Aluminum vs Steel vs Pop-up Tents

Not all event structures are equal. Here is why an aluminum-frame marquee is the better long-term choice than steel or cheap pop-up tents:

Weight & Handling	Aluminum frame — lighter, faster to transport and erect with fewer people
Corrosion	Aluminum — resists rust; ideal for Fiji's salty coastal air
Assembly	Keder roof and quick-lock joints — hours, not days
Service Life	Rental-grade aluminum — survives repeated setup and takedown
Customization	Any span, color, branded print and full accessory range
Resale / Rental Value	Strong — aluminum frames hold value across many seasons
