

Bespoke Aluminum Frame Party Marquee Tent Custom Size Made for Exclusive Garden Celebration Events

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: Tendars
- Certification: TUV, CE, ISO 9001:2015, SGS
- Model Number: TDR-BSP-PT
- Minimum Order Quantity: 50 Square Meters
- Price: USD 20-50 / Square Meter
- Packaging Details: Aluminum frame wrapped in bubble film and woven bags; PVC roof and side walls packed in canvas bags; hardware packed in export cartons
- Delivery Time: 15-25 days after deposit confirmation
- Payment Terms: T/T, L/C, PayPal, Western Union
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Product Name: Bespoke Aluminum Frame Party Marquee Tent
- Frame Material: CNC-machined Aluminum Alloy 6061/T6
- Customization: Size, Shape, Color, Fabric, Walls, Printing
- Cover Fabric: 650 / 750 / 850 G/sqm Double PVC-coated Polyester
- Waterproof Rating: Above 3000 Mm H2O
- Wind Resistance: Up To 80 Km/h
- Fire Rating: DIN 4102 B1 / M2
- Design Service: Free Engineering Design And 3D Drawing
- Usage: Luxury Venues, Exclusive Celebrations, Signature Events
- Warranty: 5 Years On Frame, 3 Years On Fabric
- Highlight: **custom aluminum frame marquee tent, exclusive garden party marquee, bespoke size party tent**

Product Description

Product Overview

The Tendars Bespoke Aluminum Frame Party Marquee Tent is made to order for clients who need a unique size, shape or finish. Whether it is an unusually shaped garden in Bucharest or a signature look for a luxury venue in Transylvania, our engineers design and CNC-produce a frame that fits perfectly - with the same 5-year warranty and certified quality as our standard range.

Designed for the Romania Market

Romanian weddings (nunta) are grand celebrations with 200-500+ guests, often held in garden marquees from May to September - our aluminum frame tents create a comfortable, elegant ballroom for the full celebration

Botez (christening) celebrations and garden parties in spring and summer drive steady demand for quick-install marquee tents

Hot Romanian summers (35+ C) are handled by UV-resistant PVC fabric that keeps the interior noticeably cooler

Spring and autumn rain showers are no risk: fully welded waterproof covers keep guests and furniture dry

On the Black Sea coast (Constanta, Mamaia), humid salty air corrodes steel frames - our anodized aluminum alloy frames stay rust-free for decades

As an EU member state, Romania requires CE-certified products; we provide full CE documentation with every order

We ship regularly to Romania via Constanta seaport with complete export and customs paperwork

Key Advantages & Selling Points

Any custom size, shape or color produced to your exact specification

CNC-machined aluminum alloy 6061/T6 frame built precisely to your layout

Free engineering design and 3D drawing before production

Choice of fabric weight, wall types, roof color and printed branding

Same certified quality: TUV, CE, ISO 9001:2015 and SGS

Ideal for luxury venues, hotels and signature event brands

5-year frame warranty with full after-sales support

Why Aluminum Alloy Frame (vs Steel Frame)

Comparison	Tendars Aluminum Alloy 6061/T6	Traditional Steel Frame
Weight	About 1/3 of steel - lighter, easier to transport and assemble	Heavy - needs more labor and bigger trucks
Corrosion	Anodized aluminum: naturally rust-proof, ideal for humid/coastal areas	Steel must be galvanized or painted, still rusts over time
Strength-to-weight	Excellent - 6061/T6 alloy is aerospace grade	Strong but heavy
Service Life	15+ years with normal use	8-10 years before rust maintenance is needed
Maintenance	Minimal - wipe and store	Regular anti-rust treatment required
Resale Value	High - aluminum scrap and frame retain value	Low

Technical Specifications

Parameter	Specification
Product Name	Bespoke Aluminum Frame Party Marquee Tent
Frame Material	CNC-machined aluminum alloy 6061/T6
Customization	Size, shape, color, fabric, walls, printing
Cover Fabric	650 / 750 / 850 g/sqm double PVC-coated polyester
Waterproof Rating	Above 3000 mm H2O
Wind Resistance	Up to 80 km/h
Fire Rating	DIN 4102 B1 / M2

