

Grand Wedding Ceremony Party Marquee Tent Aluminum Frame PVC Event Pavilion Turkmenistan Celebration

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Marquees Tent
- Certification: TUV Rheinland Certified, ISO 9001:2015, DIN 4102 B1
- Model Number: GWT-1000T
- Minimum Order Quantity: 1 Piece (Sample), 10 Pieces (Regular Order)
- Price: USD 500-5000 / Piece (varies by size and configuration)
- Packaging Details: Heavy-duty PE film wrapping + reinforced export cartons + fumigated wooden pallets for international container shipping
- Delivery Time: 15-25 working days after deposit confirmation
- Payment Terms: T/T (30% deposit, 70% before shipment), L/C at Sight, Western Union
- Supply Ability: 50000 Pieces per Year

Product Specification

- Frame Material: Aluminum Alloy 6061-T6
- Roof Cover Material: Double-coated PVC 850g/m²
- Sidewall Material: PVC 650g/m² With UV50+ Coating
- Fire Retardancy Standard: DIN 4102 B1 / M2
- UV Protection Rating: UV50+ Industrial Coating
- Wind Resistance: Up To 100 Km/h (properly Anchored)
- Operating Temperature: -30°C To +70°C
- Warranty Coverage: 5 Years Frame Structure, 3 Years PVC Fabric
- Certification Body: TUV Rheinland, ISO 9001:2015
- Target Market: Turkmenistan / Central Asia
- Years Of Experience: 10+ Years Specialized Manufacturing
- Highlight: **Grand Wedding Party Marquee Tent, Aluminum Frame PVC Event Pavilion, Turkmenistan Celebration Marquee Tent**

Product Description

Grand Wedding Ceremony Tent Solution for Turkmenistan

Our wedding party marquee tent is purpose-built for traditional Turkmen wedding ceremonies, engagement celebrations, and multi-day wedding festivals in Turkmenistan. Constructed with **CNC-precision aluminum frames** and industrial-grade PVC fabric, this tent withstands Turkmenistan's continental climate — from Ashgabat summer temperatures exceeding 45°C to winter conditions in Dashoguz. Every unit is manufactured in our ISO-certified facility with **over 10 years of specialized experience** and protected by a comprehensive **5-year structural warranty**.

Technical Specifications

Parameter	Specification	Parameter	Specification
Frame Material	Hard-pressed Aluminum Alloy 6061-T6	Roof Cover	Double-coated PVC 850g/m²
Sidewall Material	PVC 650g/m² with UV50+ Coating	Frame Finish	Anodized / Powder Coated
Wind Resistance	Up to 100 km/h (properly anchored)	Snow Load Capacity	Up to 0.5 kN/m²
Fire Retardancy	DIN 4102 B1 / M2 Certified	UV Protection	UV50+ Standard Industrial Coating
Connector Type	Hot-dip Galvanized Steel Joints	Temperature Range	-30°C to +70°C
Frame Warranty	5 Years Structure	Fabric Warranty	3 Years PVC Cover
Brand Name	Marquees Tent	Model Number	GWT-1000T

Wedding Marquee Tent Advantages

Superior Structure Design

Spacious high-peak roof design creates a magnificent setting for traditional Turkmen wedding feasts accommodating hundreds of guests

Flexible Configuration

Customizable interior with decorative drapery hooks, chandelier mounting points, and traditional ornament display options

Premium Material Quality

Premium UV-resistant PVC fabric shields guests from the intense Central Asian sun during daytime wedding events

Reliable Engineering

Sturdy aluminum frame engineered for multi-day celebrations with secure anchoring for extended outdoor use

Why Choose Our Party Marquee Tent for Turkmenistan Market

✓ **Continental Climate Engineered:** Designed for Turkmenistan's extreme temperature variations — UV50+ protection for 45°C+ summers and reinforced structure for winter snow loads in northern regions.

✓ **5-Year Structural Warranty:** Complete frame warranty with dedicated after-sales support — replacement components dispatched within 7 working days to Turkmenistan.

