

Convention Exhibition Aluminum Alloy Party Marquee Tent for Panama Expo Events

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO 9001:2015, CE, SGS, TUV
- Model Number: AL-PMT
- Minimum Order Quantity: 1 Set (flexible; fleet orders welcome)
- Price: USD 2,500 - 18,000 / Set (by size & modules)
- Packaging Details: Frame and covers packed separately for container efficiency; hardware in labeled carton; export-grade sea-worthy packing
- Delivery Time: 7-15 days for stock items, 20-35 days for production orders
- Payment Terms: T/T, L/C, PayPal, Western Union, Trade Assurance
- Supply Ability: 500 Sets per Month

Product Specification

- Frame Material: Hard-pressed Extruded Aluminum Alloy 6061/T6
- Modules: 3m / 5m Add-on Bays, Widthwise Joining Available
- Interior: 100% Clear Span, No Interior Poles
- Roof Cover: 850gsm Double PVC-coated Polyester, UV Treated
- Wall Options: PVC / Glass / ABS / Mesh, Removable
- Span Range: Custom 3m To 40m
- Wind Resistance: Engineered Up To 100km/h With Proper Anchoring
- Fire Retardant: DIN 4102 B1 / M2 / NFPA 701
- Branding: Full-colour Printing Available
- Packing: Frame And Covers Packed Separately
- Warranty: Written Structural Warranty
- OEM/ODM: Available

Product Description

ALUMINUM ALLOY MARQUEE TENT MANUFACTURER · PANAMA MARKET

A large-format modular marquee built for Panama's booming convention and trade-show scene — Expocomer, the Colón Free Zone and the country's expo calendar.

Modular

EXPO-SCALE HALLS

3m/5m

ADD-ON BAYS

100%

COLUMN-FREE INTERIOR

Fast

QUICK-LOCK ASSEMBLY

Overview

Panama is a regional hub for trade, logistics and events — home to the Panama Canal, the Colón Free Trade Zone and major exhibitions such as Expocomer. Big expos need big, flexible, weatherproof space that goes up fast and comes down just as fast. This **convention and exhibition aluminum alloy party marquee tent** is built exactly for that: a modular **6061/T6 aluminum frame**, a column-free interior for booths and stages, and quick-lock connections that let one fleet serve many shows.

Because it is modular, you can scale from a single exhibition hall to a multi-hall venue, and reconfigure it for each event — a smart investment for expo organizers and rental companies alike.

Why It Fits Panama's Expo & Trade Hub

Expo-scale capacity: modular bays create continuous exhibition halls for trade shows and fairs.

Column-free interior: maximum usable floor for booths, aisles, stages and seating.

Fast & repeatable: quick-lock frame and keder roof keep build-up and tear-down efficient.

Weatherproof: waterproof roof and UV-treated fabric for Panama's tropical climate.

Reconfigurable: one fleet serves many different shows across the year.

For searches such as "*carpas para ferias y exposiciones en Panamá*" or "*carpas para expositores*", this is the answer.

Product Advantages

Exhibition-grade: modular halls engineered for expo layouts and crowds.

Column-free interior: space for booths, aisles, stages and seating.

Fast build & teardown: ideal for back-to-back trade shows.

Efficient logistics: compact packing lowers your landed cost.

Brandable: printed roof and wall graphics for event and sponsor identity.

Full accessories: flooring, lighting, doors and climate options.

Technical Specifications

Frame Material	Hard-pressed extruded aluminum alloy 6061/T6
Modules	3 m / 5 m add-on bays, widthwise joining available
Interior	100% clear span, no interior poles
Roof Cover	850 g/sqm double PVC-coated polyester, UV treated
Wall Options	PVC / glass / ABS / mesh, removable
Span Range	Custom from 3 m to 40 m
Wind Resistance	Engineered up to 100 km/h with proper anchoring
Fire Retardant	DIN 4102 B1 / M2 / NFPA 701 compliant
Branding	Full-colour printing available
Packing	Frame and covers packed separately for container efficiency

Exhibition & Convention Planning

To get the most from an expo-scale marquee, here is what to plan around:

- Map your booth layout first — the column-free interior adapts to any plan
- Use modular bays to match hall size and expand between events
- Add flooring and lighting packages for a professional exhibition feel
- Consider climate options for humid Panama City and coastal venues
- Plan for efficient transport between the Colón Free Zone and your venues
- For large shows, join multiple units widthwise into a single hall

We can help organizers and rental companies design a fleet keyed to their annual expo calendar.

