

Modular Large Capacity Aluminum Alloy Party Marquee Tent Expandable for Chile Fiestas

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO 9001:2015, CE, SGS, TUV
- Model Number: AL-PMT
- Minimum Order Quantity: 1 Set (flexible; fleet orders welcome)
- Price: USD 2,500 - 18,000 / Set (by size & modules)
- Packaging Details: Frame and covers packed separately for container efficiency; hardware in labeled carton; export-grade sea-worthy packing
- Delivery Time: 7-15 days for stock items, 20-35 days for production orders
- Payment Terms: T/T, L/C, PayPal, Western Union, Trade Assurance
- Supply Ability: 500 Sets per Month

Product Specification

- Frame Material: Hard-pressed Extruded Aluminum Alloy 6061/T6
- Modules: 3m / 5m Add-on Bays, Widthwise Joining Available
- Interior: 100% Clear Span, No Interior Poles
- Roof Cover: 850gsm Double PVC-coated Polyester, UV Treated
- Side Walls: PVC / Glass / ABS / Mesh, Removable
- Capacity: Scalable To Thousands Of Guests When Joined
- Span Range: Custom 3m To 40m
- Wind Resistance: Engineered Up To 100km/h With Proper Anchoring
- Fire Retardant: DIN 4102 B1 / M2 / NFPA 701
- Packing: Frame And Covers Packed Separately
- Warranty: Written Structural Warranty
- OEM/ODM: Available

Product Description

ALUMINUM ALLOY MARQUEE TENT MANUFACTURER · CHILE MARKET

A large, expandable modular marquee for Chile's biggest events — add bays and join units to scale from 100 to 5,000 guests without losing structural integrity.

Modular

EXPAND ANY TIME

3m/5m

ADD-ON BAYS

100%

COLUMN-FREE INTERIOR

Fast

QUICK-LOCK ASSEMBLY

Overview

Chile loves a big gathering — national holidays, wine harvests, expos and community festivals can draw thousands of guests. This **modular, large-capacity aluminum party marquee tent** is designed to scale with the occasion. Start with a compact unit, then add 3 m or 5 m bays lengthwise or join tents side-by-side to create a continuous hall.

Because every unit shares the same **6061/T6 aluminum frame system** and keder-connection details, expansion is fast, tidy and structurally sound — a smart investment for rental companies that need one fleet to serve many event sizes.

Why It Works for Chilean Event Companies

Scale on demand: one fleet serves small private parties and huge public events alike.

Lower freight cost per square meter: compact packing and modular frames maximize container space.

Fast on-site growth: add bays between events without repurchasing.

Consistent look: joined units form a seamless hall — ideal for expos and galleries.

Spanish documentation so local crews install confidently and quickly.

Clients searching "*carpa modular para ferias*" or "*carpa grande para eventos en Chile*" will find exactly this product.

Product Advantages

Truly modular: extend in length or join widthwise for any capacity.

Column-free interior: maximum usable floor for stands, seating or stages.

Efficient logistics: more tents per container lowers your landed cost.

Quick assembly: aluminum frames and keder roofs cut labor hours.

Full accessory ecosystem: walls, linings, flooring, doors and lighting.

Rental-ready durability: built for repeated setup and transport.

Technical Specifications

Frame Material	Hard-pressed extruded aluminum alloy 6061/T6
Modules	3 m / 5 m add-on bays, widthwise joining available
Interior	100% clear span, no interior poles
Roof Cover	850 g/sqm double PVC-coated polyester, UV treated
Side Walls	PVC / glass / ABS / mesh, removable
Capacity	Scalable to thousands of guests when joined
Wind Resistance	Engineered up to 100 km/h with proper anchoring
Fire Retardant	DIN 4102 B1 / M2 / NFPA 701 compliant
Color Options	White, grey, black, custom Pantone
Packing	Frame and covers packed separately for container efficiency

Typical Applications in Chile

- Large expos, trade fairs and conventions
- Fiestas Patrias, fondas and major festivals
- Wine and agricultural harvest events
- Corporate conferences and product launches
- Temporary dining halls and marketplaces

Customization & Branding

- Choose span, height, bay length and final capacity
- Print logos and full-color graphics on roof and walls
- Glass, ABS, PVC or mesh wall combinations
- Interior linings, curtains and valances
- Doors, windows, gutters and drainage
- Flooring, staging and lighting packages

Why Trust Us — E-E-A-T at a Glance

Choosing a marquee supplier is a long-term decision. Below is exactly how we earn the trust of event companies, rental firms and project contractors across Latin America.

Experience — over 10 years, 1,000+ delivered projects

More than 10 years of dedicated aluminum marquee manufacturing, with a senior engineering team averaging 8+ years of tent structure design.

1,000+ events and projects supplied worldwide, including tents now operating in Chile and across South America.

Rental firms in Chile use our modular marquees to serve events of every size from a single fleet.

Expertise — engineered, not just assembled

In-house structural calculations for wind and snow loads; frame profiles are stress-tested before release.

Custom CAD drawings and 3D renderings issued for every order so you can approve before production.

Professional engineers who understand event logistics, sea freight and site installation.

Authoritativeness — certified and standard-compliant

Quality system certified to **ISO 9001:2015**; products tested to **CE, SGS and TUV** requirements.

Fabrics and components compliant with international fire-retardant standards (DIN 4102 B1 / M2 / NFPA 701).

A regular exhibitor at international sourcing fairs and a verified platform supplier.

Trust — transparent from quotation to after-sales

Real factory, real people: video factory tour and live production photos available on request.

Third-party inspection and pre-shipment QC report issued for every batch.

Written warranty, readily available spare parts, and a Spanish-friendly after-sales team.

Shipping & Installation to Chile

We ship to Chile regularly and understand the local import flow. Your goods can be delivered FOB to a Chinese port or CIF/DDP to a Chilean destination, depending on what suits your business best.

Main Chilean Sea Ports	San Antonio · Valparaíso · Iquique · Antofagasta
Container Loading	Standard 20GP / 40GP / 40HQ; frame and covers packed separately to save container space
Packing	Frame in bundle with protective wrap; PVC fabric in woven bag; hardware in carton
Lead Time	Stock items 7–15 days; production orders 20–35 days after deposit
Documents	Commercial invoice, packing list, B/L, certificate of origin, test reports
Installation Support	A modular assembly guide is included; Step-by-step manual and install video included; remote guidance available.

Frequently Asked Questions — Decision Support

How large can this system get?

It scales almost without limit by adding bays lengthwise and joining units widthwise. A single joined hall can host thousands of guests.

Is expansion complicated?

No. The modular frame and keder connections are designed to be extended quickly with basic tools between events.

Does modular packing really reduce shipping cost?

Yes. Frames and covers pack compactly and separately, so you fit more structure into each container and lower the landed cost per square meter.

Can it be customized for our brand?

Absolutely — colors and printed graphics can be applied to roof and walls.

Do you ship to Chile and provide install guidance?

Yes. We ship to Chilean ports and provide an illustrated manual, install video and remote support.

What is the minimum order quantity?

Flexible — from a single module to a full event fleet. Contact us for an exact quote.

Tell us your event type, preferred dimensions and quantity — our engineers reply within 24 hours with drawings, pricing and a shipping plan to Chile.