TUV Rheinland Certified: All structural components and fabric materials tested and certified by TUV Rheinland — internationally recognized quality assurance for Turkmenistan importers.

10+ Years Export Expertise: Proven track record shipping to Central Asian markets with reliable logistics routes to Turkmenistan via Caspian Sea and overland corridors.

Full Customization Service: Tailor dimensions, roof colors, sidewall configurations, window placement, and decorative elements to match Turkmen cultural preferences and venue specifications.

Direct Factory Pricing: Manufacturer-direct pricing eliminates intermediary markups — competitive landed costs for Turkmenistan importers and event companies.

Manufacturing Process & CNC Precision Engineering

Every marquee tent is manufactured through a rigorous 7-stage production process in our advanced facility, utilizing precision CNC machinery and automated production lines to guarantee consistent excellence across every unit delivered to Turkmenistan.

Stage	Process Description	Equipment	QC Standard
01	Raw Material Inspection 6061-T6 aluminum profiles and PVC fabric rolls verified for tensile strength, thickness uniformity, and chemical composition	Tensile Tester, Spectrometer	Material certificate verification, batch traceability log
02	CNC Precision Cutting Aluminum profiles cut to precise specifications with ± 0.1 mm dimensional tolerance	CNC Double-Head Cutting Machine	Digital caliper measurement, angle verification gauge
03	CNC Drilling & Milling Connector holes and slots precisely machined for perfect-fit assembly of every frame joint	CNC Milling Center, Multi-Spindle Drill	Go/no-go gauge testing, CMM coordinate verification
04	Surface Treatment Anodizing or electrostatic powder coating applied for superior corrosion resistance in Turkmenistan's varied climate	Anodizing Line, Powder Coating Booth	Coating thickness gauge, cross-hatch adhesion test, salt spray chamber
05	PVC Fabric Cutting & HF Welding Computer-guided fabric cutting with high-frequency seam welding for complete waterproof integrity	HF Welding Machine, Auto Cutting Table	Seam tensile strength test, hydrostatic pressure test
06	Pre-Shipment Assembly Test 100% complete frame assembly verification in factory before packing to guarantee perfect fit on site	Assembly Jig, Torque Wrench	Full assembly inspection, joint fit tolerance verification
07	Professional Packaging & Loading Export-grade packing with reinforced cartons and fumigated pallets for secure container transport to Turkmenistan	Auto Strapper, Pallet Wrapper	Packing list audit, shipping mark verification, container loading photo documentation

Company Strength & Factory Capabilities

With **over 10 years of specialized manufacturing experience** in the marquee tent industry, our factory is equipped with advanced **CNC cutting and milling machines**, automatic welding robots, and high-frequency PVC welding production lines. Operating from a **5,000+ sqm production facility** with annual output exceeding **50,000 units**, our engineering team continuously optimizes frame structures for Central Asian climate conditions. Every tent we produce meets stringent international safety and performance standards.

Pre-Sale & After-Sale Services for Turkmenistan Clients

Pre-Sale Services

- Free 3D event layout design and venue space planning
- Customized tent configuration tailored to Turkmen event requirements
- Detailed quotation with transparent itemized cost breakdown
- Physical fabric swatches and frame profile samples available upon request
- Professional guidance on Turkmenistan import procedures and documentation
- Shipping cost estimation via Caspian Sea and overland logistics routes
- Virtual factory tour via video call for quality verification

After-Sale Services

- 5-year comprehensive frame structure warranty
- 3-year PVC fabric warranty against manufacturing defects
- Bilingual installation manual and step-by-step video guide
- Replacement parts dispatched within 7 working days globally
- Remote technical support via WhatsApp video call at your convenience
- Optional on-site installation supervision by factory engineer
- Regular proactive follow-up and maintenance advisory service

TUV Certification & Quality Testing Reports

Our party marquee tents undergo comprehensive third-party testing by **TUV Rheinland** — one of the world's most respected testing and certification organizations. Every aspect of our tents is verified against rigorous European standards, giving Turkmenistan importers complete confidence in product safety, durability, and performance.

