UV Resistant Party Marquee Tent Thailand Resort Beach Event Canopy with Sidewalls Aluminum Pavilion

Our Product Introduction

for more products please visit us on marquees-tent.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ECER
- Certification: TUV, ISO 9001:2015
- Model Number: PMT-TH02-UV
- Minimum Order Quantity: 1 Set
- Price: USD 600-3500 / Set
- Packaging Details: Fabric folded in protective PE bag, frame in export carton, sidewalls rolled with interleaving sheet
- Delivery Time: 7-15 working days after order confirmation
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 500 Sets per Month

Product Specification

- Frame Material: 6061-T6 Aluminum Alloy (Anti-Corrosion Anodized)
- Fabric Material: 850g/m² PVC Laminated Fabric
- UV Protection: UPF 50+ (Blocks 98% UV)
- Sidewall Type: Transparent PVC Window, Solid PVC, Mesh Screen
- Waterproof Rating: 100% Waterproof (EN 20811)
- Wind Resistance: Up To 80km/h With Coastal Anchoring
- Color Options: White, Ivory, Sand, Custom Colors
- Special Features: Panoramic Windows, Decorative Valance, Modular Sidewalls
- Highlight: **UV resistant party marquee tent,**

Our Prod

Product Description

Our **UV Resistant Party Marquee Tent** is specifically engineered for Thailand world-renowned resort and beachfront venues. From luxur

poolside receptions in Phuket to beach weddings in Krabi and seaside dining at Hua Hin resorts, this tent combines UPF 50+ sun protection with elegant panoramic window sidewalls. The anti-corrosion anodized aluminum frame withstands coastal salt-air exposure, while the modular sidewall system allows venues to adapt from open-air ocean views to fully enclosed climate-controlled spaces within minutes — essential for Thailand unpredictable tropical weather.

Thailand Resort Specialist: Sand, ivory, and white color palette complements Thailand luxury resort aesthetics. Panoramic transparent window sidewalls preserve stunning ocean and garden views while providing complete weather protection. Trusted by leading Thailand hospitality groups.

UPF 50+ UV Sun Protection

Advanced UV-stabilized 850g/m² PVC fabric blocks 98% of harmful UV radiation. Essential for Thailand midday events where UV index routinely reaches 13+ during hot season (March-May).

Panoramic Window Sidewalls

Large transparent PVC windows preserve breathtaking Thailand ocean, garden, and pool views while providing weather protection. Removable design for open-air breezes or full enclosure.

Coastal Anti-Corrosion Frame

6061-T6 aluminum with enhanced anodizing protects against Thailand coastal salt spray. Ideal for Phuket, Samui, Pattaya, and Krabi beachfront venues with year-round marine exposure.

Resort-Grade Elegant Design

Scalloped decorative valance, concealed frame joints, and premium sand/ivory/white color options. Complements 5-star Thailand resort aesthetics for luxury weddings and events.

Modular Sidewall System

Mix transparent PVC, solid PVC, and mesh sidewalls on each side independently. Configure for morning ocean breeze or afternoon rain protection without losing the view.

100% Waterproof Construction

Triple heat-welded seams on 850g/m² fabric with EN 20811 certification. Zero leakage guaranteed during Thailand sudden tropical showers — keep resort guests dry and comfortable.

Parameter	Specification
Frame Material	6061-T6 Aluminum Alloy (Anti-Corrosion Anodized)
Fabric Material	850g/m² PVC Laminated Fabric
UV Protection	UPF 50+ (Blocks 98% UV Radiation)
Waterproof Rating	100% Waterproof (EN 20811 Certified)
Sidewall Options	Transparent PVC Window, Solid PVC, Mesh Screen
Wind Resistance	Up to 80km/h with Coastal Anchoring System
Frame Diameter	50mm / 64mm Main Pole Options
Fire Rating	B1/M2 Flame Retardant
Valance Type	Decorative Scalloped Edge
Temperature Range	-20°C to +70°C

Precision manufacturing with CNC technology and 12-stage QC protocol for resort-grade quality.

1

Premium Material Selection

6061-T6 aluminum and 850g/m² PVC fabric tested for UV resistance, tensile strength, fire retardancy, and salt-spray corrosion resistance before production.

2

CNC Precision Tube Cutting

Aluminum profiles cut to ±0.1mm using 5-axis CNC machining centers for perfect frame geometry and resort-grade finish quality.

3

CNC Connector Machining

Frame connectors machined with CNC precision. Each joint engineered for seamless assembly and 500kg+ load capacity for Thailand resort safety standards.

4

Anti-Corrosion Anodizing

Enhanced 20µm anodized coating for maximum salt-spray resistance. Tested to 1000+ hours salt spray per ASTM B117 — essential for Thailand coastal venues.

5

Fabric CNC Cutting

Roof canopy, sidewalls, and valance precision-cut by CNC fabric cutter with consistent panel dimensions for perfect assembly alignment.

6

High-Frequency Heat Welding

All fabric seams permanently sealed by triple-pass high-frequency welding for 100% waterproof integrity and elegant seam appearance

7

Window Panel Integration

Transparent PVC windows precision-welded into sidewall panels with reinforced edge binding and UV-protective film for long-term clarity.

3

UV Stabilizer Application

Industrial UV stabilizers applied and tested under 1000+ hours accelerated weathering for Thailand intense equatorial UV exposure.

9

Frame Pre-Assembly Inspection

Each frame dry-assembled and inspected for connector fit, anodizing uniformity, and decorative valance alignment.

