

Custom Logo Printed Aluminum Party Marquee Tent Nigeria Business Branding Events

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: Marquees Tent
- Certification: ISO 9001:2015, CE, SGS
- Model Number: AMT-NG-300
- Minimum Order Quantity: 1 Set
- Price: USD 820-4,600 / Set
- Packaging Details: Waterproof woven bag + wooden pallet, seaworthy export packing for sea freight to Lagos, Nigeria
- Delivery Time: 15-30 days for custom printed orders (artwork proof first)
- Payment Terms: T/T, L/C, Western Union, PayPal
- Supply Ability: 500 Sets per Month

Product Specification

- Printing Method: UV / Solvent Digital Printing, 720-1440 DPI
- Print Areas: Roof Panels, Side Walls, Gable Ends, Valance
- Color Fastness: 3-5 Years Outdoor Fade Resistance
- Ink Type: Eco-Solvent, Weather-Resistant Inks
- Frame Material: Aluminum Alloy 6061-T6
- Cover Material: 850g Double-Sided PVC Tarpaulin
- Design Support: Free Layout & Artwork Proof (PDF/Adobe Source)
- Production Time: 7-15 Days For Standard, 15-30 Days For Custom Print
- Waterproof Rating: 100% Waterproof
- Available Widths: 3m / 5m / 8m / 10m / 15m / 20m
- MOQ For Custom Print: 1 Set (Printing Plate Fee Waived For 5+ Sets)
- Fire Rating: DIN 4102 B1 / M2

Product Description

Custom Logo Printed Aluminum Party Marquee Tent - Turn Every Event Into a Billboard

In Nigeria's competitive brand environment, the venue itself is marketing. Banks launching new products, telecoms running activation campaigns, breweries sponsoring events and churches hosting crusades all use **custom logo printed aluminum party marquee tents** to put their name above the crowd - literally.

Our factory prints your logo, campaign message or full-color artwork directly onto 850g PVC panels using **UV-resistant digital printing at 720-1440 DPI**. Colors stay vivid for 3-5 years of outdoor exposure, surviving Nigeria's intense sun, harmattan dust and rainy-season humidity without cracking or fading.

We are a true OEM/ODM factory: you send a sketch or a logo file, our designers produce a free layout proof, and our engineers build the tent around your branding and size requirements. One partner, from artwork to shipping.

Key Features

Full-Color Digital Printing: Print logos, patterns, photos and campaign slogans on roof panels, walls and gable ends with photo-quality detail.

Fade-Resistant Inks: Eco-solvent inks with UV stabilization keep colors sharp for 3-5 years under the African sun.

Free Artwork Proof: Our design team prepares a scaled layout of your tent with your branding in place - you approve before production starts.

Premium Print Surface: Printing is applied to smooth white PVC, giving the clearest, brightest color reproduction available for marquee tents.

Unlimited Color Matching: Pantone color matching ensures your brand blue or green is exactly right - critical for corporate identity.

Same-Structure Durability: Printed covers keep full waterproofing and flame-retardant properties - branding never compromises safety.

Multi-Location Branding: Print on every visible surface: roof slopes, valance, side walls and entrance gables for 360-degree visibility.

Reusable Campaign Asset: A branded marquee is a permanent marketing asset - reusable at every activation, expo and roadshow for years.

Branding Power in the Nigerian Market

Market insight: Brand activation is one of Nigeria's fastest-growing marketing channels. From MTN and Airtel roadshows to bank product launches and beverage sponsorships, a branded marquee tent delivers thousands of impressions per event - and it is fully reusable.

Built for Brand Activations: Our tents travel well - packed compact, erected in hours - perfect for multi-city campaigns across Lagos, Ibadan, Enugu, Kano and Abuja.

Corporate-Grade Quality: Banks and blue-chip companies demand venues that look premium in photos and on TV. Our clean white print surface and crisp colors deliver.

Church Crusade Branding: Ministries use printed tents for crusade grounds, choir pavilions and media centers - with the ministry name visible from every angle.

Political & Campaign Events: Full-color party colors and candidate branding printed on large marquees create a professional campaign presence.

