

Marine Grade Aluminum Alloy Party Marquee Tent for Seychelles Private Island Resorts

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO 9001:2015, CE, SGS, TUV
- Model Number: AL-PMT
- Minimum Order Quantity: 1 Set (flexible; fleet orders welcome)
- Price: USD 2,000 - 15,000 / Set (by size & configuration)
- Packaging Details: Frame packed in protective bundle; PVC cover in woven bag; hardware in labeled carton; export-grade sea-worthy packing
- Delivery Time: 7-15 days for stock items, 20-35 days for production orders
- Payment Terms: T/T, L/C, PayPal, Western Union, Trade Assurance
- Supply Ability: 500 Sets per Month

Product Specification

- Frame Material: Hard-pressed Extruded Aluminum Alloy 6061/T6, Corrosion Resistant
- Hardware: Stainless Steel / Marine-grade Connectors
- Roof Cover: 850gsm Double PVC-coated Polyester, Anti-mildew, UV Treated
- Waterproofing: High-frequency Welded Seams, 100% Waterproof
- Side Walls: PVC / Mesh / Glass / ABS, Removable
- Span Range: Custom 3m To 40m
- Wind Resistance: Engineered Up To 100km/h With Proper Anchoring
- Fire Retardant: DIN 4102 B1 / M2 / NFPA 701
- Maintenance: Replaceable Covers And Spare Parts
- Color Options: White, Grey, Black, Custom Pantone
- Warranty: Written Structural Warranty
- OEM/ODM: Available

Product Description

ALUMINUM ALLOY MARQUEE TENT MANUFACTURER · SEYCHELLES MARKET

A salt-proof, marine-grade aluminum marquee engineered for Seychelles's island resorts — built to survive salt air, humidity and tropical downpours, even on remote islands.

Marine-Grade

MARINE-GRADE HARDWARE

Anti-Mildew

CORROSION RESISTANT

100%

WATERPROOF WELDED ROOF

Island-Ready

COMPACT MODULAR PACKING

Overview

Seychelles's luxury resorts spread across Mahé, Praslin, La Digue and private islands where salt air, constant humidity and tropical rain attack structures relentlessly. On remote islands, a failed structure is hard to replace. This **marine-grade aluminum alloy party marquee tent** is engineered for those conditions: a corrosion-resistant **6061/T6 aluminum frame** with marine-grade hardware, anti-mildew PVC fabric with welded waterproof seams, and a compact modular design that travels easily by boat.

For resorts and rental companies on the inner and outer islands, it means dependable cover that keeps looking new, year after year.

Engineered for Seychelles's Island Environment

Marine-grade build: aluminum frame and stainless/marine-grade connectors resist salt corrosion.

Anti-mildew fabric: formulated to resist tropical humidity and microbial growth.

Tropical-rain ready: welded waterproof seams and high roof pitch shed heavy downpours.

Island logistics: compact modular packing simplifies boat/barge transfer to remote resorts.

Low maintenance: wipe-clean surfaces and replaceable components extend the frame's life.

For searches such as *"marine grade marquee Seychelles"* or *"island resort event tent Seychelles"*, this is the durable answer.

Product Advantages

Salt-proof: marine-grade materials chosen for island and coastal resorts.

Built to last: corrosion-resistant frame and replaceable covers.

Mould-resistant: anti-mildew fabric for constant humidity.

Column-free interior: full usable floor for any layout.

Island-friendly: compact packing and lightweight frame for boat transfer.

Full accessories: linings, flooring, lighting, doors and branding.

Technical Specifications

Frame Material	Hard-pressed extruded aluminum alloy 6061/T6, corrosion resistant
Hardware	Stainless steel / marine-grade connectors
Roof Cover	850 g/sqm double PVC-coated polyester, anti-mildew, UV treated
Waterproofing	High-frequency welded seams, 100% waterproof
Side Walls	PVC / mesh / glass / ABS, removable
Span Range	Custom from 3 m to 40 m
Wind Resistance	Engineered up to 100 km/h with proper anchoring
Fire Retardant	DIN 4102 B1 / M2 / NFPA 701 compliant
Maintenance	Replaceable covers and spare parts
Color Options	White, grey, black, custom Pantone

Private Island & Outer Island Logistics

Island and private-island venues need a marquee that is both durable and practical to place. Here is how this product helps:

- Marine-grade hardware and corrosion-resistant frame for salt exposure
- Compact, modular packing sized for boat and barge transfer
- Anchoring options for sand, deck, rock and lawn surfaces
- Lightweight aluminum frame reduces the crew and equipment needed on site
- Quick assembly with basic tools — no heavy machinery required
- Replaceable covers and parts to extend service life in a harsh climate

We can advise on a maintenance and logistics plan tailored to your island resort.