10

Water Spray Certification Test

45-minute pressurized water spray test at 200mm/h verifying zero leakage at all seams and window integration points.

11

TUV Certification Inspection

Independent TUV Rheinland verification of EN 13782, EN 15619, EN 20811, and fire retardancy for Thailand resort compliance.

12

Resort-Grade Packaging

Professional export packaging with protective interleaving, moisture-proof PE liner, and reinforced cartons for Thailand delivery.

15,000m² Manufacturing Facility

Integrated production base with CNC machining, fabric welding, anodizing line, and assembly workshops — all under rigorous ISO 9001:2015 quality management.

Advanced CNC Equipment

5-axis CNC machining centers, CNC fabric cutters, high-frequency welding machines, and automated anodizing line for precision resort-grade manufacturing.

10+ Years Industry Expertise

Over a decade supplying premium marquee tents to luxury resorts, hotels, and hospitality groups across Thailand and Southeast Asia.

500 Sets Monthly Capacity

Scalable production handling single resort orders to large Thailand hospitality group contracts with consistent premium quality.

TUV Certified Excellence

TUV Rheinland certified products. ISO 9001:2015 quality management. Salt spray corrosion testing per ASTM B117 for coastal environment validation.

Thailand Hospitality Specialist

Dedicated Thailand team with hospitality industry expertise. Understanding of 5-star resort requirements and Thai event service standards.

- TUV Rheinland Certified
- ISO 9001:2015
- B1/M2 Fire Retardant
- EN 20811 Waterproof
- * UPF 50+ Test Report
- ASTM B117 Salt Spray Test
- Wind Load Test Report
- UV Aging 1000h+
- EN 13782 Compliant

Full certification documentation for Thailand resort procurement, venue compliance, and hospitality group approval. Third-party inspection by TUV, SGS, or Bureau Veritas welcomed before shipment.

Service Item	Coverage	Response Time
Aluminum Frame Structure	5-year warranty (defects, corrosion including coastal)	48-Hour Response
PVC Fabric Canopy & Sidewalls	3-year warranty (UV degradation, delamination, seam failure)	48-Hour Response
Window Panels	3-year warranty (yellowing, cracking, delamination)	48-Hour Response
Connectors & Fittings	5-year warranty (breakage, corrosion)	48-Hour Response
Spare Parts Supply	10-year guaranteed spare parts availability	3-Day Dispatch
Resort Technical Support	Lifetime free consultation and maintenance guidance	24-Hour Response

Resort Venue Assessment

Complimentary venue assessment for Thailand resorts — we evaluate beachfront exposure, prevailing winds, guest flow, and aesthetic integration to recommend the ideal tent solution.

Resort Branding & 3D Design

Free 3D rendering with your resort logo and brand colors. Pantone matching to complement existing resort architecture and landscape design.

Thailand Resort Logistics

Coordinated delivery to all Thailand provinces including island ferry logistics for Koh Samui, Phuket, and Koh Phangan. Complete import handling.

Professional Installation

On-site installation team available for Thailand resort projects. Includes anchoring on sand, soil, or hardstand with resort-suitable ground protection.

30-Day Resort Quality Guarantee

Free express replacement for any defect within 30 days. Priority air freight to Thailand for resort event timelines and peak season requirements.

Thailand Resort Account Manager

Dedicated bilingual account manager. WhatsApp/Line/WeChat with 2-hour response during Thailand business hours (ICT, GMT+7).

Q:Is this tent suitable for beachfront use at our Phuket resort?

A: Yes, this model is specifically designed for Thailand beachfront venues. The 20µm anodized aluminum frame has passed 1000+ hour ASTM B117 salt spray testing for coastal corrosion resistance. We recommend the enhanced anchoring system for sandy soil conditions.

Q:Can we see the ocean view through the sidewalls?

A: Absolutely. The panoramic transparent PVC window sidewalls provide crystal-clear ocean and garden views while protecting guests from sun and rain. Window panels are UV-treated to prevent yellowing and maintain optical clarity for years.

Q:What colors are available to match our resort branding?

A: Standard colors include white, ivory, and sand — ideal for luxury resort aesthetics. Custom Pantone color matching is available for the canopy, sidewalls, valance, and frame finish. Free 3D rendering shows your exact color scheme before production.

Q:What is the minimum order quantity for Thailand resorts?

A: We accept orders from 1 set for trial evaluation. Volume discounts apply from 5+ sets. Many Thailand resorts start with 2-3 tents for poolside dining and expand based on guest demand.

Q:How do you handle delivery to Thai islands like Koh Samui?

A: We coordinate complete logistics including sea freight to Bangkok/Laem Chabang, then domestic transfer with ferry connection to Koh Samui, Phuket, Koh Phangan, and other islands. DDP delivery available with full customs and import handling.

Q:What warranty coverage do you provide for coastal resort use?

A: 5-year warranty on the anti-corrosion aluminum frame including coastal exposure, 3-year warranty on PVC fabric and window panels. Covers salt-spray corrosion, UV degradation, and manufacturing defects. Spare parts guaranteed for 10 years.

Q:Can you provide samples for our resort procurement team to evaluate?

A: Yes, we provide fabric swatches, frame finish samples, and window panel samples for physical evaluation. Full-size sample tents available at reduced pricing with order commitment. Factory visits welcomed for Thailand hospitality procurement teams.

Contact our factory specialists for a customized quotation, 3D rendering, and competitive pricing for Thailand luxury resorts and retail groups.
