

Interchangeable Component Party Tent System Modular Canopy Aluminum Frame Range Kit

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: ISO9001, SGS, COC, CE
- Model Number: TDP-SYS-RANGE
- Minimum Order Quantity: 100 square meters
- Price: USD 38-52 / Square Meter
- Packaging Details: Bundles marked by span and function, colour coded end caps, spares box per 10 sets, fabric bags numbered to the frame bundle
- Delivery Time: 25 days production after deposit and drawing approval. Sea freight time depends on your destination port. Installation time varies with the project and site access.
- Payment Terms: T/T 30% deposit, balance before shipment; L/C at sight
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Span Range: 3m, 5m, 6m, 10m From One Component Family
- Length: 3m Or 5m Sections, Unlimited
- Eave Height: 2.3m To 2.5m Across The Range
- Frame Grades: 84 X 48 X 3mm (3m To 6m), 122 X 68 X 3mm (8m, 10m)
- Base Plate: 350 X 350mm Hot Dip Galvanised Steel
- Roof Fabric: 650gsm On 3m To 5m, 850gsm From 6m
- Shared Parts: Legs, Purlins, Connectors, Base Plates, Stakes
- Roof Shapes: A-frame, Curved, High Peak, Pyramid Pagoda
- Wind Load: 0.3 To 0.35 KN/sqm By Span
- Frame Life Span: 20+ Years
- Production Time: 25 Days
- Highlight: **Modular Party Tent System**, **Aluminum Frame Canopy Kit**

Product Description

One component family, 3m to 10m

Built for rental companies and venues that keep several sizes in stock. The legs, purlins, connectors and base plates are shared across the 3m, 5m, 6m and 10m spans.

Details

The idea is simple and it is the part most suppliers miss: a damaged leg on a 5m set should not mean ordering a leg from a different production line. Here it is the same leg that carries the 6m, and the same purlin that spans the 3m.

What it saves. A five size rental fleet typically carries 15 to 20 percent more spare parts than it needs across mixed ranges. On a single component family that drops to one spares box per ten sets.

What it costs. Nothing extra per set. The engineering work is amortised across the range, not charged to the buyer.

Area rule. For marquees under 10m span we quote 5 sqm per guest - a 3 x 6m takes 3 to 4, a 5 x 10m takes 10, a 6 x 12m takes 14. At 10m span the allowance is 2 sqm per guest, because the layout switches to banquet rows and a dance floor.

The range at a glance

Span	Frame	Roof fabric	Typical use
3m	84 x 48 x 3mm	650gsm	Garden, market stall
5m	84 x 48 x 3mm	650gsm	Backyard party, bar
6m	84 x 48 x 3mm	850gsm	Reception, anniversary
10m	122 x 68 x 3mm	850gsm	Corporate party, gala

Main components

Shared parts. Legs, purlins, galvanised connectors, 350 x 350mm base plates, stakes and guy kits. Only the roof beams and fabric change with span.

Roof shapes. A-frame, curved, high peak and pagoda all use the same leg and connector system, so a client can offer four looks without stocking four frame families.

Covers. 650gsm on the small spans, 850gsm from 6m. All flame retardant to DIN 4102 B1, all heat welded, and all cut to the same bay module so panels swap within a size.

Specification

Item	Specification
Span range	3m, 5m, 6m, 10m
Section module	3m or 5m, unlimited length
Eave height	2.3m to 2.5m
Frame	84 x 48 x 3mm (3m to 6m) / 122 x 68 x 3mm (8m, 10m)
Base plate	350 x 350mm hot dip galvanised
Fabric	650gsm or 850gsm PVC, DIN 4102 B1
Frame life	20+ years

How rental companies use it

Colour coding. Every bundle is end capped by span - blue for 3m, green for 5m, yellow for 6m, red for 10m. A driver can load a job without opening anything.

Spares. One box per ten sets covers legs, connectors and stakes. Fabric is the only item that needs span specific stock.

Service life. Frame 20+ years, fabric 6 to 8 years in hire use with annual cleaning. Re-tension after every long hire - it takes one person and a mallet.

Production and installation

25 days production after deposit, plus freight to your port. Installation time varies by span and by site - tell us which sizes you run and we confirm crew and days per size. *Installation is quoted separately: labour, air tickets, visa, food and accommodation are paid by the buyer. Send us the site address and we confirm crew size, days and cost.*

FAQ

Can we start with one size and add later?Yes, and the later sizes share parts with the first, which is the whole point.

Do you sell a starter fleet package? Yes, typically two of each size plus one spares box. Ask for a fleet quotation.

Can you print our logo on the bundles? Yes, on the fabric bags and the bundle end caps. Minimum order applies.