Typical Applications in Seychelles

- Island and private-island resort events
- Beach-side dining and hospitality areas
- Resort weddings and celebration events
- Diving, sailing and eco-tourism staging
- Temporary shelter in exposed coastal regions

Customization & Branding

- Custom span, height and length
- Printed resort branding and graphics
- Mesh, glass or PVC wall combinations

Roof linings and airflow options

Doors, windows, gutters and drainage

Flooring, lighting and staging packages

Why Trust Us — E-E-A-T at a Glance

Choosing a marquee supplier is a long-term decision. Here is exactly how we earn the trust of resorts, hotels, event companies and rental firms across the Indian Ocean and beyond.

Experience — over 10 years, 1,000+ delivered projects

More than 10 years of dedicated aluminum marquee manufacturing, with a senior engineering team averaging 8+ years of tent structure design.

1,000+ events and projects supplied worldwide, including tents now operating in Seychelles and across the Indian Ocean region.

Island and private-island resorts in Seychelles rely on our marine-grade marquees for durable, long-life cover.

Expertise — engineered, not just assembled

In-house structural calculations for wind and rain loads; frame profiles stress-tested before release.

Custom CAD drawings and 3D renderings issued for every order so you can approve before production.

Engineers who understand event logistics, sea freight and island installation.

Authoritativeness — certified and standard-compliant

Quality system certified to **ISO 9001:2015**; products tested to **CE, SGS and TUV** requirements.

Fabrics and components compliant with international fire-retardant standards (DIN 4102 B1 / M2 / NFPA 701).

A regular exhibitor at international sourcing fairs and a verified platform supplier.

Trust — transparent from quotation to after-sales

Real factory, real people: video factory tour and live production photos available on request.

Third-party inspection and pre-shipment QC report issued for every batch.

Written warranty, readily available spare parts and English/French-speaking after-sales support.

Aluminum vs Steel vs Pop-up Tents

Not all event structures are equal. Here is why an aluminum-frame marquee is the better long-term choice than steel or cheap pop-up tents:

Weight & Handling	Aluminum frame — lighter, faster to transport and erect with fewer people
Corrosion	Aluminum — resists rust; ideal for Seychelles's salty coastal air
Assembly	Keder roof and quick-lock joints — hours, not days
Service Life	Rental-grade aluminum — survives repeated setup and takedown
Customization	Any span, color, branded print and full accessory range
Resale / Rental Value	Strong — aluminum frames hold value across many seasons

What's Included in Every Order

Aluminum frame (6061/T6) with all connectors and hardware

Heavy-duty PVC roof cover (850 g/sqm, UV treated)

Side-wall options (PVC / glass / ABS / mesh, removable)

Illustrated assembly manual and install video

Spare parts kit and anchor set

Export packing and full shipping documents

Shipping & Installation to Seychelles

We ship to Seychelles regularly and understand the local import flow. Your goods can be delivered FOB to a Chinese port or CIF/DDP to a Seychellois destination, whichever suits your business best.

Main Sea Port	Port Victoria (Mahé) · Seychelles International Airport for air freight
Outer Islands	Inter-island boat / barge transfer can be arranged for Praslin, La Digue and private islands
Container Loading	Standard 20GP / 40GP / 40HQ; frame and covers packed separately to save space
Packing	Frame in bundle with protective wrap; PVC fabric in woven bag; hardware in carton
Lead Time	Stock items 7–15 days; production orders 20–35 days after deposit
Documents	Commercial invoice, packing list, B/L, certificate of origin, test reports
Installation Support	A marine-grade maintenance guide is included; Step-by-step manual and install video included; remote guidance available.

Frequently Asked Questions — Decision Support

Will the marquee corrode in Seychelles's salty air?

No. The frame is aluminum 6061/T6 with marine-grade hardware, chosen specifically to resist coastal and island corrosion.

Does the fabric resist mould?

Yes. The anti-mildew PVC fabric and welded waterproof roof are designed for humid tropical conditions.

Can it be transported to a remote island?

Yes. The compact, modular packing is sized for boat and barge transfer, and the lightweight frame keeps on-site logistics simple.

Can it be installed on sand and deck?

Yes — we offer anchoring options for sand, deck, rock and lawn surfaces to suit island venues.

Do you deliver to Seychelles?

Yes — we quote FOB, CIF or DDP and can arrange delivery to Mahé or onward boat transfer to the islands.

What is the minimum order quantity?

Flexible — from a single unit upward. Contact us for a tailored quotation.

Tell us your event type, preferred dimensions and quantity — our engineers reply within 24 hours with drawings, pricing and a shipping plan to Seychelles.
