

Rapid Deployment Party Marquee Tent Foldable Frame Portable Event Canopy Kazakhstan

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Marquees Tent
- Certification: TUV Rheinland, ISO 9001:2015
- Model Number: MT-KZ-F5
- Minimum Order Quantity: 1 Set
- Price: USD 350-1,800 / Set
- Packaging Details: Compact flat-pack carton on mini pallet for cost-efficient Kazakhstan rail/truck LCL shipping
- Delivery Time: 10-20 working days after order confirmation
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 600 Sets per Month

Product Specification

- Frame Material: 6061-T6 Aluminum Alloy 38mm X 1.8mm
- Cover Material: 750g/m² Cold-Resistant PVC Coated Polyester
- Deployment Time: Under 10 Minutes (2 Persons)
- Transport Size: Foldable To 1/8 Of Deployed Volume
- Wind Resistance: 70 Km/h With Guy Ropes
- Cold Resistance: -30°C Cover Flexibility
- UV Protection: UV Stabilized, 2-Year Warranty
- Weight: Lightest In Class, Single-Person Carry Components
- Color Options: White, Beige, Blue, Custom RAL On Request
- Highlight: **foldable party marquee tent,
portable event canopy tent,
rapid deployment frame tent**

Product Description

Rapid Deployment Party Marquee Tent — Foldable Design, Kazakhstan Mobile Event Ready

Premium Party Marquee Tent engineered for the Kazakhstan market — extreme climate durability, certified quality, rapid deployment. Ideal for outdoor weddings, corporate events, exhibitions, festivals and commercial gatherings across Kazakhstan and Central Asia.

Product Advantages & Selling Points for Kazakhstan Market

10-Minute Deployment

Revolutionary folding aluminum frame system deploys a complete 5m x 5m tent in under 10 minutes by 2 people — no tools, no training, no confusion for Kazakhstan mobile vendors and event operators

1/8 Transport Volume

Frame collapses to one-eighth of deployed volume — fits in a standard SUV trunk or minivan for Kazakh event professionals traveling between Almaty, Astana, and Shymkent for trade shows and festivals

Lightweight Portable Design

Premium 6061-T6 aluminum at 38mm diameter balances strength and portability — heaviest single component under 15kg for single-person lift and loading

Cold-Resistant Cover (-30°C)

750g/m² PVC cover with cold-flex formula remains pliable at -30°C — perfect for spring and autumn outdoor markets, Nauryz celebrations, and early winter events across Kazakhstan

Kazakhstan Mobile Business Optimized

Designed for entrepreneurs and small event businesses traveling between Kazakhstan's major cities — compact transport means lower logistics costs and higher event frequency

Multi-Surface Adaptable

Works on grass, concrete, asphalt, and compacted soil with included ground stakes, weight bag options, and tie-down kit — deploy anywhere in Kazakhstan's diverse terrain

Technical Specifications

Parameter	Specification
Span Width	3m / 4m / 5m / 6m
Eave Height	2.0m - 2.5m
Ridge Height	2.8m - 3.5m
Frame Material	6061-T6 Aluminum Alloy 38mm x 1.8mm
Cover Material	750g/m² Cold-Resistant PVC Coated Polyester
Deployment Time	Under 10 Minutes (2 Persons)
Wind Resistance	70 km/h with Guy Ropes & Stakes
Cold Resistance	-30°C Cover Flexibility Maintained
Transport Volume	Foldable to 1/8 of Deployed Size
Max Single Component Weight	Under 15kg
Color Options	White, Beige, Blue, Custom RAL
Accessories Included	Guy Ropes, Ground Stakes, Wheeled Carry Bag

⚙️ Production Process & CNC Manufacturing

Step 1: CNC Precision Cutting

Aluminum alloy profiles precisely cut by advanced CNC machining centers with ±0.5mm tolerance control — ensuring flawless assembly even at -40°C expansion conditions.

Step 2: Frame Welding & Assembly

Steel frames undergo TIG/MIG welding by certified welders with 80µm hot-dip galvanizing for Kazakhstan's harsh continental climate — zero rust for 15+ years.

