry bags; hardware in labeled export cartons with Arabic-English labeling
- Delivery Time: 18-25 Days for Production, Shipping to Kuwait Port Available
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Frame Material: Hard Pressed Aluminum Alloy T6061/T6
- Roof Cover: 850g/sqm PVC Coated Polyester Fabric
- Side Wall: 650g/sqm PVC Coated Polyester Fabric
- Wind Load: Up To 100km/h (Customizable)
- UV Protection: 95% UV Block Rate
- Warranty: 5 Years Frame, 3 Years Fabric
- Target Market: Kuwait / GCC
- Highlight: **Premium Party Marquee Tent Waterproof PVC ,**
Aluminum Alloy Frame Marquee Tent ,
Corporate Exhibition Marquee Tent Kuwait

Product Description

Our P

Engineered for Kuwait's Premium Event Market — Built to Withstand Desert Extremes with Elegance and Reliability

5-Year Warranty

Factory Direct

TUV Certified

Kuwait Market Specialized

Product Overview

Engineered for Kuwait's dynamic corporate event and exhibition sector, this premium Party Marquee Tent delivers a world-class temporary structure solution for trade shows, product launches, oil and gas industry exhibitions, and corporate conferences. The heavy-duty aluminum alloy T6061/T6063 paired with fully waterproof PVC coated polyester canopy ensures reliable performance for high-stakes business events across Kuwait City, Al Ahmadi, and beyond. With customizable corporate branding options and rapid deployment capability, it serves as the ideal temporary exhibition space for local and international businesses seeking a professional, weather-proof venue solution.

Manufactured by **Tendars**, a trusted manufacturer with **over 10 years of industry experience** in designing and producing premium marquee tents across the GCC region. Our Party Marquee Tents are purpose-engineered for Kuwait's demanding environment — featuring enhanced UV protection for intense summer heat, corrosion-resistant galvanized steel connectors for coastal humidity, and wind-stable aluminum alloy frames tested for desert conditions. Every tent is backed by TUV SUD certification and a 5-year structural warranty.

Technical Specifications

Parameter	Specification
Product Name	Premium Party Marquee Tent for Kuwait Corporate Exhibitions
Frame Material	Hard Pressed Aluminum Alloy T6061/T6063
Roof Cover	850g/sqm Waterproof PVC Coated Polyester Fabric
Side Wall	650g/sqm PVC Coated Polyester Fabric
Fabric Color Options	White, Gray, Transparent, or Custom Printed
Connectors	Hot-Dip Galvanized Twin Plate with Expansion Bolts
Wind Load Rating	Up to 100km/h (Customizable for Higher Ratings)
Waterproof Rating	100% Waterproof with High-Frequency Heat-Sealed Seams
Temperature Range	-30°C to +55°C Operating Range
Flame Retardancy	NFPA 701 / DIN 4102 B1 Certified
Accessories	Glass Door, PVC Windows, Rain Gutter, Raised Flooring System, Cable Management Trays, Lighting Truss, Weight Plates
Application	Kuwait Trade Shows, Oil & Gas Exhibitions, Corporate Conferences, Product Launches
Warranty	5-Year Structural Frame Warranty, 3-Year Fabric Warranty

Key Product Advantages

Professional Exhibition Architecture

Clear span interior with high ceiling clearance ideal for exhibition booths, product demonstration areas, and corporate branding installations at Kuwait trade shows and oil industry expos.

Complete Waterproof Protection

Double-sealed high-frequency heat-welded seams and 850g/sqm PVC fabric ensure 100% waterproof performance — protecting valuable exhibition equipment from Kuwait's occasional heavy rainfall.

Corporate Branding Ready

Solid PVC sidewall panels provide excellent surfaces for corporate logo printing, brand messaging, and marketing graphics in both English and Arabic — maximizing brand visibility.

Heavy Equipment Compatible Flooring

Frame designed to accommodate raised flooring systems, heavy exhibition machinery, and extensive cable management — ideal for oil and gas sector trade shows in Kuwait.

Quick Deploy for Short-Lead Events

Modular component system allows a 100sqm exhibition tent to be fully assembled in one working day, minimizing venue preparation time and rental costs.

Multi-Module Expandability

Expandable modular design connects multiple units to create large exhibition halls spanning hundreds of square meters. Compatible with glass wall systems for premium corporate aesthetics.