Exhibition Stands That Stand Out: Custom-printed marquees at trade fairs like the Lagos International Trade Fair draw foot traffic better than plain canopy stands.

Import-Friendly: Printed PVC covers are rolled and packed on pallets, with commercial invoice and packing list prepared for smooth Nigerian customs processing.

Technical Specifications

Specification	Detail
Printing Method	UV / Solvent Digital Printing, 720-1440 DPI
Print Areas	Roof Panels, Side Walls, Gable Ends, Valance
Color Fastness	3-5 Years Outdoor Fade Resistance
Ink Type	Eco-Solvent, Weather-Resistant Inks
Frame Material	Aluminum Alloy 6061-T6
Cover Material	850g Double-Sided PVC Tarpaulin
Design Support	Free Layout & Artwork Proof (PDF/Adobe Source)
Production Time	7-15 Days for Standard, 15-30 Days for Custom Print
Waterproof Rating	100% Waterproof
Available Widths	3m / 5m / 8m / 10m / 15m / 20m

Bank, telecom and beverage corporate events

Church crusades, conventions and media pavilions

Political rallies and campaign events

Trade fair exhibition stands and expo booths

Corporate roadshows and multi-city campaigns

Sponsored wedding and lifestyle events

VIP lounges and sponsor hospitality areas

Why Buy Direct From Our Factory

10+ Years of Specialized Experience: Our factory has designed and manufactured aluminum alloy marquee tents since 2013, delivering 5,000+ structures to clients across Africa, the Middle East, Europe and Southeast Asia.

Certified Production & Quality Control: ISO 9001:2015 certified workshop. Every frame batch is weld-tested and every PVC cover is water-tested before packing, so what arrives in Nigeria is ready to erect.

Aluminum Alloy Engineering Expertise: We build with 6061-T6 and 6082-T6 aluminum profiles - the same alloy family trusted in aerospace structures - anodized or powder-coated to resist corrosion in tropical climates.

Proven Nigeria Export Record: Regular sea freight shipments to Apapa and Tin Can Island ports, Lagos, with complete export documentation, fumigation certificates and seaworthy packing.

In-House Design & Structural Calculation: Every configuration is checked with CAD structural analysis - wind load, span, anchoring - before production begins. No guessing, no cutting corners.

Responsive After-Sales Support: Spare parts supply, assembly drawings, video guidance and 24-hour replies to technical questions from our export team.

Frequently Asked Questions

Q: What file formats do you accept for printing? A: AI, PDF, CDR, PSD and high-resolution JPG/PNG. If you only have a logo, our designers can redraw it in vector format for crisp large-format printing.

Q: How long does a custom printed tent take? A: Typically 15-30 days including artwork proof approval and production. Standard unprinted tents ship in 7-15 days.

Q: What is the minimum order for custom printing? A: Just 1 set. For 5 or more sets we waive the printing setup fee and offer quantity discounts.

Q: Will the print fade in the Nigerian sun? A: We use UV-stabilized eco-solvent inks rated for 3-5 years of outdoor exposure. The 850g PVC base also carries a UV-protective top coat.

Q: Can you match our exact brand color? A: Yes - we print with Pantone color matching and will send a physical color sample before production for large orders.

Q: Can the printed tent still be used in rain? A: Absolutely. Printing does not affect the waterproofing or flame-retardant properties of the PVC cover.

Simple 4-Step Ordering Process

- 1 Inquiry:** Send us your required size, quantity and event type via Email or WhatsApp.
- 2 Proposal:** Within 24 hours you receive a CAD layout, structural specification, quotation and freight estimate.
- 3 Production:** 7-15 days for standard sizes, 15-30 days for custom printing or special configurations, with production photos before shipment.
- 4 Delivery:** Seaworthy packing, full shipping documents, and remote assembly guidance until your tent is standing.

Contact Us - Get a Quotation for Your Nigeria Project

Ready to order or need a detailed quotation? Our export team replies within 24 hours with pricing, assembly plans and freight cost to your nearest Nigerian port (Lagos, Port Harcourt, Onne or Tincan).
