Product Description

Your brand, printed edge to edge, on a fully modular marquee.

For corporate events, exhibitions and brand activations the marquee is part of the message. This custom branded aluminum party marquee tent pairs a modular aluminium alloy frame with full-colour printed covers, walls and linings, so your logo, colours and campaign artwork travel with the structure wherever it is pitched in Tanzania.

Over a Decade of Marquee Engineering Experience

More than ten years in custom marquee production means we understand colour accuracy, print durability in UV light and how to build layouts that grow with your events. Our team has delivered branded tents for corporate roadshows, trade fairs and showrooms, and we apply that experience to every Tanzania project.

Key Features and Advantages

Full-colour printing on covers, walls and interior linings

Modular frame expands and reconfigures for different events

Consistent, colour-matched branding across multiple units

Durable UV-resistant print that survives outdoor exposure

Optional stages, reception counters and lighting trusses

OEM service with your logo on packaging and documentation

Why This Tent Fits the Tanzania Market

Ideal for corporate roadshows and activations across Tanzania's major cities.

Colour-matched branding keeps campaigns consistent across venues.

UV-stable print resists fading under strong equatorial sun.

Modular frame adapts from a single booth to a full exhibition hall.

Efficient flat packing keeps shipping to Dar es Salaam economical.

Applications

Corporate events and roadshows

Trade fairs and exhibitions

Brand activations and pop-up stores

Product launches and showrooms

Conferences and press events

Sports sponsorships and hospitality

OEM, Branding and Market Support

Send us your brand guidelines and campaign artwork and we handle colour matching, print files and production. We support rental fleets and distributors with OEM labelling, spare component kits, assembly manuals and a reliable supply of replacement parts to keep your Tanzania operation running.

Quality, Certifications and Assurance

Print output is colour-checked against your brand guide and the fabric is tested for UV durability and tear strength before dispatch. We provide ISO 9001:2015 documentation with CE, SGS and B1 flame-retardant reports to support your client presentations and safety filings.

Packaging, Shipping and Delivery to Tanzania

Printed parts are individually wrapped and labelled to prevent scuffing, and frames are banded on pallets for compact, damage-resistant container loading. We manage export documentation and advise on freight schedules to Tanzania.

Frequently Asked Questions

+ Can you match our brand colours exactly?

+ Can one structure serve different events?

+ Do you offer OEM for resellers?

Talk to a Marquee Specialist Today

Tell us your venue, guest numbers and climate needs. We reply within 24 hours with a drawing, a clear quotation and shipping advice to Tanzania.
