- UV Resistance: UPF 50+, UV Stabilised
- Accessories: Glass Doors, Flooring, Linings, Lighting Truss
- Highlight: **Hexagonal aluminum alloy party tent, Multi side marquee tent Ghana, Alloy party marquee for celebrations**

Product Description

A striking multi-side silhouette that makes any celebration stand out.

For celebrations that deserve a signature look, the hexagonal aluminum alloy party marquee tent breaks away from the ordinary rectangular box. Multiple side panels meet in a faceted, self-supporting frame that reads as a landmark from a distance, ideal for weddings, festivals and corporate events across Ghana.

Over a Decade of Marquee Engineering Experience

More than ten years of fabricating polygon and multi-side marquee systems taught us how to keep every joint tight and every panel true, so the geometry stays crisp season after season. That experience lets us deliver a hexagonal tent that is as practical to install as it is eye-catching.

Key Features and Advantages

Faceted hexagonal frame with a distinctive multi-side profile

Self-supporting design with clean, tight joints

Interchangeable side panels for openings, walls or glass

Optional clear or transparent roof for natural light

Modular panels for flexible event layouts

Engineered and tested for wind and rain resistance

Technical Specifications

Shape	Hexagonal / multi-side polygon frame
Panels	Interchangeable side panels, modular expansion
Roof Option	Opaque, clear PVC or transparent panel
Frame Material	6061-T6 / 6063-T5 Aluminium Alloy, hard-anodised
Roof Cover	650-850 gsm double PVC-coated polyester, UV stabilised
Wind Load	Up to 100 km/h with certified base plates
Flame Retardancy	B1 / M2 (DIN 4102) certified fabric
Service Life	15-20 years with basic maintenance
Connectors	Hot-dip galvanised steel, salt-air resistant

Why This Tent Fits the Ghana Market

A standout choice for weddings and festivals in Accra and beyond.

Faceted frame sheds Ghana's heavy rains from multiple angles.

UV-stabilised cover resists fading in strong tropical sun.

Aluminium alloy frame resists humidity and coastal corrosion.

Labelled panels make flat-packed shipping to Tema Port straightforward.

Applications

Weddings and ceremonies

Festivals and cultural events

Corporate events and launches

Hospitality and VIP pavilions

Product showcases and showrooms

Cocktail and garden parties

Customisation and OEM Service

Choose the number of sides, span, wall material and roof finish to match your design intent. We can supply printed panels, glass or clear sides, interior linings and matching entrance structures. OEM production with your own branding is available for rental fleets, venues and distributors.

Quality, Certifications and Assurance

Each connector is machined for a precise fit and every panel is checked for alignment before dispatch. We provide ISO 9001:2015 documentation with CE, SGS and B1 flame-retardant certificates to support your safety and insurance requirements.

Packaging, Shipping and Delivery to Ghana

Components are labelled by panel and banded on steel pallets for compact, damage-resistant container loading, with covers folded into woven bags. We manage export documentation and advise on freight to Ghana.

Frequently Asked Questions

+ How many sides can the tent have?

+ Can the sides be open or glazed?

+ Is it harder to install than a rectangular tent?

Talk to a Marquee Specialist Today

Tell us your venue, guest numbers and climate needs. We reply within 24 hours with a drawing, a clear quotation and shipping advice to Ghana.
