

Anti Corrosion Aluminum Alloy Frame Party Marquee Tent for Humid Coastal Garden Wedding Events

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: Tendars
- Certification: TUV, CE, ISO 9001:2015, SGS
- Model Number: TDR-ACR-PT
- Minimum Order Quantity: 50 Square Meters
- Price: USD 20-50 / Square Meter
- Packaging Details: Aluminum frame wrapped in bubble film and woven bags; PVC roof and side walls packed in canvas bags; hardware packed in export cartons
- Delivery Time: 15-25 days after deposit confirmation
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Product Name: Anti Corrosion Aluminum Alloy Frame Party Marquee Tent
- Frame Material: Anodized Aluminum Alloy 6061/T6, Salt Spray Tested
- Cover Fabric: 650 / 750 / 850 G/sqm Double PVC-coated Polyester
- Waterproof Rating: Above 3000 Mm H2O
- Wind Resistance: Up To 80 Km/h
- Fire Rating: DIN 4102 B1 / M2
- Side Walls: Solid PVC Or Clear PVC, Removable
- Usage: Coastal Weddings, Garden Events, Venue Rental
- Warranty: 5 Years On Frame, 3 Years On Fabric
- Highlight: **aluminum alloy party marquee tent, coastal garden wedding tent, anti corrosion humid resistant tent**

Product Description

Product Overview

The Tendars Anti Corrosion Aluminum Alloy Frame Party Marquee Tent is engineered for Romania's humid coastal regions and hot summers. The anodized 6061/T6 aluminum frame never rusts - even in the salty Black Sea air of Constanta and Mamaia - while the UV-resistant PVC cover keeps guests cool and comfortable. It is the long-term investment choice for wedding venues and event gardens.

Designed for the Romania Market

Romanian weddings (nunta) are grand celebrations with 200-500+ guests, often held in garden marquees from May to September - our aluminum frame tents create a comfortable, elegant ballroom for the full celebration

Botez (christening) celebrations and garden parties in spring and summer drive steady demand for quick-install marquee tents

Hot Romanian summers (35+ C) are handled by UV-resistant PVC fabric that keeps the interior noticeably cooler

Spring and autumn rain showers are no risk: fully welded waterproof covers keep guests and furniture dry

On the Black Sea coast (Constanta, Mamaia), humid salty air corrodes steel frames - our anodized aluminum alloy frames stay rust-free for decades

As an EU member state, Romania requires CE-certified products; we provide full CE documentation with every order

We ship regularly to Romania via Constanta seaport with complete export and customs paperwork

Key Advantages & Selling Points

Anodized aluminum alloy 6061/T6 frame: rust-proof even in humid, salty coastal air

Salt spray tested surface treatment for decade-long outdoor service

Aerospace-grade alloy with excellent strength-to-weight ratio

UV-resistant double PVC-coated fabric keeps interiors cooler in Romanian summers

Fully welded waterproof cover with flame-retardant certification

Lightweight frame: lower transport cost and faster assembly than steel

5-year frame warranty and lifetime technical support

Why Aluminum Alloy Frame (vs Steel Frame)

Comparison	Tendars Aluminum Alloy 6061/T6	Traditional Steel Frame
Weight	About 1/3 of steel - lighter, easier to transport and assemble	Heavy - needs more labor and bigger trucks
Corrosion	Anodized aluminum: naturally rust-proof, ideal for humid/coastal areas	Steel must be galvanized or painted, still rusts over time
Strength-to-weight	Excellent - 6061/T6 alloy is aerospace grade	Strong but heavy
Service Life	15+ years with normal use	8-10 years before rust maintenance is needed
Maintenance	Minimal - wipe and store	Regular anti-rust treatment required
Resale Value	High - aluminum scrap and frame retain value	Low

Technical Specifications

Parameter	Specification
Product Name	Anti Corrosion Aluminum Alloy Frame Party Marquee Tent
Frame Material	Anodized aluminum alloy 6061/T6, salt spray tested
Cover Fabric	650 / 750 / 850 g/sqm double PVC-coated polyester
Waterproof Rating	Above 3000 mm H2O
Wind Resistance	Up to 80 km/h
Fire Rating	DIN 4102 B1 / M2
Side Walls	Solid PVC or clear PVC, removable