Step 3: PVC Fabric Cutting & HF Welding

High-frequency heat welding for PVC fabric panels ensures 100% waterproof seams — tested at -40°C cold crack resistance for Kazakhstan winters.

Step 4: Full Assembly QC & Export Packing

Every unit undergoes complete pre-assembly inspection before export-grade steel pallet packing — optimized for rail and truck transport to Kazakhstan via Almaty, Astana, and Shymkent.

Factory Strength & Company Advantages

10+ Years Industry Experience

Over a decade of expertise in designing and manufacturing marquee tents for global markets, with proven success in Central Asian extreme climate conditions.

20,000 m² Production Facility

State-of-the-art factory equipped with 6 CNC machining centers, automated welding lines, and high-frequency PVC welding machines — 500+ units monthly capacity.

Kazakhstan Logistics Hub

Dedicated China-Kazakhstan rail freight via Khorgos/Alashankou dry ports. 12-18 day transit to Almaty. Consolidated container loading for cost efficiency.

5-Year Frame Warranty

All aluminum and steel frames backed by a comprehensive 5-year warranty against manufacturing defects. PVC covers carry a 3-year UV and cold-crack warranty.

Certifications & Test Reports

TUV Rheinland Certified

Frame structural safety certified by TUV Rheinland. Meets EN 13782 temporary structure standards — recognized and trusted in Kazakhstan for government and corporate procurement.

ISO 9001:2015

Quality management system certified by SGS. Full production traceability from raw material to finished product — meets Kazakhstan GOST compliance requirements.

Cold Crack Test (-40°C)

PVC fabric tested at -40°C for cold crack resistance. Material maintains flexibility and structural integrity in Kazakhstan's extreme winter conditions.

Wind Load Test Report

Frame tested for sustained steppe winds up to 100 km/h. Reinforced anchoring system validated for Kazakhstan's open terrain wind conditions.

Pre-Sales & After-Sales Service

Pre-Sales Support

Free 3D layout design & rendering for your Kazakhstan venue dimensions

Material samples shipped within 48 hours (DHL/FedEx to Almaty/Astana)

Russian-language product brochures, installation manuals & technical datasheets

Wind load & snow load calculations for Kazakhstan climate zones

Free quotation with detailed BOM within 24 hours (Russian/English)

Video factory tour & live product demonstration via video call

After-Sales Service

Free spare parts kit with every container order (connectors, bolts, washers, pins)

5-year aluminum/steel frame warranty against manufacturing defects

3-year PVC cover warranty (UV degradation & cold crack)

Installation video guide with Russian voice-over instructions

24/7 WhatsApp technical support with Russian-speaking team

Replacement parts express shipped within 72 hours to Kazakhstan via rail/air

Frequently Asked Questions — Kazakhstan Market

Q: How fast can I set this up for a trade show in Almaty?

A: Two people can fully deploy a 5m x 5m tent in under 10 minutes. Pack-down is equally fast. This makes it ideal for multi-city exhibition tours across Kazakhstan.

Q: Can I transport it in my car between cities?

A: Yes. The folded frame and cover fit in a standard SUV trunk or minivan. For event professionals driving between Almaty, Astana, and regional cities, this is our most logistics-friendly tent.

Q: Is it strong enough for Kazakhstan weather?

A: With included guy ropes and ground stakes properly deployed, the tent is rated for 70 km/h winds. We recommend this model for spring through autumn use. For year-round extreme weather, consider our all-season or snow-load models.

Q: Can I order replacement covers in different colors?

A: Yes. Replacement PVC covers are available in white, beige, and blue. For volume orders of 10+ units, custom RAL colors and branded printing are available for Kazakh corporate branding.

Q: Do you offer a starter kit for new event businesses in Kazakhstan?

A: Yes. Our Kazakhstan starter package includes 2 tents, spare covers, tool kit, wheeled transport bags, and

comprehensive Russian-language setup guide at a discounted package price. Contact us for details.

Q: What is the delivery time for orders to Kazakhstan?

A: Standard production time is 10-20 working days. Rail transport to Almaty takes 12-18 days. Rush production + air freight to Almaty International Airport is available in 7-10 days total for urgent orders.