Typical Applications in Panama

- Trade shows, expos and conventions
- Colón Free Zone and logistics-sector events
- Product launches and corporate exhibitions
- Agricultural, commercial and industrial fairs
- Cultural and community expos

Customization & Branding

- Custom span, height, bay length and hall capacity
- Full-colour printed logos and graphics
- Glass, ABS, PVC or mesh wall combinations
- Interior linings and sponsor backdrops

Doors, windows, gutters and drainage
Flooring, staging and lighting packages

Why Trust Us — E-E-A-T at a Glance

Choosing a marquee supplier is a long-term decision. Here is exactly how we earn the trust of event companies, rental firms, expo organizers and project contractors across Latin America.

Experience — over 10 years, 1,000+ delivered projects

More than 10 years of dedicated aluminum marquee manufacturing, with a senior engineering team averaging 8+ years of tent structure design.

1,000+ events and projects supplied worldwide, including tents now operating in Panama and across Latin America.

Expo organizers and event companies in Panama use our modular marquees for trade shows and conventions.

Expertise — engineered, not just assembled

In-house structural calculations for wind and snow loads; frame profiles stress-tested before release.

Custom CAD drawings and 3D renderings issued for every order so you can approve before production.

Engineers who understand event logistics, sea freight and site installation.

Authoritativeness — certified and standard-compliant

Quality system certified to **ISO 9001:2015**; products tested to **CE, SGS and TUV** requirements.

Fabrics and components compliant with international fire-retardant standards (DIN 4102 B1 / M2 / NFPA 701).

A regular exhibitor at international sourcing fairs and a verified platform supplier.

Trust — transparent from quotation to after-sales

Real factory, real people: video factory tour and live production photos available on request.

Third-party inspection and pre-shipment QC report issued for every batch.

Written warranty, readily available spare parts and a Spanish-friendly after-sales team.

Aluminum vs Steel vs Pop-up Tents

Not all event structures are equal. Here is why an aluminum-frame marquee is the better long-term choice than steel or cheap pop-up tents:

Weight & Handling	Aluminum frame — lighter, faster to transport and erect with fewer people
Corrosion	Aluminum — resists rust; ideal for humid and coastal Panama
Assembly	Keder roof and quick-lock joints — hours, not days
Service Life	Rental-grade aluminum — survives repeated setup and takedown
Customization	Any span, color, branded print and full accessory range
Resale / Rental Value	Strong — aluminum frames hold value across many seasons

What's Included in Every Order

Aluminum frame (6061/T6) with all connectors and hardware

Heavy-duty PVC roof cover (850 g/sqm, UV treated)

Side-wall options (PVC / glass / ABS / mesh, removable)

Illustrated assembly manual and install video

Spare parts kit and anchor set

Export packing and full shipping documents

Shipping & Installation to Panama

We ship to Panama regularly and understand the local import flow. Your goods can be delivered FOB to a Chinese port or CIF/DDP to a Panamanian destination (the country uses the US dollar), whichever suits your business best.

Main Panamanian Sea Ports	Balboa · Cristóbal · Colón (Zona Libre) · Manzanillo
Container Loading	Standard 20GP / 40GP / 40HQ; frame and covers packed separately to save space
Packing	Frame in bundle with protective wrap; PVC fabric in woven bag; hardware in carton
Lead Time	Stock items 7–15 days; production orders 20–35 days after deposit
Documents	Commercial invoice, packing list, B/L, certificate of origin, test reports
Installation Support	A modular assembly guide is included; Step-by-step manual and install video included; remote guidance available.

Frequently Asked Questions — Decision Support

How large can an exhibition marquee get?

It scales almost without limit by adding bays lengthwise and joining units widthwise, so you can create a single continuous exhibition hall for large trade shows.

Is it practical for back-to-back shows?

Yes. The quick-lock aluminum frame and keder roof are designed for fast, repeatable build-up and teardown.

Does modular packing reduce shipping cost?

Yes. Frames and covers pack compactly and separately, so you fit more structure into each container and lower the landed cost.

Can we brand the marquee for our event?

Absolutely — full-colour printing can be applied to roof and walls for event and sponsor identity.

Do you deliver to Panama?

Yes — we quote FOB, CIF or DDP and can arrange delivery to your city or venue across Panama.

What is the minimum order quantity?

Flexible — from a single module to a full expo fleet. Contact us for an exact quote.

Tell us your event type, preferred dimensions and quantity — our engineers reply within 24 hours with drawings, pricing and a shipping plan to Panama.
