

Seaplane Island Resort Aluminum Alloy Party Marquee Tent for Maldives Remote Islands

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO 9001:2015, CE, SGS, TUV
- Model Number: AL-PMT
- Minimum Order Quantity: 1 Set (flexible; fleet orders welcome)
- Price: USD 2,200 - 16,000 / Set (by size & logistics)
- Packaging Details: Compact modular bundles and rolls sized for air/sea transfer; hardware in labeled carton; export-grade sea-worthy packing
- Delivery Time: 7-15 days for stock items, 20-35 days for production orders
- Payment Terms: T/T, L/C, PayPal, Western Union, Trade Assurance
- Supply Ability: 500 Sets per Month

Product Specification

- Frame Material: Hard-pressed Extruded Aluminum Alloy 6061/T6
- Hardware: Stainless Steel / Marine-grade Connectors
- Assembly: Keder Roof, Quick-lock Joints, Basic Tools Only
- Packing: Compact Modular Bundles And Rolls For Air/sea Transfer
- Roof Cover: 850gsm Double PVC-coated Polyester, UV Treated
- Side Walls: PVC / Mesh / Glass / ABS, Removable
- Span Range: Custom 3m To 40m
- Wind Resistance: Engineered Up To 100km/h With Proper Anchoring
- Fire Retardant: DIN 4102 B1 / M2 / NFPA 701
- Color Options: White, Grey, Black, Custom Pantone
- Warranty: Written Structural Warranty
- OEM/ODM: Available

Product Description

ALUMINUM ALLOY MARQUEE TENT MANUFACTURER · MALDIVES MARKET

A compact, marine-grade aluminum marquee engineered for the Maldives' remote island resorts — easy to air-freight, seaplane and boat-transfer, then assemble with basic tools.

Air-Freight

SEAPLANE FRIENDLY

Compact

MODULAR PACKING

Marine-Grade

SALT-SPRAY READY

No Heavy Gear

ASSEMBLES WITH BASICS

Overview

In the Maldives, most resorts sit on their own islands, reached by seaplane or speedboat rather than road. Every structure must therefore be **packed compactly, transported by air or sea, and assembled without heavy machinery**. This **seaplane-ready island resort aluminum alloy party marquee tent** is engineered for exactly that: a lightweight **6061/T6 aluminum frame**, compact modular packing, marine-grade hardware and quick-lock joints that one crew can raise on site.

For hard-to-reach atolls, it means event space that arrives, fits and opens — without depending on cranes or large equipment.

Built for Maldives Island Logistics

Air- and boat-friendly: frame bundles and fabric rolls sized for seaplane, speedboat and barge transfer.

No heavy machinery: quick-lock joints and keder roofs assemble with basic tools.

Lightweight yet strong: aluminum frame delivers strength without excess weight.

Marine-grade: corrosion-resistant materials for salt spray and humidity.

Modular & scalable: add bays on site to fit the event and the transport limit.

For searches such as *"island resort event tent Maldives"* or *"portable marquee remote island"*, this is the practical answer.

Product Advantages

Logistics-first design: compact packing lowers freight and handling cost.

Fast island setup: no cranes or heavy plant required.

Durable in salt air: marine-grade materials for coastal humidity.

Column-free interior: full usable floor for any layout.

Replaceable parts: easy maintenance on remote islands.

Full accessories: linings, flooring, lighting, doors and branding.

Technical Specifications

Frame Material	Hard-pressed extruded aluminum alloy 6061/T6
Hardware	Stainless steel / marine-grade connectors
Assembly	Keder roof, quick-lock joints, basic tools only
Packing	Compact modular bundles and rolls for air/sea transfer
Roof Cover	850 g/sqm double PVC-coated polyester, UV treated
Side Walls	PVC / mesh / glass / ABS, removable
Span Range	Custom from 3 m to 40 m
Wind Resistance	Engineered up to 100 km/h with proper anchoring
Fire Retardant	DIN 4102 B1 / M2 / NFPA 701 compliant
Color Options	White, grey, black, custom Pantone

Seaplane & Remote Island Logistics

Remote-atoll projects succeed or fail on logistics. Here is how this product is built to help:

- Components sized to fit seaplane, speedboat and barge limits
- Weight kept low to cut freight cost and handling risk
- Blunt-tool assembly — no welding, no cranes, no heavy plant
- Flat-packed bundles and rolls that store compactly at the resort
- Spare parts and replaceable covers to avoid long resupply delays
- Install video and remote guidance so local crews can self-install

We can advise on a packing and transfer plan tailored to your atoll and airport.