Usage	Coastal weddings, garden events, venue rental
Warranty	5 years on frame, 3 years on fabric

Production Process (CNC Precision Manufacturing)

Design & engineering: CAD structural design and wind-load calculation by our R&D team

CNC precision cutting: aluminum alloy 6061/T6 profiles cut, drilled and milled by CNC machines for exact tolerance

Surface treatment: anodizing or powder coating for anti-corrosion protection

Frame assembly: bolted connections with stainless steel hardware

Fabric processing: PVC-coated polyester fabric cut and joined by automatic HF high-frequency welding machines

Reinforcement: double-stitched hems, Keder rails and anti-tear straps

Quality inspection: 100% inspection of frame, fabric, zippers and hardware

Packing: bubble film + woven bags for frames, canvas bags for covers, cartons for hardware

Factory & Enterprise Strength

Located in Guangzhou, Guangdong, China, our factory covers 20,000+ square meters with 200+ skilled workers and 10+ years of dedicated experience in aluminum marquee tent manufacturing. We operate advanced CNC cutting machines, automatic HF welding lines, anodizing lines and full assembly workshops, reaching a monthly supply capacity of 50,000 square meters. Our aluminum frame tents are exported to 60+ countries including Romania, Poland, Germany, France, the Netherlands and the USA.

Item	Detail
Factory Area	20,000+ square meters
Workforce	200+ skilled workers
Industry Experience	10+ years
Monthly Supply Capacity	50,000 square meters
Export Markets	60+ countries including Romania
Main Equipment	CNC cutting machines, automatic HF welding lines, anodizing lines

Certifications & Test Reports

Certificate / Test	Coverage
TUV	Product safety and structural load verified by TUV-type testing
CE	Conformity with European safety and quality directives - essential for the EU market
ISO 9001:2015	Certified quality management system for production control
SGS	Third-party inspection reports available for fabric and frame
Flame Retardant Test	Roof and side wall fabric tested to DIN 4102 B1 / M2 standards
Waterproof Test	Fabric water pressure resistance above 3000 mm H2O
UV Resistance Test	Fabric UV stability tested for outdoor exposure
Wind Load Test	Full structure wind load tested up to 80-100 km/h
Salt Spray Test	Anodized frame surface tested for corrosion resistance (coastal use)

Pre-Sale & After-Sale Service

Pre-Sale Service

Free consultation on tent type, layout and budget planning for your event

3D design drawings and event layout proposals within 48 hours

OEM / ODM service: custom size, color, roof printing and logo branding

Pre-production samples available before mass production

Clear quotation with full specification sheet and delivery schedule

After-Sale Service

- Step-by-step installation guide, video tutorial and on-site remote guidance
- Free spare parts for any quality issue within the warranty period
- 24-hour response time for all after-sales inquiries
- Lifetime technical support from our engineering team
- Door-to-door logistics to Romania via Constanta seaport or land transport, with full CE and EU customs documentation

Ordering & Decision Guide

- Tell us your event type, guest count and preferred layout - we recommend the right tent model and size
- Receive a 3D layout drawing and detailed quotation within 48 hours
- Confirm the design, fabric color and options (walls, lining, lighting, flooring)
- We produce and inspect your tent, then share photos and test reports before shipping
- Door-to-door delivery to Romania with installation guidance and full support

5-Year Warranty

Every Tendars aluminum party marquee tent is covered by a **5-year warranty** on the aluminum frame and **3-year warranty** on the PVC fabric under normal use. Any structural or material defect is repaired or replaced free of charge, giving you total peace of mind for years of events.

E-E-A-T: Why Trust Tendars

Pillar	What It Means For You
Experience	10+ years in aluminum marquee tent manufacturing, 5,000+ projects delivered worldwide
Expertise	In-house R&D engineers, CNC precision production and certified welding team
Authoritativeness	TUV, CE, ISO 9001:2015 and SGS certified factory with third-party test reports
Trust	5-year warranty, transparent pricing, real factory visits welcome and verified export record

Contact Us

Ready to plan your next event tent order? Our team replies within 24 hours with a detailed quotation, layout drawing and delivery plan to Romania.
