

## Luxury Beach Wedding Aluminum Alloy Party Marquee Tent for Fiji Island Resorts

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO 9001:2015, CE, SGS, TUV
- Model Number: AL-PMT
- Minimum Order Quantity: 1 Set (flexible; fleet orders welcome)
- Price: USD 2,200 - 16,000 / Set (by size & decor)
- Packaging Details: Frame packed in protective bundle; PVC cover in woven bag; linings/hardware in labeled carton; export-grade sea-worthy packing
- Delivery Time: 7-15 days for stock items, 20-35 days for production orders
- Payment Terms: T/T, L/C, PayPal, Western Union, Trade Assurance
- Supply Ability: 500 Sets per Month

#### Product Specification

- Frame Material: Hard-pressed Extruded Aluminum Alloy 6061/T6
- Hardware: Stainless Steel / Marine-grade Connectors
- Interior: 100% Clear Span, No Interior Poles
- Roof Cover: 850gsm Double PVC-coated Polyester, UV Treated
- Lining Options: Roof Linings, Drapes, Valances, Curtains
- Side Walls: PVC / Glass / Clear Panels, Removable
- Span Range: Custom 3m To 40m
- Wind Resistance: Engineered Up To 100km/h With Proper Anchoring
- Fire Retardant: DIN 4102 B1 / M2 / NFPA 701
- Color Options: White, Ivory, Black, Custom Pantone
- Warranty: Written Structural Warranty
- OEM/ODM: Available
- Highlight: **Luxury Beach Wedding Marquee Tent ,**

## Product Description

ALUMINUM ALLOY MARQUEE TENT MANUFACTURER · FIJI MARKET

An elegant, salt-air-resistant aluminum marquee for Fiji's destination-wedding market — the perfect island setting from Denarau and the Mamanucas to the Yasawas.

### Salt-Air

MARINE-GRADE HARDWARE

### Elegant

CUSTOM LININGS

### 100%

COLUMN-FREE INTERIOR

### 6061/T6

CORROSION-RESISTANT FRAME

## Overview

Fiji is one of the world's leading destination-wedding and honeymoon markets, with couples flying in to marry on its beaches and island resorts. But salt air and coastal wind destroy ordinary tents. This **luxury beach wedding aluminum alloy party marquee tent** pairs an elegant silhouette with a corrosion-resistant **6061/T6 aluminum frame** and marine-grade hardware, so it stays beautiful and strong season after season.

Roof linings, drapery and lighting transform it into a refined reception space, while the column-free interior gives planners complete freedom of layout — and the modular frame travels easily to remote island venues.

## Why It Suits Fiji's Wedding Market

**Salt-air corrosion protection:** aluminum frame and marine-grade hardware for beach and island sites.

**Wind-stable:** cross-bracing and correct anchoring handle coastal sea breezes.

**Weather-ready:** waterproof roof and UV-treated fabric for tropical sun and showers.

**Elegant decor:** linings, drapery and chandeliers install easily for a luxury look.

**Island-friendly:** modular frame packs compactly for boat or barge access.

Couples and planners searching "*wedding marquee Fiji*" or "*beach wedding tent Fiji*" are exactly who this tent is made for.

## Product Advantages

**Coast-proof:** corrosion-resistant materials chosen for beachfront and island use.

**Elegant:** the graceful profile flatters every decor theme.

**Column-free interior:** clear space for seating, dancing and a stage.

**Custom linings:** create a luxury ballroom look under a tent.

**Rental-grade durability:** built for repeated coastal deployments.

**Portable:** modular packing suits remote island logistics.

### Technical Specifications

|                 |                                                   |
|-----------------|---------------------------------------------------|
| Frame Material  | Hard-pressed extruded aluminum alloy 6061/T6      |
| Hardware        | Stainless steel / marine-grade connectors         |
| Interior        | 100% clear span, no interior poles                |

| Color Options   | White, ivory, black, custom Pantone               |

### Destination Wedding Planning — Fiji Notes

Fiji's two seasons and island geography shape every wedding plan. Points to plan around:

- Dry season (roughly May–October) is peak wedding season — book fleets early
- Cyclone season (November–April) needs waterproof covers, side walls and a backup plan
- Beach and overwater venues call for marine-grade hardware and sand anchoring
- Linings, drapery and lighting turn a marquee into an elegant reception hall
- Modular packing keeps transport to remote island venues practical

We can help planners and rental companies build a themed package for each resort and venue type.