Design Service	Free engineering design and 3D drawing
Usage	Luxury venues, exclusive celebrations, signature events
Warranty	5 years on frame, 3 years on fabric

Production Process (CNC Precision Manufacturing)

Design & engineering: CAD structural design and wind-load calculation by our R&D team

CNC precision cutting: aluminum alloy 6061/T6 profiles cut, drilled and milled by CNC machines for exact tolerance

Surface treatment: anodizing or powder coating for anti-corrosion protection

Frame assembly: bolted connections with stainless steel hardware

Fabric processing: PVC-coated polyester fabric cut and joined by automatic HF high-frequency welding machines

Reinforcement: double-stitched hems, Keder rails and anti-tear straps

Quality inspection: 100% inspection of frame, fabric, zippers and hardware

Packing: bubble film + woven bags for frames, canvas bags for covers, cartons for hardware

Factory & Enterprise Strength

Located in Guangzhou, Guangdong, China, our factory covers 20,000+ square meters with 200+ skilled workers and 10+ years of dedicated experience in aluminum marquee tent manufacturing. We operate advanced CNC cutting machines, automatic HF welding lines, anodizing lines and full assembly workshops, reaching a monthly supply capacity of 50,000 square meters. Our aluminum frame tents are exported to 60+ countries including Romania, Poland, Germany, France, the Netherlands and the USA.

Item	Detail
Factory Area	20,000+ square meters
Workforce	200+ skilled workers
Industry Experience	10+ years
Monthly Supply Capacity	50,000 square meters
Export Markets	60+ countries including Romania
Main Equipment	CNC cutting machines, automatic HF welding lines, anodizing lines

Certifications & Test Reports

Certificate / Test	Coverage
TUV	Product safety and structural load verified by TUV-type testing
CE	Conformity with European safety and quality directives - essential for the EU market
ISO 9001:2015	Certified quality management system for production control
SGS	Third-party inspection reports available for fabric and frame
Flame Retardant Test	Roof and side wall fabric tested to DIN 4102 B1 / M2 standards
Waterproof Test	Fabric water pressure resistance above 3000 mm H2O
UV Resistance Test	Fabric UV stability tested for outdoor exposure
Wind Load Test	Full structure wind load tested up to 80-100 km/h
Salt Spray Test	Anodized frame surface tested for corrosion resistance (coastal use)

Pre-Sale & After-Sale Service

Pre-Sale Service

Free consultation on tent type, layout and budget planning for your event

3D design drawings and event layout proposals within 48 hours

OEM / ODM service: custom size, color, roof printing and logo branding

Pre-production samples available before mass production

Clear quotation with full specification sheet and delivery schedule

After-Sale Service

- Step-by-step installation guide, video tutorial and on-site remote guidance
- Free spare parts for any quality issue within the warranty period
- 24-hour response time for all after-sales inquiries
- Lifetime technical support from our engineering team
- Door-to-door logistics to Romania via Constanta seaport or land transport, with full CE and EU customs documentation

Ordering & Decision Guide

- Tell us your event type, guest count and preferred layout - we recommend the right tent model and size
- Receive a 3D layout drawing and detailed quotation within 48 hours
- Confirm the design, fabric color and options (walls, lining, lighting, flooring)
- We produce and inspect your tent, then share photos and test reports before shipping
- Door-to-door delivery to Romania with installation guidance and full support

5-Year Warranty

Every Tendars aluminum party marquee tent is covered by a **5-year warranty** on the aluminum frame and **3-year warranty** on the PVC fabric under normal use. Any structural or material defect is repaired or replaced free of charge, giving you total peace of mind for years of events.

E-E-A-T: Why Trust Tendars

Pillar	What It Means For You
Experience	10+ years in aluminum marquee tent manufacturing, 5,000+ projects delivered worldwide
Expertise	In-house R&D engineers, CNC precision production and certified welding team
Authoritativeness	TUV, CE, ISO 9001:2015 and SGS certified factory with third-party test reports
Trust	5-year warranty, transparent pricing, real factory visits welcome and verified export record
