

A-Frame Clear Span Wedding Party Marquee Tent Aluminum Frame Canopy With PVC Sidewalls

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO9001, SGS, COC, CE
- Model Number: TDS-AF10X30
- Minimum Order Quantity: 100 square meters
- Price: USD 36-48 / Square Meter
- Packaging Details: Aluminium in bubble wrapped bundles, PVC roof and walls in carry bags on pallets, steel joints and hardware in wooden cases
- Delivery Time: 25 days production after deposit and drawing approval. Sea freight time depends on your destination port. Installation time varies with the project and site access.
- Payment Terms: T/T 30% deposit, balance before shipment; L/C at sight
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Span Width: 10m
- Length: 30m (6 Bays Of 5m)
- Eave Height: 2.5m (3m Option)
- Ridge Height: 4.2m
- Floor Area: 300 Square Meters
- Area Per Guest: 1.2 To 2 Sqm, 150 To 250 Guests
- Main Frame: 122 X 68 X 3mm Aluminium 6061/T6
- Base Plate: 350 X 350mm Hot Dip Galvanised Steel
- Roof Fabric: 850gsm PVC, Flame Retardant DIN 4102 B1
- Sidewall: 650gsm PVC With Clear Window Band
- Wind Load: 0.3 KN/sqm
- Frame Life Span: 20+ Years
- Production Time: 25 Days
- Highlight: **Clear Span Wedding Marquee Tent**, **Aluminum Frame Event Canopy**, **PVC Sidewall Party Tent**

Product Description

10m x 30m A-frame marquee, 300 sqm clear span

The size we ship most often for weddings and company dinners. 300 sqm of floor, six bays of 5m, and no column anywhere inside the hall.

Details

10m is the smallest width where the roof carries without an internal pole. That one fact decides the whole floor plan: the client gets a clean 10 x 30m rectangle, and the stage can sit at either gable end without anyone working around a post.

At 1.2 to 2 sqm per guest, 300 sqm seats 150 people with a dance floor and a bar, or 250 at a standing reception. Fifteen round tables of ten, 1.5m across, fit with 1.6m service aisles down both long sides.

Length grows in 5m bays. A client who books 30m for 150 guests and comes back with 190 adds a bay, not a second tent.

Size range and roof options

Span: 10m for this model. Workshop range runs 10m to 40m.

Length: any multiple of 5m, in practice no upper limit.

Eave: 2.5m standard, 3m if there is a stage and truss.

Roof: white opaque, clear, or printed with the client's branding.

Roof shape at this width: A-frame. Curved and high peak start at 15m.

Main components

Frame. 122 x 68 x 3mm hard pressed extruded aluminium 6061/T6. Connectors and base plates are hot dip galvanised; the base plate is 350 x 350mm. Frame life 20+ years.

Covers. Roof 850gsm double PVC coated polyester, walls 650gsm. Flame retardant to DIN 4102 B1 and BS 7837, UV stabilised, usable from -30 C to +70 C. Roof and walls are heat welded, not stitched.

Fixings. Galvanised steel inserts at every beam to column joint. No cast aluminium corners - they crack around the screw holes after two or three seasons, and the roof line sags.

Specification

Item	Specification
Clear span / length	10m / 30m, extendable in 5m bays
Eave / ridge	2.5m / 4.2m, 3m eave on request
Frame	122 x 68 x 3mm aluminium 6061/T6, galvanised steel joints
Roof	850gsm double PVC coated polyester, DIN 4102 B1
Walls	650gsm PVC, solid or with 1.2m clear window band
Wind / snow load	0.3 kN/sqm / 0.3 kN/sqm
Frame life	20+ years

Anchoring

Grass: 40cm steel stakes. Asphalt or concrete: M12 expansion bolts, 80 supplied. Paving or roof deck: 350 x 350mm base plates with 60 to 80kg blocks per column. Tell us the surface before we pack - we have shipped all three kits on one pallet more than once.

Production and installation

25 days production after deposit and drawing approval. Shipping depends on your port. Four workers raise the frame in a day, one more day for roof and walls. *Installation is quoted separately: labour, air tickets, visa, food and accommodation are paid by the buyer. Send us the site address and we confirm crew size, days and cost.*

FAQ

Can we add length later? Yes. Order the extra bays with the first container. Cheaper than a second tent, and the gable ends are reused.

Is flooring included? No. Cassette plywood floor on adjustable feet is quoted separately at USD 22 to 28 per sqm, or hire a dance floor locally.

How many guests? 150 seated at round tables, 250 standing, 300 in theatre rows. Above that, move to the 12m span.