Certification / Test Item	Standard	Test Result	Certifying Authority
Frame Structural Integrity	EN 1090-2	PASSED	TUV Rheinland
PVC Fabric Fire Retardancy	DIN 4102 B1	PASSED	TUV Rheinland
UV Aging Resistance	ISO 4892-2	PASSED	TUV Rheinland
Waterproof Performance	EN 20811	PASSED	TUV Rheinland
Tensile Strength (Fabric)	ISO 1421	≥ 2800 N/5cm	TUV Rheinland
Wind Load Simulation	EN 13782	100 km/h Rated	TUV Rheinland
Corrosion Resistance	ISO 9227	500+ Hours Salt Spray	TUV Rheinland
Quality Management System	ISO 9001:2015	CERTIFIED	SGS / TUV

Competitive Advantages vs. Other Suppliers

Feature	Our Factory	Typical Suppliers
Frame Material	6061-T6 Aluminum Alloy	6063 or Mixed Alloy
Fabric Weight	850g/m² Roof / 650g/m² Wall	500-650g/m² Standard
Certification	TUV + ISO 9001	Self-declared or None
Pre-Shipment Test	100% Frame Assembly Test	Spot Check Only
Warranty	5 Years Frame / 3 Years Fabric	1-2 Years Limited
Parts Availability	7-Day Global Dispatch	15-30 Days or Unavailable
Customization	Full Custom Design Service	Limited Size/Color Options
Industry Experience	10+ Years Specialized	General Manufacturing

Frequently Asked Questions (FAQ)

Q1: What is the minimum order quantity for Turkmenistan buyers? We accept orders starting from 1 unit for sample evaluation and quality inspection. For regular commercial orders, the MOQ is 10 units per model. Mixed container shipments are supported to help Turkmenistan buyers optimize their logistics costs and inventory management.
Q2: How is shipping arranged to Turkmenistan? We offer multiple shipping routes: sea freight via Caspian Sea to Turkmenbashi port (25-35 days), rail freight via China-Central Asia railway (15-20 days), and combined sea-land transport through neighboring countries. Our logistics team will recommend the most cost-effective route based on your order volume and delivery timeline.
Q3: Can you customize tent dimensions, colors, and configurations? Yes, we provide comprehensive customization. You can specify dimensions, roof and sidewall colors, window placement, door types, flooring options, and decorative elements. Our design team will provide a detailed quotation with 3D renderings within 24 hours of receiving your requirements.
Q4: What payment terms do you accept from Turkmenistan? We accept T/T payment (30% deposit, 70% before shipment), irrevocable L/C at sight, and Western Union for sample orders. For long-term business partnerships, we can discuss flexible payment arrangements tailored to your procurement needs.
Q5: Do you provide installation guidance for first-time buyers?

Absolutely. Each order includes a **detailed bilingual installation manual** and **step-by-step assembly video guide**. We also offer optional on-site installation supervision by our experienced engineer for large-scale projects in Turkmenistan — ensuring your tent is set up correctly and safely from day one.

Q6: How does the warranty claim process work?

Our warranty process is straightforward: simply send clear photos or videos of the issue via **WhatsApp or email**. Our technical team evaluates the claim within **48 hours**. Once confirmed, replacement parts are dispatched within 7 working days. We stand behind every product we manufacture.

Q7: What documentation do you provide for Turkmenistan customs clearance?

We provide a complete documentation package including: **Commercial Invoice, Packing List, Bill of Lading, Certificate of Origin, TUV Test Reports, and ISO 9001 Certificate**. All documents are prepared in English and can be certified by CCPIT/CO if required by Turkmenistan customs authorities.

Ready to import premium party marquee tents for your Turkmenistan business? Contact our dedicated sales team for a customized quotation, complimentary 3D layout design, and professional import guidance. All inquiries receive a response within 12 hours — we are committed to your business success in Central Asia.