### Typical Applications in Fiji

- Destination wedding ceremonies and receptions
- Honeymoon and anniversary celebration events
- Resort and island hotel outdoor functions
- Quinceañeras and milestone celebrations
- Photo shoots and set locations

### Customization & Decor Support

- Custom span, height and length to fit the venue
- Luxury roof linings, drapery and valances
- Glass, clear-panel or PVC wall combinations
- Doors, windows and sea-view openings
- Flooring, staging and atmospheric lighting

## Why Trust Us — E-E-A-T at a Glance

Choosing a marquee supplier is a long-term decision. Here is exactly how we earn the trust of resorts, event companies, rental firms and project contractors across the Pacific and beyond.

### Experience — over 10 years, 1,000+ delivered projects

**More than 10 years** of dedicated aluminum marquee manufacturing, with a senior engineering team averaging 8+ years of tent structure design.

**1,000+ events and projects** supplied worldwide, including tents now operating in Fiji and across the Pacific.

Wedding planners and resort operators in Fiji rely on our marquees for premium destination celebrations.

### Expertise — engineered, not just assembled

In-house structural calculations for wind and snow loads; frame profiles stress-tested before release.

Custom CAD drawings and 3D renderings issued for every order so you can approve before production.

Engineers who understand event logistics, sea freight and island installation.

### Authoritativeness — certified and standard-compliant

Quality system certified to **ISO 9001:2015**; products tested to **CE, SGS and TUV** requirements.

Fabrics and components compliant with international fire-retardant standards (DIN 4102 B1 / M2 / NFPA 701).

A regular exhibitor at international sourcing fairs and a verified platform supplier.

### Trust — transparent from quotation to after-sales

Real factory, real people: video factory tour and live production photos available on request.

Third-party inspection and pre-shipment QC report issued for every batch.

Written warranty, readily available spare parts and English-speaking after-sales support.

## Aluminum vs Steel vs Pop-up Tents

Not all event structures are equal. Here is why an aluminum-frame marquee is the better long-term choice than steel or cheap pop-up tents:

|                              |                                                                           |
|------------------------------|---------------------------------------------------------------------------|
| <b>Weight &amp; Handling</b> | Aluminum frame — lighter, faster to transport and erect with fewer people |
| <b>Corrosion</b>             | Aluminum — resists rust; ideal for Fiji's salty coastal air               |
| <b>Assembly</b>              | Keder roof and quick-lock joints — hours, not days                        |
| <b>Service Life</b>          | Rental-grade aluminum — survives repeated setup and takedown              |
| <b>Customization</b>         | Any span, color, branded print and full accessory range                   |
| <b>Resale / Rental Value</b> | Strong — aluminum frames hold value across many seasons                   |

## What's Included in Every Order

Aluminum frame (6061/T6) with all connectors and hardware

Heavy-duty PVC roof cover (850 g/sqm, UV treated)

Side-wall options (PVC / glass / ABS / mesh, removable)

Illustrated assembly manual and install video

Spare parts kit and anchor set  
Export packing and full shipping documents

## Shipping & Installation to Fiji

We ship to Fiji regularly and understand the local import flow. Your goods can be delivered FOB to a Chinese port or CIF/DDP to a Fijian destination, whichever suits your business best.

|                              |                                                                                                                         |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Main Fijian Sea Ports</b> | Suva · Lautoka · (Nadi International Airport for air freight)                                                           |
| <b>Container Loading</b>     | Standard 20GP / 40GP / 40HQ; frame and covers packed separately to save space                                           |
| <b>Packing</b>               | Frame in bundle with protective wrap; PVC fabric in woven bag; hardware in carton                                       |
| <b>Lead Time</b>             | Stock items 7–15 days; production orders 20–35 days after deposit                                                       |
| <b>Documents</b>             | Commercial invoice, packing list, B/L, certificate of origin, test reports                                              |
| <b>Installation Support</b>  | A decor-friendly assembly guide is included; Step-by-step manual and install video included; remote guidance available. |

## Frequently Asked Questions — Decision Support

### Will the frame corrode in Fiji's salty air?

No. The frame is aluminum 6061/T6 with marine-grade connectors, chosen specifically to resist coastal and island corrosion.

### Can it be transported to an island resort?

Yes. The modular frame packs compactly and can be moved by boat or barge, then assembled on site with basic tools.

### Can the tent look like a luxury reception?

Yes. With roof linings, drapery, valances and lighting, it transforms into an elegant ballroom-style space.

### Is it stable in coastal wind?

Yes. Cross-bracing and correctly specified anchoring keep it stable in coastal breezes, engineered up to 100 km/h with proper anchoring.

### Do you deliver to Fiji?

Yes — we quote FOB, CIF or DDP and can arrange delivery to your city or venue across Fiji.

### What is the minimum order quantity?

Flexible — from a single unit upward. Contact us for a tailored quotation.

Tell us your event type, preferred dimensions and quantity — our engineers reply within 24 hours with drawings, pricing and a shipping plan to Fiji.
