

## Heavy Duty Wind Resistant Party Marquee Tent Reinforced Aluminum Frame All Weather Event Shelter

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Marquees-Tent
- Certification: TUV, ISO 9001:2015
- Model Number: MT-PM-02
- Minimum Order Quantity: 1 Set
- Price: USD 150-800 / Set
- Packaging Details: Frame in export carton, PVC cover in carry bag, optional wooden crate
- Delivery Time: 5-10 working days after deposit
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 2000 Sets per Month

#### Product Specification

- Frame Material: Reinforced 6061-T6 Aluminum Alloy
- Roof Cover: 650 G/m<sup>2</sup> PVC Coated Polyester
- Reinforcement: Extra Corner Brackets & Cross Bracing
- Wind Load Resistance: Up To 100 Km/h
- Snow Load: Engineered For Moderate Snow Load
- Fire Retardant: DIN 4102 B1
- Warranty: 5 Years
- Highlight: **Heavy Duty Party Marquee Tent,  
Wind Resistant Event Shelter,  
Reinforced Aluminum Frame Tent**

## Product Description

### Heavy Duty Wind Resistant Party Marquee Tent Reinforced Aluminum Frame All Weather Event Shelter

Built for demanding outdoor conditions, this heavy duty wind resistant party marquee tent features a reinforced aluminum frame and extra corner brackets. It is the reliable choice for festivals, markets and events that must stand up to strong wind and changing weather.

#### Product Advantages & Selling Points

- ✓ Reinforced aluminum frame with extra corner brackets and cross bracing
- ✓ High wind load resistance, tested and TUV certified
- ✓ Thicker 650 g/m<sup>2</sup> PVC roof cover with heat-welded seams
- ✓ All weather performance, waterproof, UV and snow resistant
- ✓ Sturdy ground anchors and base plates for secure installation

#### Technical Specifications

|                      |                                           |
|----------------------|-------------------------------------------|
| Frame Material       | Reinforced Aluminum Alloy (6061-T6)       |
| Roof Cover Material  | 650 g/m <sup>2</sup> PVC Coated Polyester |
| Reinforcement        | Extra Corner Brackets & Cross Bracing     |
| Wind Load Resistance | Up to 100 km/h                            |
| Snow Load            | Engineered for Moderate Snow Load         |
| Waterproof           | 100% Waterproof, Heat-Welded Seams        |
| Fire Retardant       | DIN 4102 B1 / M2                          |
| Color                | White / Custom Colors                     |
| Warranty             | 5 Years on Frame & Structure              |

#### Production Process

Every tent is produced in our own factory with advanced CNC machinery and strict process control. Our standard production flow:

- Step 1:** CAD structural design with wind load calculation
- Step 2:** CNC precision cutting of reinforced aluminum profiles
- Step 3:** CNC drilling and punching of frame tubes and plates
- Step 4:** Welding, corner bracket fitting and powder coating
- Step 5:** High-frequency PVC welding of roof and sidewall panels
- Step 6:** Frame assembly with cross bracing and anchors
- Step 7:** Load test and 100% pre-shipment inspection
- Step 8:** Export packing and shipping

#### Quality Control, TUV Certificate & Test Reports

- ✓ TUV certified production process and materials
- ✓ Wind load test report available on request
- ✓ 100% pre-shipment inspection on every order
- ✓ Frame strength and welding quality inspected
- ✓ ISO 9001:2015 certified quality management system

## 5-Year Warranty

We stand behind our workmanship. Every {cat} comes with a **5-year structural warranty** covering the frame, fittings and welding, plus a separate warranty on the PVC cover. If any manufacturing defect appears, we repair or replace the affected parts free of charge.

## Factory & Company Strength

- ✓ 10+ years of industry experience in heavy duty tent manufacturing
- ✓ 20,000 m² factory with CNC cutting and welding equipment
- ✓ Exported to 60+ countries with proven wind-resistant designs
- ✓ Professional engineering team for custom load requirements
- ✓ Monthly capacity of over 2,000 tent sets

## Pre-Sales & After-Sales Services

### Pre-sales service:

- ✓ Free structural drawing and wind load calculation
- ✓ Free fabric and frame samples on request
- ✓ Custom reinforcement options for high wind areas
- ✓ Quotation within 24 hours

### After-sales service:

- ✓ Installation manual, video and online guidance
- ✓ Replacement parts for reinforcement brackets
- ✓ Technical support for anchoring and installation
- ✓ 5-year structural warranty

## Built for the Ukraine Market

- ✓ Engineered for strong continental winds and snowfall
- ✓ Reliable performance in cold and wet weather
- ✓ Fast shipping to Ukrainian ports and cities
- ✓ CE and TUV compliant for smooth import

## Packaging & Shipping

Reinforced frame packed in sturdy export cartons, PVC cover in carry bag, with optional wooden crate packaging for added protection.
