

A-Frame Corporate Celebration Party Tent Clear Span Canopy Aluminum Frame Structure System

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO9001, SGS, COC, CE
- Model Number: TDP-AF10X20
- Minimum Order Quantity: 60 square meters
- Price: USD 40-52 / Square Meter
- Packaging Details: Frame bundle about 5.4m long per bay pair, roof and walls in numbered bags, hardware in wooden cases
- Delivery Time: 25 days production after deposit and drawing approval. Sea freight time depends on your destination port. Installation time varies with the project and site access.
- Payment Terms: T/T 30% deposit, balance before shipment; L/C at sight above USD 30,000
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Span Width: 10m
- Length: 20m (2 Bays Of 10m)
- Eave Height: 2.5m
- Ridge Height: 4.2m
- Floor Area: 200 Square Meters
- Area Per Guest: 2 Sqm Per Guest, 100 Guests
- Main Frame: 122 X 68 X 3mm Aluminium 6061/T6
- Base Plate: 350 X 350mm Hot Dip Galvanised Steel
- Roof Fabric: 850gsm PVC, DIN 4102 B1
- Sidewall: 650gsm PVC With Window Band Option
- Wind Load: 0.3 KN/sqm
- Frame Life Span: 20+ Years
- Production Time: 25 Days
- Highlight: **A-Frame Party Tent Aluminum Frame**, **Clear Span Canopy Structure System**,

Product Description

10m x 20m party tent, 200 sqm

The largest size in the party range before it becomes an event structure. 200 sqm, 100 guests, no internal column.

Details

10m across is enough for five round tables of ten with aisles, or a head table plus four rows. It is also the width most company parties need once staff bring partners - 200 sqm sounds generous until the dance floor and bar are marked out.

Area guide: at 10m span we quote 2 sqm per guest. 200 sqm seats 100 at tables with dance floor and bar.

The frame is 122 x 68 x 3mm, the same section we use on the 10m event range. That is deliberate: this tent shares legs, beams and purlins with the larger range, so a rental fleet can move parts between jobs.

Size range and options

Span: 10m. Range 3m to 10m for party; above that we quote the event series.
Length: 10m bays, so 10, 20, 30m.
Eave: 2.5m, or 3m for a stage.
Doors: zip gable door standard, 3m wing door option.
Extras: window walls, ground bar, cassette floor, roof lining, HVAC, lighting bar, drapery.

Main components

Frame. 122 x 68 x 3mm aluminium 6061/T6, galvanised steel inserts at every joint, 350 x 350mm base plates. 20+ years.

Covers. 850gsm roof and 650gsm walls, both to DIN 4102 B1. Roof and walls heat welded with reinforced stress points at the corners.

Bracing. Diagonal wind bracing in the end bays, which is what stops a 20m long tent from racking sideways when the wind hits the gable.

Specification

Item	Specification
Clear span / length	10m / 20m in 10m bays
Eave / ridge	2.5m / 4.2m
Frame	122 x 68 x 3mm aluminium 6061/T6
Roof / walls	850gsm / 650gsm PVC, DIN 4102 B1
Packed weight	About 520kg, 3.1 cubic metres
Wind load	0.3 kN/sqm, 1m anchor spacing
Frame life	20+ years

Running a 200 sqm event

Crew. Six people, eight hours with walls and floor. Two of those hours are the roof - 20m of fabric is a four person lift even in calm air.

Power. One 16A supply for lighting, a separate circuit for the caterers. Run cables through the ground bar channel, not across the dance floor.

Fire exits. For 100 guests under a public event, expect two exits of 1.2m minimum. The zip gable door plus one wall panel satisfies most inspectors; check before the guests arrive.

Production and installation

25 days production after deposit, plus freight to your port. Six people, one working day*Installation is quoted separately: labour, air tickets, visa, food and accommodation are paid by the buyer. Send us the site address and we confirm crew size, days and cost.*

FAQ

Can it hold 100 people? Yes at 2 sqm per guest. Beyond that, go to a 15m span.

One container? Roughly 3.1 cubic metres - a 20GP holds two complete 10 x 20 sets.

Can we add 10m later? Yes. Order an extra bay kit; the gable end moves to the new end.