Kuwait Market Performance Highlights

Extreme UV Protection: Double-layer PVC fabric with advanced UV stabilizers blocks 95% of harmful solar radiation — essential for Kuwait's summer temperatures exceeding 50°C

Coastal Corrosion Resistance: Hot-dip galvanized connectors and aluminum alloy frame resist salt-laden humidity from the Arabian Gulf

Sandstorm Defense: Tight-seal sidewall connections and ground-level sand skirts prevent fine desert sand infiltration during Kuwait's seasonal shamal winds

Fire Safety Compliance: All PVC fabrics certified to NFPA 701 and DIN 4102 B1 standards — meeting Kuwait Fire Department requirements for public venues

Cultural Design Adaptability: Modular partition systems support Kuwaiti cultural preferences for separate family and guest seating areas

Production Process & CNC Manufacturing

At Tendars, every Party Marquee Tent is manufactured through a precision-driven production process utilizing advanced **CNC (Computer Numerical Control) machinery** to ensure consistent quality and tight tolerances for the demanding Kuwait market.

Material Inspection

Incoming aluminum alloy T6061/T6 and PVC fabric undergo rigorous quality checks against GCC standards

2

CNC Cutting

Aluminum profiles precisely cut to length using CNC sawing machines with $\pm 0.3\text{mm}$ tolerance

3

CNC Drilling & Milling

Connection holes drilled by CNC machining centers for perfect frame alignment

4

Welding & Assembly

Frame components welded and assembled by certified technicians with quality checkpoints

5

Fabric Cutting & Sealing

PVC fabric cut by CNC automated cutting tables, high-frequency heat-sealed for waterproof integrity

6

Quality Inspection

Full structural test assembly with wind load simulation and waterproof testing

7

Packaging & Labeling

Professional export packaging with bilingual English-Arabic labeling for Kuwait customs

8

Container Loading

Optimized container loading to minimize shipping costs to Shuwaikh Port, Kuwait

Certifications & Test Reports

Our Party Marquee Tents undergo rigorous third-party testing and hold internationally recognized certifications, ensuring full compliance with Kuwait import regulations and municipal safety standards.

TÜV SÜD

Comprehensive product safety and quality certification. Structural load testing, material flame retardancy verification, and wind resistance validation for Kuwait conditions.

ISO 9001:2015

Quality management system certification covering design, manufacturing, and after-sales service processes for international markets.

SGS

Independent third-party testing for material composition, UV aging resistance, salt spray corrosion testing, and structural integrity verification.

CE Marking

European conformity assessment confirming compliance with EU health, safety, and environmental standards recognized in Kuwait.

Flame Retardant Test

PVC fabric certified to NFPA 701 and DIN 4102 B1 flame retardant standards — meeting Kuwait Fire Department public event safety requirements.

Wind Load Test Report

Structural wind resistance tested and certified up to 100km/h with full engineering calculation reports for Kuwait's seasonal wind conditions.

Pre-Sales & After-Sales Service

Pre-Sales Consultation

Dedicated project manager to assess your event requirements, venue conditions in Kuwait, and local municipal regulations. Free 3D layout design and

engineering calculations provided.

Custom Design Support

Custom colors, Arabic calligraphy branding, size configurations, and accessory selection. CAD drawings provided for client approval before production begins.

Kuwait Logistics Coordination

Full shipping support to Shuwaikh Port and Shuaiba Port. All Kuwait customs documentation prepared including Certificate of Origin and SASO compliance certificates.

Installation Guidance

Detailed installation manuals with Arabic translation and video tutorials. Optional on-site installation team dispatch to Kuwait City and surrounding areas available upon request.

5-Year Structural Warranty

Aluminum frame covered by 5-year structural warranty against manufacturing defects. PVC fabric covered by 3-year warranty. Warranty service available for Kuwait-based clients.

24/7 After-Sales Support

Dedicated support team available via WhatsApp, email, and phone. Spare parts shipped to Kuwait within 48 hours. Arabic-speaking support representative available.

Frequently Asked Questions

Q: Can the tent be customized with our company branding?

A: Yes. Our PVC fabric sidewalls support high-quality custom printing in both English and Arabic. You can display your company logo, corporate colors, marketing messages on tent exterior and interior walls.

Q: Is the tent suitable for oil and gas industry exhibitions in Kuwait?

A: Absolutely. Our heavy-duty frame accommodates exhibition machinery and equipment displays. We offer reinforced flooring options, integrated cable management systems, and specialized lighting truss configurations for technical industry exhibitions.

Q: How quickly can an exhibition tent be set up in Kuwait?

A: A standard 100sqm configuration can be fully assembled within one working day by a trained crew. We can coordinate local installation teams in Kuwait to ensure timely setup before your event.

Q: What about electricity and climate control for exhibitions?

A: The frame includes integrated channels for cable routing. We offer compatible lighting truss systems, electrical distribution accessories, and high-capacity HVAC integration for comfortable exhibition environments year-round.

Q: Do you provide CAD drawings for venue planning in Kuwait?

A: Yes, our engineering team provides free CAD layout drawings and 3D renderings based on your Kuwait venue dimensions and specific requirements before production begins.

Ready to Elevate Your Kuwait Event Experience?

Contact our GCC market specialist today for a customized quotation and free 3D layout design tailored to your Kuwait venue.