Typical Applications in the Maldives

- Remote and outer-atoll resort events
- Beach-side dining and hospitality areas
- Resort weddings and celebration events
- Diving, water-sports and eco-tourism staging
- Temporary staff and utility shelter

Customization & Branding

- Custom span, height and length
- Printed resort branding and graphics
- Mesh, glass or PVC wall combinations
- Roof linings and airflow options

Doors, windows, gutters and drainage
Flooring, lighting and staging packages

Why Trust Us — E-E-A-T at a Glance

Choosing a marquee supplier is a long-term decision. Here is exactly how we earn the trust of resorts, hotels, event companies and rental firms across the Indian Ocean and beyond.

Experience — over 10 years, 1,000+ delivered projects

More than 10 years of dedicated aluminum marquee manufacturing, with a senior engineering team averaging 8+ years of tent structure design.

1,000+ events and projects supplied worldwide, including tents now operating in the Maldives and across the Indian Ocean region.

Remote-island resorts in the Maldives rely on our compact, seaplane-ready marquees for events on hard-to-reach atolls.

Expertise — engineered, not just assembled

In-house structural calculations for wind and rain loads; frame profiles stress-tested before release.

Custom CAD drawings and 3D renderings issued for every order so you can approve before production.

Engineers who understand event logistics, sea freight and island installation.

Authoritativeness — certified and standard-compliant

Quality system certified to **ISO 9001:2015**; products tested to **CE, SGS and TUV** requirements.

Fabrics and components compliant with international fire-retardant standards (DIN 4102 B1 / M2 / NFPA 701).

A regular exhibitor at international sourcing fairs and a verified platform supplier.

Trust — transparent from quotation to after-sales

Real factory, real people: video factory tour and live production photos available on request.

Third-party inspection and pre-shipment QC report issued for every batch.

Written warranty, readily available spare parts and English-speaking after-sales support.

Aluminum vs Steel vs Pop-up Tents

Not all event structures are equal. Here is why an aluminum-frame marquee is the better long-term choice than steel or cheap pop-up tents:

Weight & Handling	Aluminum frame — lighter, faster to transport and erect with fewer people
Corrosion	Aluminum — resists rust; ideal for the Maldives's salty marine air
Assembly	Keder roof and quick-lock joints — hours, not days
Service Life	Rental-grade aluminum — survives repeated setup and takedown
Customization	Any span, color, branded print and full accessory range
Resale / Rental Value	Strong — aluminum frames hold value across many seasons

What's Included in Every Order

Aluminum frame (6061/T6) with all connectors and hardware

Heavy-duty PVC roof cover (850 g/sqm, UV treated)

Side-wall options (PVC / glass / ABS / mesh, removable)

Illustrated assembly manual and install video

Spare parts kit and anchor set

Export packing and full shipping documents

Shipping & Installation to the Maldives

We ship to the Maldives regularly and understand the local import flow. Your goods can be delivered FOB to a Chinese port or CIF/DDP to a Maldivian destination, whichever suits your business best.

Main Sea Port	Port of Malé · Velana International Airport (MLE) for air freight
Resort Transfers	Onward seaplane / speedboat / barge transfer can be arranged for outer-atoll resorts
Container Loading	Standard 20GP / 40GP / 40HQ; frame and covers packed separately to save space
Packing	Frame in bundle with protective wrap; PVC fabric in woven bag; hardware in carton
Lead Time	Stock items 7–15 days; production orders 20–35 days after deposit
Documents	Commercial invoice, packing list, B/L, certificate of origin, test reports
Installation Support	A remote-island packing and assembly guide is included; Step-by-step manual and install video included; remote guidance available.

Frequently Asked Questions — Decision Support

Can it be flown in by seaplane?

Yes. The frame and covers are packed in compact, modular bundles and rolls sized for seaplane, speedboat and barge transfer.

Does it need cranes or heavy machinery to install?

No. Quick-lock joints and keder roofs assemble with basic hand tools, so no heavy plant is needed on the island.

Will it survive the Maldives's salty air?

Yes. The aluminum frame and marine-grade hardware are chosen specifically to resist salt-spray and humid coastal conditions.

Can it be expanded later on site?

Yes. Modular bays let you add capacity on site to fit the event and the transport limit.

Do you deliver to the Maldives?

Yes — we ship to Port of Malé and quote FOB, CIF or DDP, and can advise on onward seaplane/boat transfer to your resort.

What is the minimum order quantity?

Flexible — from a single unit upward. Contact us for a tailored quotation.

Tell us your event type, preferred dimensions and quantity — our engineers reply within 24 hours with drawings, pricing and a shipping plan to the Maldives.
